

BETTER THAN GOLD.

IS THE RARE TREASURE OF PERFECT HEALTH.

A Nova Scotia Lady Says "I Consider Dr. Williams' Pink Pills a Priceless Boon to Suffering Humanity."

From the Amherst, N.S., Sentinel.

The rugged and the strong do not appreciate to its full extent the blessing of perfect health. It is only those who have passed through a trying illness who feel that health is a treasure to be prized more than silver or gold. Among those who have experienced the truth of this is Miss Sabra Recker, of West River, Hebert, N.S. This lady has passed through a trying and wearisome illness, through which happily relief was found through the medium of a medicine that has brought health and strength to thousands of others, and whose medicinal virtues will work equally good results in all cases where it is given a fair trial. Miss Recker says—"I feel it is my duty to recommend Dr. Williams' Pink Pills, as they have done wonders for me. About two years ago I became very ill with a complication of diseases. I was suffering with indigestion, biliousness and the resulting nervous disorders, such as sick headache, loss of appetite, and flashes of heat and cold. I began doctoring, and although I had the best of care I seemed to grow worse every day. I slept but little and when lying down would grow so hot and suffer from a sensation of smothering that I would find it necessary to arise. Then the other extreme would come and I would shiver with cold. Time wore on and there was no improvement in my condition. I was not able to do any work about the house and even the exertion of moving about would tire me out. If I attempted to walk any distance or hurried in the least I would gasp for breath and could scarcely speak. I had a very poor appetite, and what food I ate did not seem to agree with me or furnish needed nourishment, and I also suffered with a severe pain in my side and back. During this time I tried many remedies, but they gave me no relief whatever. I had become so weak, and my system was so run down that life was a burden to me. At this stage my attention was directed to Dr. Williams' Pink Pills and I determined to give them a trial. After using four boxes I felt so much better that hope and encouragement came to me once more. I continued the use of the Pink Pills and found myself steadily gaining health and strength. By the time I had used four boxes more I had fully regained health and strength and I am not only able to do my full share of household work, but also attend to my Sabbath school class and other church duties. I look upon Dr. Williams' Pink Pills as a priceless boon to suffering humanity."

Dr. Williams' Pink Pills are a specific for the troubles which make the lives of so many a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Sold by all dealers, or sent by mail postpaid, at 50c., a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Beware of imitations and substitutes alleged to be "just as good."

GIANTS, INDEED.

The Old Circus Man's Recollection of the Biggest Two Men He Ever Knew.

"Giants?" said the old circus man. "Oh, yes, we've had some big men in the show at one time and another. One of the biggest we ever had used to bomb his hair with a section of a picket fence. That was a part of the street show when we made the parade in a town. Usually we had an arrangement in advance with the owner of the fence, and had a panel loosened so that the giant wouldn't wreck too much of the fence in picking up the part he wanted to use. When the show came along to this spot the giant would step up to the fence, take off his hat and pick up the piece of fence—it always looked as if he had tremendous strength, too—and raise it up and comb his hair with it. And then he would put the big comb down again and put on his hat and move on. This always tickled the people immensely. And he certainly was a big man, sure; but we had a bigger man once. I wouldn't dare tell you how big this other man was, because you wouldn't believe it."

MILITARY MATTERS.

Germany has a nickel steel gun which throws a shell five miles every four seconds. Cordite, which has been considered by the British as the ideal explosive, does not seem to give as good results practically as during the recent artillery practice at Okehampton. Seven out of eighteen guns were disabled after the second round. The "meteor-flag of England" will float no more above her hosts on land as long as range and rapid firing guns mean certain death to every color bearer, and this example will doubtless be followed by other nations, but how much of the poetry and heroism of battle will be swept away, every soldier knows who has ever rallied on the colors, or followed the flag in some desperate charge or battle against overwhelming odds to saved from capture the bit of silk which meant patriotism, honor and everything nationalist and dearest to the soldier's heart.

FEWER BOLLER BOLESIONS.

During the decade ending with 1876 the average number of persons killed in Great Britain was 63, and, during the past 10 years 18, showing the benefits of strict governmental supervision.

REPORT FROM THE GOVERNMENT PHYSICIAN, PORT OF QUEBEC.

"I have used 'Pheno-Banum' or 'Quickcure' in a suppurating wound following a severe bite of a cat; after the usual remedies seemed ineffectual, this preparation cleaned up the wound and healed it after the second application; its effect was most satisfactory; it has also proved a valuable remedy for removing pain, and destroying the cocci that cause boils and carbuncles, healing in some cases more quickly than if the microbes had been cut out; as is now recognized to be proper treatment instead of poulticing, etc. This remedy has a grand future before it." Signed, J. H. Henchey, M.D., M.R.C.S., Eng.

Dr. Tyler Hull, of Dimondale, Mich., contracted food poisoning, and was so certain of a fatal result that he refused medical assistance. At his request, a large mirror was placed at the foot of his bed, so that he might witness his last struggles, and he died with his eyes steadily gazing in the glass.

