AURORA Roller Flouring Mills

Mr. Farmer:

Now is the time to lay in your summer supply of flour. And you should be very careful to procure the best obtainable. Upon the quality of flour you procure depends very largely your comforts during the hard spring and summer work. Your bread is half your living. You buy common and inferior flour because it is a few cents per barrel cheaper. But you never consider the better grades will produce many times the difference in price more bread. And just consider the amount of labor you will save your wife. Poor soft-running flour is hard to handle and

Will not Produce Good Bread. Contrast that to

Aurora Belle,

Which bakes easily, and produces a nice light flakey loaf of bread which does not dry out. We can give you flour from wheat of the 1897 crop, which is far brighter and stronger and will make more healthy and nutritious bread than the soft or sprouted stuff of 1897 crop.

JOS. HALL and A. MOODIE, Agents for Richmond Hill, and Messrs. NAUGHTON BROS., at Elgin Mills.

GEO. S. BALDWIN, AURORA FLOURING MILLS.
