THE AUSTRALIAN GOLD FEVER.

Western Australia.

The gold boom in West Australia is developing with wonderful rapidity. Alisn't the first to have trouble with bad ready in Western Australia, we are told, there are springing up townships, where desolation once reigned; railways are be-Hiland-"Yes; and then they are usually | ing laid as fast as the workmen can put them down; a wild and hitherto unpeopled "How did you come to break with Miss region is pulsating with civilization and a new life.

The recent discovery of an auriferous reef of untold value has given an impetus to the industry both in England and in the locality of the mines. Speaking of the discovery, Sir Malcolm Fraser, agentgeneral for Western Australia, reports officially as follows:

"It would seem to eclipse anything ever learn." Mrs. Bingo-" Well, I've had discovered in the world's history. 'Aladdin enough practice working the sewing and his Lamp' does not record greater riches than those officially vouched for. Judge-"You say your boy was kept in A hole 5 feet 4 inches wide and 3 feet deep the house nights and read books. What has yielded £10,000 first, and then enough gold is left to scale out two hundred weight. This reef outcrops a distance of half a Edith-" What makes you think that mile, and it is believed to be a deep one. Charley is in love with you?" Maude- If it is anything like this, the wealth "Why, ma talked to him over half an hour | which is resting there must be something

It is added, in comment by the London Everett Wrest-"Lady, if you would Financial News, that "if present indications are to be trusted it is a reasonable one of altogether exceptional wealth, while at the Murchison field, although it has been hardly scratched over, the mines that have been opened are averaging from their crushings from three ounces to four ounces to the ton. During the six months ended June 30, 1894, the gold production of Western Australia amounted to 82,764 ounces, and it is estimated by eminent authorities that the total for 1894 will be ways interrupted him by saying he'd left 200,000 ounces, or nearly double the output in 1893. The gold is there-of that
