

A SKEPTIC CONVINCED.

He Had No Faith in Any Advertised Medicine.

Attacked With a Bad Cold, His Trouble Went From Bad to Worse Until He Was Threatened With Locomotor Ataxia—Then Dr. Williams' Pink Pills Cured After Other Medicines Had Failed.

From the Yarmouth, N.S., Times. The remarkable cures effected by Dr. Williams' Pink Pills have long been a matter of newspaper notoriety, and many of them—well described as miracles—have been in our own province, but we believe so far none have been published from Yarmouth. A Times representative enquired in a quarter where such matters would likely be known, and learned that there were several remarkable cases of restoration to health directly traceable to Dr. Williams' Pink Pills, right in our midst. Curious to ascertain the facts in relation thereto, our representative called on Mr. Charles E. Trask, who had been known to have experienced a long illness, and now was apparently in excellent health, his cure being attributed to Pink Pills. Mr. Trask, who has been an accountant in Yarmouth for many years, was in his office on John street when the reporter waited on him.

FOUND MR. TRASK IN HIS OFFICE.

"Yes," he said, "there can be no possible doubt of the efficacy of Dr. Williams' Pink Pills in my case, and I will be pleased if the publication of the facts helps some other sufferer back to health. I caught cold, was careless and caught more cold. The first thing I knew I was seriously ill. I could not walk. All strength seemed to have left my legs and the weakness increased. From being obliged to remain in bed, but still supposed it was but a very bad cold. I became so helpless I could not move in bed without help. I had good attendance and the best of care and nursing, but as week succeeded week I seemed to grow worse instead of better, till I was worn to a mere shadow and began to care very little if I ever recovered. A hint that I was threatened with something called locomotor ataxia reminded a friend that my case seemed similar to some of those described in the Times, which had been cured by Dr. Williams' Pink Pills, and this first drew attention to them as a possible ail to me. I admit that I was skeptical—very skeptical—there are so many medicines being advertised just now, and I was never much of a believer in them. Well, Dr. Williams' Pink Pills were purchased and I took them, as I suppose I would have taken anything else, simply as the routine of a sick room. The first box seemed to show little effect, and by the time I had got through with the third box there could be no doubt my condition showed a marked improvement, and I was correspondingly encouraged. The Pills were continued and I became rapidly better, so that I was able to sit up and go about the house, and occasionally go out if the weather was fine. Day by day I grew stronger, and to make a long story short, I feel I am to-day in as good health as ever I was in my life, and I can hardly realize I am the same man who suffered for six months, a helpless, despondent being who never expected to be on his feet again. While I have no desire for publicity I am quite willing these facts should be made known for the benefit of others, and am ready at any time to bear hearty testimony to the genuine worth of Dr. Williams' Pink Pills. They restored me to health when I never expected to be about again."

Mr. Trask certainly looks the picture of health, and remembering the long period when he had been laid up, our representative left, fully convinced that Dr. Williams' Pink Pills have well deserved all that was said of them elsewhere. When such cases can be pointed to in our own midst there can no longer be any doubt of the reliability of the many statements of wonderful cures effected throughout the country.

BATTLE OF STONEY CREEK.

As Recorded Authentically By the Eighth King's Regiment.

Extracts from the regimental records of the Eighth King's Regiment, of Halifax, for 1812-13 contain a good account of the night attack at Stoney Creek.

The five companies of the regiment, under Major Ogilvie, which had retired from Fort George, had taken post on Burlington Heights, at the head of Lake Ontario, where about 1,600 men were assembled under Brigadier-General Vincent. Three thousand five hundred Americans, with a field train and 250 dragoons, advanced against the British detachment, and drove the picquets from Stoney Creek. The light companies of the Eighth and Forty-ninth Regiments, commanded by Lieut.-Col. Harvey, moved forward on the 5th of June to reconnoitre, and, having ascended the position of the enemy's camp, the five companies of the eighth, under Major Ogilvie, and the Forty-ninth Regiment, mustering together only 704 bayonets, advanced at eleven at night against the enemy's post at Stoney Creek, where nearly four thousand opponents were assembled. After traversing seven miles of difficult road with great secrecy, the enemy's camp was surprised. The British dashed among their opponents with undaunted bravery, routed the very superior number of the Americans with great slaughter, and made Brigadier-Generals Chandler and Winder, first and second in command, with upwards

of one hundred officers and men, prisoners; also captured three guns, one brass howitzer and three tumbrils.

Brigadier-General Vincent observed in his report of the brilliant enterprise: "Major Ogilvie led on in the most gallant manner the five companies of the King's regiment; and, whilst one half of that highly disciplined and distinguished corps supported the 49th, the other part moved to the right and attacked the enemy's left flank, which decided our midnight contest."

The Americans, though driven from the camp, hovered in crowds in the neighbouring woods, and, being four times more numerous than the British, the latter withdrew. The Americans, being reinforced, took post at Forty Mile Creek.

The loss of the Eighth at the surprise of the American camp at Stoney Creek was: Lieut. Hooper, two sergeants, and seven rank and file, killed; Major Ogilvie, Captains Munday and Goldrick, Lieuts. Weyland and Boyd, four sergeants, and fifty-one rank and file wounded; thirteen rank and file missing.

