STOP MY PAPER!

Yes, we have stopped it. heavens still retain their vaulted position, and THE LIBERAL appears as usual this week. No doubt our late subscriber enjoys the humiliation of its editor immensely. If our disgruntled friend would just insert his index finger in a pail of water, jerk it out and look for a hole, he will have some idea of how sadly he is his Conservative friends the alleged missed. A lady in a huff once told reason being that "the Township God's chosen people. Their history the Rev. Sam. Jones that she never again would attend his services. Well, madam," said he, "I presume that there are several hundreds of ladies who will." We have a few subscribers left. When a man thinks that a paper cannot survive without Stephenson and the Markham his support, he should emigrate to the centre of a Canadian forest fifty miles square, and stay a while. When he comes back he will find that one half of his friends did not ders. Nearly everybody subscribes. world were so much indebted and know he was gone, that the other half dont care a cent about his coming back, and that the world took no account of his movements whatever.

Every man who reads our paper will find in it something that he cannot endorse. There are sometimes some things in it we don't endorse ourselves. A lively paper is dead To the Editor of THE LIBERAL certain to make somebody excited. An editor is neither omniscient nor infallible. Without the least intention or "malice aforethought," he may at any time drop a pebble on some "tenderfoot," and create a tendency to irascibility. It is one (f the idiosyncracies of the press to hit somebody if he happens to be in the way. The Bible itself is a book of everyday facts, and it hits some pecple hard. If a man fancies he is facilities. wounded, gets angry and burns his Bible, scores of presses will continue to issue them by thousands per diem. If a subscriber happens to stumble against an unintentional snag, displays irritability of temper, and calls part of the districts mentionee. the editor ugly names, we bear it with resignation, and continue to send out THE LIBERAL because so many sensible people are anxious to read it, comforting ourselves with the consoling thought, that in all probability the man who cries "Stop my paper!" will this week be slipping around to his neighbor to borrow a copy, "just to see what there is in it," and we have no doubt of his looking upon it as on A. Quantz ...... the face of an old friend. We aim at journalistic courtesy and kindness

fancy that at any time they see in "with evil intent," we suggest that they will give us the benefit of the days past and see that their subscription is paid in advance.

An article in the Toronto World of Saturday does Mr. John Stephenson, clerk and treasurer of Markham Township, a gross injustice. Mr. Stephenson who has been a life-long Conservative acted as deputy returning officer at the recent election, and The interpreting the law to mean that scrutineers are only known as such by the written authority of the candidates, refused to allow the Conservative agents inside the polling booth, as they had no certificates to show that they had been regularly appointed. For this Mr. Stephenson is accused of acting unfairly towards speaker then went on to show why Council is Grit, and Mr. Stephenson know the clerk and treasurer will know that his ruling was not prompted by unworthy motives, and they will resent the insult offered to Mr. Council.

done and were doing for the world. They had had great influence for good and had given to the world such characters as Matthew, Mark, Luke, John and scores of others whose good works are recorded in the Book of books; and, further, Christ himself was born of a Jewish mother. The Jews are the leaders in finance. In music, shine such names as Mendelssohn and Handel. The Jews hold ninety chairs in German Universities. In military ability they have proven themselves to be among the best. While the Jews had done more good for the world than any other nation the speaker did not deay that they had done much harm. They had been the instruments of revolt in every country ever since the time of Christ and their persistent distinctiveness had always had the effect of severing rather than uniting nations. Have you got Consumption, Catarrh, Asthma, or Bronchitis? Cannabis Sativa, Dr. Stevens' East India Remedy, will cure you. It has cured many cases of pulmonary consumption, pronounced

hopeless by physicians. Its virtue is attested by leading members of the medical profession; by business men of high standing; by hundreds who owe their lives to its marvellous power to heal the lungs, allay inflammation, renew the vital elements of the blood and create strength.

So confident am I of its virtue that I will send a package, sufficient for 12 days' treatment, absolutely without cost, duty prepaid, to every sufferer who will send me an accurate statement of his or her case. I do not say that one package will effect a complete cure, but believe so much benefit will be derived from it that the treatment will be continued until a complete cure is brought about.

## What it has done for others.

PETERBORO, ONT., Canada, Oct. 13, 1877. "I was foreman in the lumber shanty when I was taken sick, and being anxious about the work, I exposed myself greatly, caught a severe cold, and after ing took a heavy relapse, which terminated in innammation of the lungs. "The doctors all gave me up. One of the most prominent said it was impossible for me to get cured, or even get better, and all that any one could do for me last of the following August, I was drawn homelying on a bed, and three dectors gave me up after I came home. An abscess formed at the bottom of my left lung and discharged outwardly from that time until May, 1876. At the time I got your medicine, it was getting worse every day. Every one thought, and so did I, that death alone would end my misery. I commenced using CANNABIS SATIVA the first of February, 1878, and after using three or four packages of the Remedy, the discharge was checked, and I was able to get out of bed alone for the first time

in more than three years and three months. "For from the 22d of January, 1873, to the 15th of May, 1876, I never was able to get in or out of bed once alone, nor never lay ten minutes off my back, nor never was out of bed one-half day at a time, and spent upwards of \$1,400 without much if any benefit, and I only used a few cents over \$20 for your medicine till I was well. "It is now exactly eleven months since I left my bed, and I am smart and

healthy, and without pain or ache, or any symptoms of the disease. For the past six months I have been able to make a good living for myself. Last fall I cradled and drew in grain." RC Sept., 1897.—Mr. Hamilton's health still remains good. ROBERT A. HAMILTON.

"My son was given up by three doctors. They said be could not live. In three days after commencing to take CANNABIS SATIVA, we could see a change for the better. It cost me hundreds of dollars for doctors before I got this remedy -and they did him no good. He was reduced from 150 pounds to 114 pounds, and in one week after he began to take the Remedy, he gained 14 pounds. After using five packages he is stronger than ever before. His recovery has been acknowledged in this place as a miracle. To God and your remedy we give thanks for it."
