

ROUND THE WHOLE WORLD

WHAT IS GOING ON IN THE FOUR CORNERS OF THE GLOBE.

Old and New World Events of Interest Chronicled Briefly—Interesting Happenings of Recent Date.

In Berlin sheet music is sold by weight. Miss Ellis, of London, is the only woman performer on the kettle drum.

The Swiss government made a profit of about \$1,000,000 last year on its monopoly in spirits.

An English surgeon recently hollowed out a new socket for an artificial eye, the old one not being large enough.

Albert George Sandeman, the new Governor of the Bank of England, was born in 1833. He is a wine merchant.

The peacock is found in a wild state in India, Ceylon, Madagascar and many other parts of Asia and Africa.

Thirty six British authors and nine widows and orphans of authors were assisted by the Royal literary fund last year.

Sir William Harcourt, the English Chancellor of the Exchequer, has gone back to the use of manuscript when delivering his speeches.

Success seems assured to the new Olympic games at Athens next year, \$40,000 having already been subscribed for their establishment.

M. Felix Faure is to visit Algeria after Parliament adjourns. He will be the only French ruler, save Napoleon III., who has never set foot in the province.

It is a strange fact that not one of the three officers in the Scots Greys forming the deputation to their Colonel-in-Chief, the Czar of Russia, is a Scotchman.

Among recent acquisitions of the British Museum are a number of unpublished tales by Charlotte Bronte, written by her under the pseudonym of "Lord Charles Albert Florian Wellesley."

Alphonse Daudet believes in the notebook as a help to authors. He always carries one of these little books with him wherever he goes, and jots down brief notes of his observations.

It will cost a million drachmas to put the Parthenon, the Temple of Theseus and the other monuments in Athens damaged by last year's earthquake in a safe condition. An appeal for help will be sent out to all countries.

An interesting Latin inscription has been discovered at Kourba, in Tunis. It gives an account of the defence of the town in 49 B. C. by Pompey's party against Julius Caesar, and contains a military term hitherto unknown, posticus, meaning a gate for a sortie.

Mme. Jeanne Dieulafoy, a French woman artist of distinction, has worn men's attire ever since she was married. She had been decorated with the ribbon of the Legion of Honour, but her usual garments have been the chief bar to her husband's admission to the French Academy, and she may discard them.

At the Russian town of Reni, at the junction of the Pruth and the Danube, a rich fine was made lately of gold coins of the time of Philip of Macedon, the father of Alexander the Great. They are in excellent preservation, and 512 of them have already been seized by the police and sent to St. Petersburg.

The Russian courts have reversed the assumption of the American tribunals that when a husband and wife are drowned in the same disaster the wife dies first. The Russian doctors have testified unanimously that the man would be the first to die, because the woman is more agile and keeps herself longer above the water.

Mont Blanc is threatened, like the Yung Trau, with an interior railroad. A Swiss engineer proposes to run a tunnel, 7,400 metres long into the monarch of mountains, starting at St. Gervais, and then to build a vertical shaft 2,800 metres high to the top. His estimate is that it can be done in ten years for 9,000,000 francs.

A physician in Switzerland undertook to count by means of a pedometer the number of steps taken by him in a year. He averaged daily 26,740 steps, or 9,760,000 for the entire year. He took 700,000 steps in walking up or down stairs. Figuring a step at two feet, the doctor walked nine and one half miles a day during the entire year.

Count Tolstoy's son Leon has just made his debut in literature, and presents a striking analogy to Alphonse Daudet's son Leon in pretentiousness, style, and somewhat morose manner of looking at the world. This is all the more curious, as no French novelist of any celebrity more closely resembles Count Tolstoy sr., than does Alphonse Daudet.

A woman weighing 183 pounds eloped from her husband at Essen in Germany lately. He found out the train she had taken and telegraphed only her exact weight to the officials at the other end of the line telling them to arrest her. When the train came in every woman on it was taken to the baggage room and weighed; the runaway was at once identified and sent back to her husband.

The Queen has granted letters patent to Lady Sibelle Mackenzie, elder daughter of the late Earl of Cromartie, to be Countess of Cromartie, in the same manner as was her grandmother, the late Anne, Duchess of Sutherland, who was Duchess of Sutherland before the episode of Mrs. Blaid, the present Dowager Duchess of Sutherland, whose life in Florida will be recalled by many persons.