A little neglect or accident may bring about some one of the many "female" diseases and "weaknesses," to which the sex is subject, and health may be forever impaired, and hopes and happiness be at an end. Thanks to Dr. Pierce, his Favorite Prescription, prepared by him for women, cures the worst cases of uterine diseases, nervousness, neuralgia, irregularities, and "weaknesses." It is a great invigorating tonic and nerve, and rapidly builds up the health and strength.

SEVERE KIDNEY TROUBLE COMPLETELY CURED.

Two Bottles of South American Kidney Cure Did It.

The idea that disease of the kidneys cannot be cured is a mistake. True, many so-called kidney cures do not cure, but in that great discovery, South American Kidney Cure, there is found an unfailing remedy. This is what Mr. David Hogg, of Sunnymead, N. W. T., says: "I was greatly afflicted with severe kidney trouble, suffering the many annoyances and pain that follow this disease. There was hardly any remedy that I did not use, in hopes of securing relief, but it was not until I bought a bottle of South American Kidney Cure that relief came. The one bottle immediately relieved me, and two bottles produced a complete cure."

Michael Adams, M.P. for Northumberland, N.B., is Another Who Has Used Dr. Agnew's Catarrhal Powder and Been Cured.

It does not seem to matter where one looks for good results from that wonderful medicine, Dr. Agnew's Catarrhal Powder, they are to be found. Every one in his own province, and every member of the Commons knows Michael Adams, the popular member for Northumberland, N. B. When he says to the world, as he has done over his own signature, that Dr. Agnew's Catarrhal Powder is productive of most satisfactory results for cold in the head and other catarrhal troubles, they know it means much. The medicine is one possessed of peculiar virtues and never fails to effect a cure.

One short puff of the breath through the Blower supplied with each bottle of Dr. Agnew's Catarrhal Powder diffuses this powder over the surface of the nasal passages. Painless and delightful to use, it relieves in ten minutes, and permanently cures catarrh, hay fever, colds, headache, sore throat, tonsillitis and deafness, 60 cents.

There is nothing that a man can less afford to leave at home than his conscience or his good habits.—Packer.

"I Have Had

Rheumatism for years, and Nerviline is the only remedy that has done me any good." So writes Thomas McGlashan, North Pelham, and his testimony is supported by thousands of others who have experienced the wonderfully penetrating and pain subduing power of Nerviline—the great nerve pain cure.

A Marvellous Statement by a Prominent Canadian—A Rheumatic Remedy Which is Curing the World.

Mr. E. W. Sherman, proprietor of the Sherman House, Morrisburg, Ont., is known by thousands of Canadians, hence the following statement from Mr. Sherman will be read with great interest and pleasure: "I have been cured of rheumatism of ten years' standing in three days. One bottle of South American Rheumatic Cure performed this most remarkable cure. I had suffered from this disease, as I say, for ten years, and I did not ever expect to be entirely cured. The effects of the first dose of South American Rheumatic Cure were truly wonderful. I have only taken one bottle of the remedy, and now haven't an sign of rheumatism in my system. It did me more good than all the doctoring I ever did in my life."

SAVED HER LIFE.

What One Bottle of Dr. Agnew's Cure for the Heart Did for Mrs. J. L. Hillier, of Whitewood, N.W.T.

Only those who have so suffered know the distressing feelings that follow an affection of the heart. Let one who has been afflicted speak, and tell of the remedy which will cure. Says Mrs. J. L. Hillier, of Whitewood, N.W.T.: "For some time I was much afflicted with heart failure; in fact I could not sleep or lie down for fear of suffocation. I tried all the doctors in this section of country, but they failed to give me relief. A local druggist recommended a bottle of Dr. Agnew's Cure for the Heart; I tried it, and with the result that I immediately secured ease that I did not know before, and after taking further doses of the medicine, the trouble altogether left me. The fact is, knowing how serious was my condition, this remedy saved my life."

Every occasion will catch the senses of the vain man, and with that bridle and saddle you may ride him.—Sir P. Sidney.

A Question.

How can we raise more corn to the acre? Why, of course by using Putnam's Corn Extractor. Putnam's Painless Corn Extractor has given universal satisfaction, for it is sure, safe, and painless. Like every article of real merit it has a host of imitators, and we would specially warn the public to guard against those dangerous substitutes offered for the genuine Putnam's Extractor. N. C. Weak, Tired, Nervous

Women, who seem to be all worn out, will find in purified blood, made rich and healthy by Hood's Sarsaparilla, permanent relief and strength. The following is from a well known nurse:

"I have suffered for years with female complaints and kidney troubles and I have had a great deal of medical advice during that time, but have received little or no benefit. A friend advised me to take Hood's Sarsaparilla and I began to use it, together with Hood's Pills. I have realized more benefit from these medicines than from anything else I have ever taken. From my personal experience I believe Hood's Sarsaparilla to be a most complete blood purifier." Mrs. C. CROMPTON, 71 Cumberland St., Toronto, Ontario.

PRESS OPINIONS. Montreal Gazette: "Mr. Thomson has studied with equal success the French settlers on the banks of the Ottawa or its tributaries, the transplanted Highlanders, the veteran who has carried across the ocean all the traditions of European battlefields, the Nor'wester who has become the ancestor of half-breeds and is still a true son of auld Scotia, the voyageur and shanty man, the hunter and trapper, and even the stranger that is within our gates."

Saturday Night: "I wonder what one could say about this book that would induce the intelligent reading public of Canada to greet it with the whirlwind of approval that its merits deserve. . . . It is one of the few great books written by Canadians, and most of the stories are located in Canada."
