

THOUGHT OF THE DUTCHMAN.

The Mourne's Crew When They Saw the Abandoned Julie Sailing Along.

Two weeks ago in mid-ocean the crew of the British steamer Mourne, which has just arrived at Baltimore, were aroused by the sight of a bark whose appearance excited their suspicions. The suggestion that it was the famed Flying Dutchman spread quickly among them. Nobody could be seen upon the strange vessel when she was first sighted a few hundred miles off the coast of Ireland, yet the fore and maintopsails were both set, the main-yard was squared, and the vessel was moving at the rate of two knots an hour. This was just like the Flying Dutchman.

Leaving over the bulwarks the sailors discussed the strange visitor, while the officers on the bridge above pointed their glasses at her and tried to learn more of her. The suggestion that the vessel was the Flying Dutchman far out of its southern latitude increased their curiosity, and when the Mourne had drawn near enough Capt. Aiken sent Chief Officer Smiley and a boat's crew to investigate the mysterious craft. When Mr. Smiley boarded the bark the silence was awesome, and the only noise that broke the stillness was the creaking of the gear high above. In the cabin the officer found that the vessel was the Norwegian bark Julie of Larvig, and that she had been abandoned the same day Mr. Smiley boarded her. The ship's papers also showed that the Julie was bound from Minei Bridge, Wales, with sand ballast for West Bay, New Brunswick. The hold was nearly filled with water, but with this unusual load the Julie was sailing along serenely, without a human being to direct her movements and guide her into a safe haven. Mr. Smiley, after some study of her movements, came to the conclusion that she was simply drifting with the currents, with possibly some aid from the wind.

As she was directly in the path usually followed by ocean vessels, Mr. Smiley determined to burn her. His men spread oil around the cabin and set the bark on fire. After this had been done his boat returned to the Mourne, and the latter started once more for Baltimore.

As the deserted craft disappeared behind the horizon the flames had not made great headway, and she was still gliding along on the ocean waves with the same mysterious, lonesome air which first attracted the attention of the Mourne's crew.

REPAIRING WOMEN.

There are few things about the human frame that a Viennese surgeon does not know. If man had not been created as he has been, he would have been eventually made by a Viennese doctor. The faculty in the Austrian capital think nothing of doing him over, or, one should say, of doing her over. It seems that women in Vienna can go and be done up fresh, and especially retrimmed to look better than before. Several physicians make a specialty of woman-culture. One of them, a doctor, Robert Fischer, says that his day is not long enough for this practice. Continues this frank speaker: "Numbers of mothers put their daughters through a whole course of beautification when they are in the marriage market. That's the time when the most elaborate preparations of the human form are ordered and undertaken. I have a great deal more to do in the spring and fall than for the most fashionable balls of the year."

SWEETEST THINGS OF EARTH.

What are the sweetest things of earth? Lips that can praise a rival's worth; A fragrant rose that hides no thorn; Riches of gold untouched by scorn;

A happy little child asleep; Eyes that can smile though they may weep; A brother's cheer; a father's praise; The minstrelsy of summer days;

A heart where anger never burns; A gift that looks for no returns, Wrong's overthrow, pain's quick release; Dark footsteps guided into peace;

The light of love in lover's eyes; Age that is young as well as wise; A mother's kiss; a baby's mirth— These are the sweetest things on earth.

Women are acknowledged to be really braver than men. The anticipated peril of pain they shrink from in feminine timidity, but if they are plunged into the midst of a great danger you seldom find one that is not brave and helpful. The woman who has hysterics at sight of a mouse will be the last one to leave a sinking ship, or will, with dogged courage, defend her home against burglars, her child against the fury of a mad dog.

Always

Taking cold, is a common complaint. It is due to impure and deficient blood and it often leads to serious troubles. The remedy is found in pure, rich blood.

"I am not very strong and sometimes need a tonic to help me battle against sickness. I find that two or three bottles of Hood's Sarsaparilla is just what I need. I have taken it occasionally for several years and do not have any doctors' bills to pay." MISS JANIE HIGGINS, 55 Beaufain St., Charleston, S. C. Remember

Hood's Sarsaparilla

Is the One True Blood Purifier. \$1; 6 for \$5.

