### The Invention Of the Age

How to teach yourself to play THE PIANO OR ORGAN

The best method ever invented to teach you how to chord an instrument is without doubt the BRENTON METHOD. In fact it is so simple it teaches you at sight. The wonderful result was obtained by the inventor after years of hard study. It is a very easy matter to-day with this method to play the accompaniments of the most difficult songs, also dance music, marches, etc. The remark is often made by people saying "If I could only play the chords, I would be happy." In this new method you get it all in a nutshell. No knowledge of music is necessary at all to understand this guide. It is also a time and money saver. The Chorder is a neat little device, consisting of 39 chords on 16 cards in different keys, put up magnificently with a number of ribbons, always keeping it in a neat and tidy manner. This indispensable arrangement is called

## AURORA BELLE.

It bakes out the lightest, brightest and best flavored bread of any flour on the market, and considering the large amount of bread per bbl., and at the price of much inferior flour, it is easily the most economical flour to use.

It may be obtained from Jos. Hall, A. Moodie or Naughton Bros. A trial will easily convince you of its superior qualities.
