

WHAT THE FLOWERS SAY.

The calla lily is emblematic of feminine beauty. The arbutus viciae is indicative of unchanging friendship. The primrose is in England an emblem of inconstancy.

The China aster is set down as indicative of remembrance. The oat plant is in Italy regarded as emblematic of music.

The red carnation is regarded in Spain as an emblem of despair. The myrtle plant has always been regarded as an emblem of love.

The pink is considered in the south of France symbolic of pure affection. The lotus in India is emblematic of life; in ancient Egypt it was a death flower.

The purple columbine, in both England and Scotland, is symbolic of determination. In the south of France the handing of a sweet pea by a young woman to a young man is a polite way of stating that she is tired of his company.

SCENTS AND PERFUMES.

To be highly perfumed is most vulgar, no matter how dainty the perfume may be; but a faint, sweet scent or just a suspicion of perfume adds materially to the daintiness of a woman's attire. To a great many people strong perfume is most offensive, and too many people use it to conceal other odors, which possibly arise from uncleanness. It is a pretty idea to select one's favorite perfume and use only that, making it characteristic, so to speak. Sachets are dainty things to have, and one does not need other perfume. If made of good size and generously filled with the sachet powder and cotton, they may be laid among the clothes, and handkerchiefs in trunks and bureau drawers.

HOPE ENTHRONED.

LIFE PROLONGED AND ITS USEFULNESS GREATLY EXTENDED.

The Ruthless Hand Of Nature Permits Only The Survival of the Strongest But Medical Science Secures the Survival of the Weakest.

From the Cornwall Standard.

The science and art of medication holds a unique place in the esteem of the entire civilized world, because by a judicious application of progressive science relative to the art of healing innumerable triumphs are won in the struggle for health. The profession of medicine we may sagely say, is no sinecure its triumphs and successes are rehearsed daily by the million. Those who are in the vanguard of this movement are our greatest benefactors. Their discoveries are a boon to humanity; they have given relief to thousands who would have dragged out a miserable and more or less brief existence. Dr. Williams by means of his Pink Pills has earned and enjoys the gratitude of untold numbers who were on the verge of isolation or death, because their case defied the skill of the ordinary medical practitioner. The ruthless hand of nature permits only the survival of the strongest, but the tender ministrations of medical science, as exemplified in Dr. Williams' Pink Pills, secure the survival of the weakest, which is in harmony with the divine injunction. "We then that are strong ought to bear the infirmities of the weak and not please ourselves."

These famous pills have given strength to the apparently hopelessly weak and vitalized and invigorated fragile and debilitated constitutions, enthroned health and strength, thus increasing every value and enhancing every joy. In substantiation of the reputed merits of Dr. Williams' Pink Pills read the following testimonial of one of Gleggarr's responsible citizens, Samuel Neil, of the village of Lancaster, is one of the best known men of the county. "For three successive winters," says Mr. Neil, "I suffered from severe attacks of the grippe. Owing to the exhausting effect of these attacks I was unable to attend to my business half of the time. The last attack I had was in December, 1895. It was the most prolonged and the subsequent effect the most trying. All the winter of 1896 I was under medical care and being somewhat advanced in life I presented a very frail appearance. My weakness was so pronounced that I became a victim of weak turns, and even with the assistance of a cane I was liable to fall. Attempts to walk were risky, and often to be regretted. I was troubled with a dizziness in the head that rendered locomotion difficult and unpleasant. Besides this general weakness I had pains in my shoulders, something like articular rheumatism in its fluctuations and severity. After a five months treatment I was not any better, in fact the doctor gave me very little encouragement. He said I had palpitation of the heart and it must run its course. The truth is I felt so weak that my hope of recovery was about nil. About the first of May I determined to try Dr. Williams' Pink Pills. The result was the dizziness left me, day by day my pains vanished into imperceptibility, and I began to feel myself again. The improvement continued until I was able to follow my business with unexpected vigor. I am increasing in flesh and in the general signs of good health, and I unhesitatingly attribute my recovery to Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills create new blood, build up the nerves, and thus drive disease from the system. In hundreds of cases they have cured after all other medicines had failed, thus establishing the claim that they are a marvel among the triumphs of modern medical science. The genuine Pink Pills are sold only in boxes, bearing the full trade mark, "Dr. Williams' Pink Pills for Pale People." Protect yourself from imposition by refusing any pill that does not bear the registered trade mark around the box.

THE QUEEN'S PREACHER.

Etiquette is to be observed in preaching before the Queen. No personal reference to her Majesty is permissible, a pure Gospel discourse being the rule, delivered as though she was not present. Many have tried to evade those rules. The Queen likes and enjoys a plain, practical discourse, selected from the lessons or Gospel of the day, to occupy about 20 minutes in delivery. Questions of the day, and above all, politics must be entirely excluded.

DISEASE DOES NOT STAND STILL. Every one is either growing better or worse. How is it with you? You are suffering from KIDNEY, LIVER OR URINARY TROUBLES. Have tried doctors and medicine without avail, and have become disgusted. DON'T GIVE UP! Safe Cure WILL CURE YOU. Thousands now well, but once like you, say so. Give an honest medicine an honest chance. Accept no substitute. Write for free treatment blank to-day. Warner's Safe Cure Co., Rochester, N. Y.

Scott's Emulsion Of Cod-Liver Oil, with Hypophosphites is the best known preventive to serious lung trouble. It supplies just the kind of needed fat, prevents useless waste of tissue, makes rich blood, and fortifies the body against attack. You should take it at once if you feel weak, have no appetite, or are losing flesh. SAFE, SURE, PAINLESS. Just what you need if you are troubled by aching coughs. Putnam's Painless Corn Extractor acts in this way. It makes no sore spots, acts speedily, removing the worst corn in twenty-four hours. Putnam's Corn Extractor, the only sure corn cure. "Does your wife call you as many pet names as she did when you were first married?" "Er—not as many pet ones." INJURY AND NEGLIGENCE. He Failed in Health and Strength—His Kidneys Ached and He Took Dodd's Kidney Pills. Deseronto, Feb. 15, (Special)—Among business people here, and especially by his fellow workmen great interest has been taken in the case of Mr. James Stokes, who for the past fifteen years has been shipper for the Rathbun Company. Lately he had run down in health and strength—to the point of being compelled to quit work and his recovery now as the result of using Dodd's Kidney Pills, is the talk of the town. On seeing Mr. Stokes, he said:— "From over lifting and strain I suffered greatly from kidney trouble, being advised, after all else had failed, to use Dodd's Kidney Pills, from the first dose, I got relief, and hundreds of people here can vouch for my cure."