Hood's Pills easy to buy easy to take easy to operate. 25c.

MILK IS AN EMULSION of butter. You don't need to be told that milk is an easier food than butter. Scott's Emulsion is an easier food than cod-liver oil. It is half digested; almost ready to enter the blood and help make tissue, nerve and bone. It is rest for digestion; it stimulates, helps, restores digestion; and, at the same time, supplies the body with a kind of nourishment it can get in no other way.

CURED OF SCIATICA.

The Experience of a Bruce Co. Farmer.

Suffered So Severely That He Became Almost a Helpless Cripple—Is Again Able to Be About His Work as Well as Ever.

From the Walkerton Telescope.

During the past five years the Telescope has published many statements giving the particulars of cures from the use of Dr. Williams' Pink Pills. They were all so well authenticated as to leave no doubt as to their complete truthfulness, but had any doubt remained its last vestige would have been removed by a cure which has recently come under our personal observation. It is the case of Mr. John Allen, a prominent young farmer of the township of Greenock. Mr. Allen is so well known in Walkerton and the vicinity adjoining it, that a brief account of his really remarkable recovery from what seemed an incurable disease will be of interest to our readers. During the early part of the summer of 1895, while working in the bush, Mr. Allen was seized with what appeared to him to be rheumatic pains in the back and shoulders. At first he regarded it as but a passing attack, and thought that it would disappear in a day or two. On the contrary, however, he daily continued to grow worse, and it was not long before he

had to give up work altogether. From the back the pains shifted to his right leg and hip where they finally settled and so completely helpless did he become, that he was unable to do more than walk across the room and then only with the aid of crutches. Of course he consulted the doctors, but none of them seemed able to do him any good. People in speaking of his case, always spoke pityingly of it being generally thought that he had passed from the world of activity, and that he was doomed to live and die a cripple. We are free to confess that this was our own view of the matter, and our surprise, therefore, can be readily imagined when some few weeks ago, we saw this self-same John Allen driving through the town on the top of a large load of grain. Great however, as was our surprise at first, it became still greater when on arriving at the grist mill, he proceeded to jump nimbly from the load, and then with the greatest apparent ease began to unload the heavy bags of grain. Curious to know what it was that had brought this wonderful change, we took the first convenient opportunity to ask him. "Well," said he in reply, "I am as well a man as I ever was, and I attribute my cure to Dr. Williams' Pink Pills, and to nothing else." Mr. Allen then gave us in a very frank manner, the whole story of his sickness, and his cure, the chief points of which we have set forth above. After consulting two physicians and finding no relief, he settled down to the conviction that his case was a hopeless one. He lost confidence in medicines, and when it was suggested that he should give Pink Pills a trial, he at first absolutely refused. However, his friends persisted and finally he agreed to give them a trial. The effect was beyond his most sanguine expectations, as the Pink Pills have driven away every trace of his pains and he is able to go about his work as usual. As might be expected Mr. Allen is loud in his praise of Pink Pills, and was quite willing that the facts of his case should be given publicity, hoping that it might catch the eye of someone who was similarly afflicted.

Dr. Williams' Pink Pills act directly upon the blood and nerves, building them anew and thus driving disease from the system. There is no trouble due to either of these causes which Pink Pills will not cure, and in hundreds of cases they have restored patients to health after all other remedies had failed. Ask for Dr. Williams' Pink Pills and take nothing else. The genuine are always enclosed in boxes the wrapper around which bears the full trade mark "Dr. Williams' Pink Pills for Pale People." May be had from all dealers or sent post paid on receipt of 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

To be proud and inaccessible is to be timid and weak.—Massillon.

STATE OF OHIO, CITY OF TOLEDO, ss. LUCAS COUNTY. FRANK J. CHENEY makes oath that he is the senior partner of the firm of F. J. CHENEY & CO., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials, free.

F. J. CHENEY & CO Toledo, O. Sold by Druggists, 75c.

Dr. Agnew's Triumphs in Medicine.

