The garden party held at the residence of Mr. John Brown, on Saturday evening last, in aid of St. Mary's church, was very well attended. The Richmond Hill Band provided excellent music both evenings.

Watch Your Eyes.

Hot weather headaches are mostly due to the eyes. The intense heat and "glare" of the sun weaken and injure the sight. A pair of suitable glasses will remedy all this. You can get just what you want at THE LIBERAL store, where you will be told what glasses are best suited for your eyes, and where they will be properly fitted and adjusted. Lazarus & Morris' spectacles are the best in the market, and may be had from common glasses, 25 cents, to best pebbie, \$2 a pair.

The August Number.

of the Delinquent contains a large variety of interesting matter suitable for the season. Ladies who have deferred completing their summer wardrobes will be particularly pleased with this number, for the styles were never more dainty and appropriate. A special article is devoted to dressing for stout ladies, and another to bathing and swimming, with illustrations of the latest fashions in bathing costumes. Mrs. Roger A. Pryor's article on the etiquette of letter writing bears the stamp of authority, and will be helpful to every one who reads it; and the paper on art needlework in the employment series will direct the attention of many women to this occupation as a means of livelihood. The Ontario Ladies' College, Whitby, Ont., is interestingly described by an ex-graduate, the popular Kindergarten series is continued by Mrs. Sara Miller Kirby, and Harriet Keith Forbes contributes an artistic paper in the series on burnt work.

Bold Burglars.

We copy the following from the Montreal Witness: "Mr. E. A. Bernard, who is connected with the A. H. Sims Company, received a telephone message this afternoon about 2 o'clock, from his neighbor, Mrs. Birks, that there were three men in his house at 132 Durocher street. As Mr. Bernard's family is away and his house closed, he knew there was something wrong, and taking a cab, drove to his residence where he found that three young men had nearly everything of value and easy portability, piled up preparatory to removal in an express wagon. Two of the thieves escaped, and the remaining one, Walter Marshall, who lives on Sherbrooke street, with foolish valor, tackled Mr. Bernard, injuring his leg somewhat and tearing his trousers. Marshall received the worst of the encounter, however, and had his face and head split open. He was taken to the hospital to get a few stitches put in. Marshall's accomplices are known, and Lieut. Murphy, of No. 5 station, is on their track this afternoon."