The Rev. S. Riopel, M. D., County Jacques-Cartier, writes: "I have had considerable experience with Dr. Ivers' 'Quickcure' and have always found it surprisingly effective, answering fully, when directions were observed, the several claims of its author. It relieves pain in an incredibly short time."

For Rheumatism, Pain in the Back, Sides or Chest, spread "Quickcure" on linen, or cotton, as for Burns, and cover with cotton batting, or even paper, over which put a bandage to keep all in place and protect the clothing. Many physicians will not prescribe or allow use of ordinary plasters, as many of them contain Belladonna, and Aconite, and sometimes these drugs may be absorbed by the system and cause serious disturbances. Plasters made of "Quickcure" have been recommended, as being entirely free from anything which could possibly injure even a child, and no plaster removes pain so quickly.

Desiring to give his wife a frigate, to see how she would act in the presence of a burglar, John Sebolt, of New Brunswick, N.J., crawled on the roof of the porch, and looked into his wife's room. She thought he was a real burglar and blazed away at him with a pistol, lodging a bullet in his left arm.

Dr. S. J. Andres, Beaver-Hall, Montreal, writes: "On several occasions I have known 'Pheno-Banum' or 'Quickcure' to remove Pain in the Back within fifteen minutes. It is especially valuable where Belladonna or Aconite plasters would not be prescribed."

Important "Offer" For The Canadian People

EXTRACT OF THE "AMERICAN SYSTEM OF SURGERY."

"Boils are caused by Microbes (or germs) called Cocci, which penetrate the skin, usually along a hair follicle, and unless destroyed they cause Boils and Carbuncles, being favoured by constitutional disturbances, and certain atmospheric conditions. Carbuncles are like Boils—at first superficial, but are caused when the microbes penetrated deeper, or into denser tissue. All Boils appear at first as pimples, or pustules." "Quickcure" removes all boils or pimples.

While Miss Belle Hope and five friends were eating a picnic luncheon in the mountains near Bellefonte, Pa., a rattlesnake and a wildcat fought to the death near them, and forty-seven rattlesnakes attacked them. The men in the party killed the snakes.

W. J. Fraser, Esq., Manager and Agent for the Mutual Life Insurance Co. of New York, Quebec, writes: "My wife suffered intensely from ear-ache for ten days, causing complete deafness in affected ear. We tried several remedies without effect. 'Quickcure' was used and dropped into the ear, relieved the pain, and in one night hearing was restored. We have also found it splendid for toothache and bugs."

Mrs. Nancy Baker, a cripple, 75 years old, of Valley View, Ky., put her hand in a hen's nest, in which she had placed twelve small chickens, and found a five-foot snake, which had swallowed six of them. Her son killed the snake.

Mrs. Thom, wife of one of Quebec's best known Educators for fifty years, writes: "It is marvellous how 'Quickcure' subdues pain."

The Taylor Street Methodist Church of Portland, Or., has set aside a pew especially for the use of commercial travellers.

The Sisters of Charity, "Grey Nuns," Guy Street, Montreal, write: "Having made use of your 'Quickcure' in our establishment, we are happy to add our testimony also in its favor." Nothing equals "Quickcure" for a dressing for burns, scalds, cuts or wounds, even Toothache need no more be dreaded.

An outlaw, three moonshiners, and two other men were arrested at the Sunnelt camp meeting at Kingwood, W. Va.

A letter from Judge Angers, brother to the Ex-Lieut. Governor of the Province of Quebec, "Quickcure" saying: "It has always given my child relief from toothache; its effect is wonderful. I have also found it good for burns and cuts." Signed, G. Panet Angers.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. If your child is attacked by Croup, a plaster made with "Quickcure" spread with a warm knife blade on cotton flannel, linen or cotton, will give more prompt relief, from croup or any inflammation, than camphorated oil or mustard. In severe cases, doctors tell you to apply hot applications also, over the "Quickcure" plaster, covering the chest and neck well.

According to Atchison reports the people of that town fish for bats about the arc electric lights evenings, baiting the hooks with millers, and then waving them through the air.

One peculiar feature of the tea trade is the fact that "Salada" Ceylon tea shows the retailer a smaller profit than any other tea he sells, most other teas giving him as much as six cents a pound more profit. Yet, notwithstanding this fact, nine cases out of ten grocers prefer selling "Salada" to any other tea, experience having taught them that there is no tea that "Salada" so remunerates the grocer as does.

Fish poisoners have so polluted the streams near Valley View, Ky., that dead fish are washed ashore by the wagon-load. Some of them weigh seventy-five pounds—the fish, not the wagons.

A FOOT AS "BLACK AS YOUR HAT."

"One of my children sprained her ankle, which became much swollen and discolored. Some 'Quickcure' was spread on linen, and applied; the pain ceased at once, the swelling was gone the next day, and on the fourth day she walked to school as usual." Signed, Henry Ivers, L. D. S., Quebec.

Some one buried a spike studded plank in a cycle path near Milwaukee, with the spikes projecting above the surface. Two hundred bicyclists rode over it and were obliged to walk home.