Heart Disease Exiled—Over Fifty Members of the House of Commons Tell of the Virtues of Dr. Agnew's Catarrhal Powder.

The name of Dr. Agnew is one that deserves to rank with Jenner, Pasteur and Rontgen in the good done humanity. Dreaded as it is by everyone heart disease has no terrors where Dr. Agnew's Cure has become known. Mrs. Roadhouse, of Willscroft, Ont., has said—"Cold sweat would stand out in great beads upon my face so intense were the attacks of heart disease. I tried many remedies but my life seemed fated until Dr. Agnew's Cure for the Heart became known to me and to-day I know nothing of the terrors of this trouble." It relieves instantly, and saves many lives daily.

It has been said that everyone in Canada suffers, to some extent, from catarrh. Whether the trouble is in the air, or where, it is a satisfaction to know that in Dr. Agnew's Catarrhal Powder is the medicine that gives relief in ten minutes, and has cured some of the worst cases, where deafness and other troubles have followed the disease. Geo. E. Casey, Michael Adams, Donald W. Davis, A. Fairbairn, C. F. Ferguson, W. H. Bennett, and all told some fifty members of the House of Commons have borne testimony to the effectiveness of this remedy.

Ask your druggist for Agnew's remedies, and see that you get them and not worthless imitations.

There is no malice like the malice of the renegade.—Macaulay.

Ryckman's Kootenay Cure.

Positive Cure for Rheumatism and Paralysis.

TO WHOM IT MAY CONCERN.

PROVINCE OF ONTARIO, County of Wentworth, To Wit:

I, Ann Caffery, wife of Owen Caffery, of the City of Hamilton, in the County of Wentworth, Province of Ontario, do solemnly declare that I am forty one years of age and live at No. 227 Ferrie street east, in said city.

Three years ago I was afflicted with severe pain in my head. So great was this pain that I thought I would lose my reason. I also became very despondent, my general health was poor, and I was as tired when I awoke in the morning as when I went to bed. (About a year and a half ago my left side became paralyzed which caused it to be numb and cold. Everything was done to bring back warmth and circulation, but all was in vain until I began taking Mr. Ryckman's Kootenay Cure in April, 1895, of which I have now used two and one half bottles, and have recovered my health. My side is free from Paralysis, the numbness has left me, and I feel like a new woman, I cannot speak too highly of the medicine.

And I make this solemn declaration conscientiously believing it to be true, and knowing that it is of the same force and effect as if made under oath, and by virtue of the Canada Evidence Act.

Taken and acknowledged before me at the City of Hamilton, in the County of Wentworth, this 13th day of December, 1895. (Signed), Ann Caffery. (Signed), W. Fred Walker. A Commissioner for taking affidavits and Notary Public.

W.P.C. 817.

You Can't Do Without Soap!

Why Not Get the Best?

Sunlight SOAP

WEST SHORE THROUGH SLEEPING CAR TO NEW YORK.

One of the handsomest sleeping cars that had ever been turned out of the factory is now running from Toronto to New York without change via the popular West shore route. It is a buffet car, and refreshments can be obtained en route, if desired. This car leaves Union Station, Toronto, every day except Sunday, at 4.55 p. m., reaching New York next morning at 10.10 a. m. On Sundays the sleeper runs from Hamilton only, connecting with the through train from Toronto. Call at any Grand Trunk office in Toronto for information or space in sleeping car. Reservations can be made in advance if desired.

AN EYE TO BUSINESS.

An Australian paper contains an advertisement of an enterprising tradesman, who at the end of it announces: Ministers supplied with goods at cost price, if they agree to mention the fact to their congregations.

Recipe—For Making a Delicious Health Drink at Small Cost.

Adams' Root Beer Extract..... one bottle
Fleischman's Yeast..... half a cake
Sugar..... two pounds
Lukewarm Water..... two gallons
Dissolve the sugar and yeast in the water, add the extract, and bottle; place in a warm place for twenty-four hours until it ferments, then place on ice, when it will open sparkling and delicious.

The root beer can be obtained in all drug and grocery stores in 10 and 25 cent bottles to make two and five gallons.