Substitute for Paint.

The following is given as a fireproof and water-proof substitute for paint for use in boiler and engine rooms: Well sift six quarts of freshly slacked lime, add one quart of rock salt and one gallon of water; then well boil the mixture and skim clean. To five gallons of this mixture are added one pound of alum, half a pound coppers (stirred in slowly) three-quarters of a pound of potash, and four quarts of fine sand or hard-wood ashes, well sifted. To this may be added any coloring material desired. This substitute is stated to be especially applicable to brick work and similar surfaces, and to be as durable as slate.

There is no grievance that is a fit object of redress by mob law.—Lincoln.

INCONVERTIBLE EVIDENCE.

A Young Lady Raised From A Sick Bed.

Hope For Those Suffering From Nervous Prostration, Weakness and Low Spirits—How Relief Can be Found.

From the St. Mary's Argus.

The accumulation of evidence is what convinces. A man bringing a case before a jury without evidence to convince them of the justice of his plea has a poor chance, but when witness after witness is produced to back up his plea, then the jury easily find a verdict in his favor. This is the case with one of the greatest life-preservers known to the world at present. The evidence of hundreds and thousands of witnesses has been published testifying to its priceless value, and the jury—the public—are being convinced. St. Mary's has many witnesses who could bear golden testimonials. The Argus gave recently a remarkable case in the cure of Mr. Gideon Elliott. Again we present another. Miss Mary Scott, daughter of Mr. John Scott, had become completely prostrated; was pale, nervous, low-spirited and in such a condition as to alarm her parents and friends. She had not been able to leave her bed for over six weeks. Doctors' medicines were not helping her. Mrs. Scott had been reading of the wonderful cures effected by Dr. Williams' Pink Pills for Pale People and some acquaintances recommended them. She purchased three boxes and before the first box was finished an improvement was noticed and continuing the use of the pills Miss Scott was soon able to perform work about the house and is now enjoying better health than for years. Mrs. Scott also testified as to the great benefit she herself had derived from the use of three boxes of Pink Pills and declares that they would not be without them in the house.

An impoverished condition of the blood, or a disordered condition of the nerves are the fruitful sources of most ills that afflict mankind, and to any thus afflicted Dr. Williams' Pink Pills offer speedy and certain cure. No other remedy has ever met with such great and continued success, which is one of the strongest proofs that Dr. Williams' Pink Pills accomplish all that is claimed for them. They are an unfailing cure for locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, diseases depending upon vitiated blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, curing all forms of weakness. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark. They are never sold in bulk, and any dealer who offers substitutes in this form should be avoided. These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and may be had of all druggists or direct by mail at either address, at 50 cents or six boxes for \$2.50.

Strange Discovery.

Nature has a beautiful habit of adapting herself to difficulties and weakness, whenever that is possible. If she is choked and hindered in one direction she tries to become more vigorous in another.

An English author says that a man of middle age, with whom he is acquainted, found one of his eyes affected, as he thought, by reading small print at night, and applied to a famous oculist for advice. The doctor examined him very carefully, and presently inquired whether he had ever suffered any inconvenience from the other eye, the right one.

"None whatever," was the reply. "Still," said the oculist, dryly, "it is very important for you to preserve the sight of your left eye, inasmuch as you have never seen with the other since you were born!"

A VETERAN OF THE LATE WAR

Cured of Fluttering of the Heart and Smothering Spells by Dr. Agnew's Cure for the Heart—It Always Relieves in 30 Minutes, and thus saves Thousands of Lives.

Mr. W. H. Musselman, member of the G. A. R., Weissport, Pa., writes: "I have used two bottles of Dr. Agnew's Cure for the Heart and have been entirely cured of palpitation or fluttering of the heart and smothering spells. I took 10 bottles of sarsaparilla, but it failed in any way to relieve me. I do not think the value of the heart cure can be estimated. It has wrought such a change in my condition that I feel like a new man."

The most happy man is he who knows how to bring into relation the end and the beginning of his life.—Goethe.

