You can tell one of Atkinson & Switzer's customers. They all look happy.

JUNIOR LEAGUE.

There was a large number of boys and girls at the League last Friday. Rev. Mr. McCulloch gave a talk on "Our Vow." A number responded to the text, but the superintendent said there might have been more. A good attendance is expected next week, when Mrs. Grant will give a Temperance Talk.

TIDINGS OF GREAT JOY.

The Winnipeg Heater is the latest invention. It saves fuel, stops cold drafts, takes cold air from the floor, retains the heat, produces complete combustion, causes perfect circulation, keeps the feet warm and prevents the head from aching through excessive heat. Call and examine it at H. A. Nicholls, agent for this district.

GORMLEY.

The Tunkard Love Feast, or Communion meeting, was held at their church on Saturday and Sunday last. Large Congregations were present at all the services and unusual good order prevailed. There were not so many visiting ministers and members as sometimes; Rev. S. Doner of Stayner, was the only strange minister present. Altogether it was a pleasant and profitable series of meetings.

SOUR GRAPES WILL W UP.

Last Sunday evening two or three boys entered the garden of one of our citizens and helped themselves very freely to the grapes. As they were known, it was quite interesting to watch the effect. On Monday and Tuesday one of them was sick and could not go to work. The funniest thing about it is that all the ripe grapes were picked on Saturday. "Be sure your sins will find you out."

PRESBYTERIAN CHURCH.

On Friday evening, 22nd inst., Rev. Wm. Patterson, of Cook's church, Toronto, will give his admirable Lecture "Ireland and the Irish," in the Presbyterian church here, commencing at 8 o'clock. Admission 10 cents. This will be the first of a series of lectures which have been arranged by the pastor, Rev. Mr. Grant, to be delivered once a month by prominent lecturers from Toronto.

HEINTZMAN PIANOS.

Heintzman & Co. Piano is a high grade instrument. It makes its way into the homes of the best people in every part of the Dominion of Canada from Nova Scotia to Vancouver. It costs more than other Canadian Pianos but a good article is always the cheapest in the end. The people of Vaughan have endorsed these opinions as there are more Heintzman & Co. Pianos in the Township than of any other manufacture and they are all giving the best satisfaction. Heintzman & Co. will exhibit at Woodbridge Fair.

NO MONEY TO BURN.

Mr. Barwick of Toronto, says he saved a scuttle of coal each day by using a Winnipeg Heater; and Mr. Claxton, the music dealer, says the Heater afforded much better combustion, a saving in fuel, and since having it in use has not suffered from cold feet or headache. It is attachable to either wood or coal stoves or furnace. H. A. Nicholls is the agent for this territory.

THE TEACHERS COMING.

It is hoped that trustees and citizens generally will show their interest in the Educational Association, which meets in the Lecture Room of the Methodist church on Friday and Saturday of this week, by attending as many of the sessions as possible. Papers will be read on various subjects which will be interesting to all. On Friday evening a musical and literary entertainment will be given in the Masonic Hall, and an address on the "Training of children" by Wm. Scott, Esq., B. A., Vice-President of the Normal School, Toronto.

WELL DONE, DICK!

Among the attractions at Markham Fair was the exhibition of speed by Ed. Jackson's guideless horse, Dick French. This old favorite travelled a mile without a driver in 2.28, according to the judges' report, never making a mistake of any kind. John Palmer followed close with Kitty R., and came in a good second. When the bell rang at the end of the second round, Dick immediately turned round and leisurely walked back to the judges' stand as if anxious to hear the report of his success. This is a wonderful performance when it is considered that it was only at the last Toronto exhibition that old Dick made his debut as a guideless horse.

DOMINION ORGANS.

The only Organ outside the United States receiving both medals and Diplomas with the highest Awards at the World's Fair in Chicago in 1893 was the Dominion Organ. The only Canadian Organ that was worthy of the International Medal and Diploma of Honor at the Centennial Exhibition at Philadelphia in 1876 was the Dominion Organ. This organ needs no introduction in Vaughan as there are more Dominion Organs in the Township than of any other manufacture and they are all giving excellent satisfaction. The Dominion Co. will exhibit at Woodbridge Fair.

WATCH FOUND.

A few weeks ago Miss J. Lynett, who had attended a picnic at Bonds Lake, found on returning home that she had lost her watch. The young lady advertised the watch, but as she heard nothing of it for some time she concluded that she would not again see her time-piece. One day last week, however, the article was found in a place little suspected. A bicyclist had stopped at the lake to repair his wheel. One of the nuts which had been loosened dropped in a crack between two planks in front of the hotel. One of the planks was raised in order to get the nut, when to the surprise of those present Mr. Cosgrove found the watch. Naturally Miss Lynett was much pleased on regaining the lost treasure.

MARKHAM FAIR.

The Markham Fair held on three days of last week was said to have been the most successful of any fair held in that village during the forty-five years of the existence of the society. The gate receipts amounted to \$1700, the crowd on the last day being a record breaker. Seldom has a finer lot of horses been seen at a county fair, the heavy draughts being especially good. On the third day the open trot was won by Ed. Jackson's Dick French, C. Willaught's Lisban taking second money, and J. Fleming's Ben Hur third. In the 250 trot, Kenny's Lady Thorne was first, Palmer & Jackson's Kitty R. second, and O'Holler's Walter C. third. Among other prizes which came this way were first by Miss Jennie Palmer for best lady driver; second for Mr. Geo. Clark's general purpose team; besides a number of prizes won by Mr. Frank Marsh for Cotswold sheep.

FALL FAIRS

The following is a list of fall fairs in which people of this section are more or less interested:—

Bradford Oct. 21 and 22

LIBEL SUIT.

The libel suit instituted by J. W. Crossley of King, against J. C. Stokes and about forty others, is now in progress in Toronto. The plaintiff claims damages to the amount of about \$100,000. The defendants some time ago, when Mr. Crossley was bailiff, signed a petition, praying for his removal, alleging that he was untruthful, guilty of fraudulent practices, &c., &c. Mr. Crossley resigned the position of bailiff on the ground of ill-health, but by a certificate from Inspector Dickey it would seem that there are other reasons. The best counsel in the city are engaged on the case, and a large amount of money will be squandered before the unfortunate affair is brought to a close.

THORNHILL READERS.

Some of the leading citizens of Thornhill held a meeting a few evenings ago, the object being to consider the advisability of establishing a Public Library in that village. The enterprise of the citizens is commendable, but unless they can keep the running expenses low they will find it rather difficult in keeping up a good library. Until a few years back the Government allowed a grant for the membership, but that is now not given. For many years this village was able to sell 100 members' tickets at 50 cents each, which amounted to \$50, and as the Government gave a similar amount the work of the board was tolerably easy. But when the membership grant was cancelled it was thought better to pay the running expenses by a tax over the whole village. If the citizens of Thornhill and surrounding neighborhoods, however, will subscribe a small sum annually for the support of a Public Library the money will be well spent.
