

NEW ADVERTISEMENTS

The Liberal.

RICHMOND HILL, Thursday, Oct. 4, '94

Mr. J. D. Evans, reeve of Etobicoke, has declined the nomination offered him by the Patrons of West York, Mr. Evans, in declining the honor, says: "After having supported Mr. Wallace in all his previous contests, I think it would be dishonorable for me to oppose him without better reasons than I now have."

We surmise from Mr. Evans' letter that if he thinks it would be dishonorable to oppose the present member, he is, therefore, prepared to support him in the next election. Before he does so he should take his name off the list of Patron members.

Twice was the gallows built for Macwherrel, and twice was the hangman forced to leave Brampton gaol yard without letting fall his deadly trap. Probably not one out of every twenty believes the unfortunate man innocent, nevertheless, the commutation of the sentence by the Dominion Government to life imprisonment was satisfactorily received, as there was yet a doubt, which the doomed man was entitled to.

The total number of failures in Canada as reported for Bradstreet's shows an increase for the nine months just ended. There were 1,422, compared with 1,323 for the same time last year. In the United States there were 9,251, compared with 11,140 last year.

The third page of the Toronto *Daily Mail* is noted for "Want" advertisements. If you want a situation, a mechanic, a business, machinery, lodging, if you have lost or found anything, or if you want to find out where anyone is, advertise in the Toronto *Daily Mail*, and read the advertisements on the third page of that paper. The charge is two cents a word each insertion, or ten cents a word for six insertions. Address *The Mail*, Toronto, Canada.

Mechanics' Institute

The Directors of the Mechanics' Institute met in the Library Room on Tuesday evening, the 2nd of October.

Members present: Messrs. Clubine, Law, Savage, Pugsley, Sanderson, Storey, Robertson and McMahon.

Minutes of last meeting read and adopted.

The following accounts were read and on motion were ordered to be paid: T.F. McMahon, supplying magazines, printing, &c., \$15.25; R. E. Law, 6 months' salary as librarian to October 31st, \$12.

The treasurer reported that he had received a cheque from the Education Department for \$176.50, being the Government Grant for the past year.

On motion of W. T. Storey, seconded by W. H. Pugsley, the Library Committee were authorized to expend for new books the sum of \$150.

The Library Committee were also instructed to consider the advisability of having new catalogues printed, ascertain the probable cost, and report at the next meeting.

It was also suggested that a notice be inserted in THE LIBERAL, requesting members to send to the secretary or the librarian the names of any books they would wish to have added to the library.

A resolution was passed to ask the following ladies to canvas the village and vicinity for the sale of membership tickets:

North of Centre St., Misses Storey and Moodie.

South of Centre St., Misses Trench and McConaghy.

Elgin Mills and vicinity, Miss Amy Newbery.

The meeting adjourned.

The Delineator.

The Delineator for November, which is called the Thanksgiving Number is the first of the three great winter issues, and presents a table of contents that is most varied and interesting. The fashions for the month appear even more attractive than usual, and with such becoming styles womanhood should appear at her best during the winter at hand. A timely illustrated paper on Evening and Dinner Dresses supplements the regular articles, and appropriate contributions for the season are the Thanksgiving Dinner, a Thanksgiving in New England, Table Decorations, and How to Serve Apples and Pears. The initial paper of two new series appears in this number; one treats of the house, its location, etc.; the other of the relations between mother and son. One of the most interesting papers of the month is a real conversation between Edith Thomas and Dr. Elliott on the subject of Women and War, which is followed by a charming little poem on the subject in Miss Alice Thomas' best vein. The third article on the Kindergarten takes both teacher and student through attractive work, and there is fascinating employment provided in Venetian Iron work and the uses of Crepe and Tissue Papers.

A. O. U. W.

In accordance with a previous announcement, a public meeting was held in the Masonic Hall on Friday evening in connection with the Workman Lodge. The attendance was not large, but those who were present paid the strictest attention to the information imparted by the speakers. After a few remarks by the chairman, Bro. T. F. McMahon, Bro. Crosby, D.D.G.M.W. for York District, was called upon, and gave some telling figures in connection with the society. In referring to the strength of the society he said there were 27,000 members in Ontario, and a membership in Canada and the United States of 340,000. Bro. J. Milne, P.G.M.W., was then introduced, and for three quarters of an hour explained the conditions and advantages of the order in a very satisfactory manner. He described the origin of the order 26 years ago, and eloquently referred to the extent of its benevolent influence over this continent. He referred to the grand work of other institutions working along similar lines, but contended that this is the oldest, strongest and most substantial. He showed that the A. O. U. W. gives insurance at actual cost, and allows its members to do their own banking, or carry the surplus in their pockets. The complaint against a uniform assessment of \$1 irrespective of age was met by strong arguments. We regret that want of space prevents a fuller account of Bro. Milne's excellent address. Bro. David James, who was present with a large number from Thornhill, afterwards gave a neat speech, referring to the faith he had in the society. At the close of the public meeting the members repaired to the Lodge Room, where four candidates were initiated. After a cup of coffee together the brethren separated.