A MAZAWATTEE ATLAS. The Mazawattee Tea Company has issued and copyrighted a neat little atlas, containing sixteen full-page colored maps, specially prepared and compiled from the latest authentic sources. The divisions and countries shown are as follows.—The world, England and Wales, Scotland, Ireland, Europe, Asia, India Africa, South Africa, North America, South America, United States, Canada, Australia, New Zealand and Ceylon, from which last island the Mazawattee tea comes. The publishers have received many very complimentary letters from teachers and others praising the little atlas.

The fault-finder—it is his nature's plague to spy into abuses; and oft his jealousy shapes faults that are not.—Shakespeare.

Don't Tobacco Spit or Smoke Your Life Away is the truthful, startling title of a book about No-To-Bac, the harmless, guaranteed tobacco habit cure that braces up nicotineized nerves, eliminates the nicotine poison, makes weak men gain strength, vigor and manhood. "Am I Married or Not?"

asked Mr. A., despondently, "I declare, my wife is so nervous and irritable that I don't stay in the house a moment longer than I can help. My home isn't what it used to be." "Mrs. A. is suffering from some functional derangement, I presume," said B. "Yes, she has been an invalid for years." "Exactly. Her experience is that of my wife, but she was cured by Dr. Pierce's Favorite Prescription. Get this remedy for Mrs. A., and the happiness of your home will soon be restored." Mr. B. was right. For prolapsus, painful periods, irregularities—in short, all "complaints" peculiar to the female sex—the "Favorite Prescription" is a sovereign specific.

DOUBLED UP WITH RHEUMATISM.

A Norwood Citizen Praises South American Rheumatic Cure.

William Pegg, Norwood, Ont.: "Last Christmas I could hardly walk, was nearly doubled up with rheumatism. I procured three bottles of South American Rheumatic Cure from W. Rutherford, druggist, of Norwood, and found it the best and quickest acting medicine I ever saw. The first dose gave relief, and the three bottles completely cured me. I have had neither ache nor pain from rheumatism since."

No accidents are so unlucky but that the wise may draw advantage from them; nor are there any so lucky but that the foolish may turn them to their own prejudice.—Rocheffoucauld.

Get Rid of Neuralgia.

There is no use in fooling with neuralgia. It is a disease that gives way only to the most powerful remedies. No remedy yet discovered has given the grand results that invariably attends the employment of Polson's Nervine. Nervine is a positive specific for all nerve pains, and ought to be kept on hand in every family. Sold every where, 25 cents a bottle.

2 1/2 CTS PER GAL. AERMOTOR CO. CHICAGO.

Did you ever stop to think how completely the Aermotor Co. made the modern windmill business? How it has monopolized this entire line of manufacture because of its ideas, inventions, designs, qualities and prices, or forced others to be literal and servile imitators? Witness the steel wheel, the back geared pump, the high geared power mill, the steel towers, fixed and tilting, the galvanizing of work after completion, the granular centrifugal feed, the improved irrigating and other pumps, the all steel pole saw—one of the most popular things ever put out—the steel storage and stock tanks. Everything we have touched we have bettered and cheapened. It is the thing we have delighted in and it has paid. We have established a score of branch houses, so as to have all these goods near those who want them. The Aermotor Co. has but one more ambition. It wants to build and fill one more new building. It has 2 acres of land at its present location unoccupied by buildings. It expects to commence in June to cover that 2 acres with a single building, 2 stories high. This will give it 14 more acres of floor space. When the public demand requires more goods than can be produced with this added space, it will refuse to extend further, or make any effort. It will have done its share to supply that demand. It will then turn away all new corner. UNTIL THAT TIME IT EXPECTS TO CONTINUE TO SUPPLY THE WORLD WITH THE BEST PART OF ITS WIND MILLS, PUMPS, STEEL FRAME BUZZ SAW, STORAGE AND STOCK TANKS, STEEL WHEELS, ETC., ETC. GALVANIZED AFTER COMPLETION. IT WILL CONTINUE TO DEAL MOST LIBERALLY WITH THE PUBLIC, FURNISH REPAIRS AT A LOW PRICE, AND BE THE GREAT MODEL SHOW-PLACE OF THE WORLD. AERMOTOR CO., CHICAGO.
