EASTER OFFERING.

We come to the readers of THE LIBERAL again with our plea for the little inmates of the Victoria Hospital for Sick Children. In looking over the list, published in a city paper, of donations sent the hospital at Christmas time we noticed that many of the schools of the country had sent cash contributions. As our schools had for years past done so nobly in supplying the Easter Offering it was thought better to make no appeal to them at Christmas but keep up our old custom. It is not necessary to say anything by way of explanation. The merits of the hospital are too well known to require anything further. We ask you in His name, who loved the little children, to contribute something in memory of the "Glad Easter Time." Donations of fruit, eggs, toys, books, &c., may be left at THE LIBERAL office on Good Friday morning. These will be thankfully received and sent to the hospital on Saturday.

THE BEST SEEDS NECESSARY.

We cannot too strongly nor too often urge the supreme importance of planting seeds that are perfectly pure and fresh. Seeds that are offered at cheap prices are almost invariably of doubtful origin and uncertain age, sure to cause the planter disappointment and loss. The thoughtful planter's only surety lies in buying seeds sent out by a conscientious and trustworthy house. A vast number of gardeners have (and have had for years) the utmost confidence in seeds that bear the name D. M. Ferry & Co., Windsor, Ont. The present generation of planters, can hardly remember the time when Ferry's Seeds were not on sale everywhere each year and as regularly planted by thousands—with the greatest faith in the unvarying quality of the seeds and in the integrity of the firm that grew them. Every planter, whether a buyer of Ferry's seeds or not, should send for Ferry's seed manual for 1899. It is mailed free to any one who writes for it. (a)

Vellore.

The Vellore Literary Society gave a very enjoyable entertainment last Friday evening. It took the form of a literary entertainment. Dialogues, solos, recitations and instrumental music were rendered by members of the society all of which were loudly applauded. The most interesting part of the programme was the debate between members of the Lasky temperance society and the home literary society. Victory fell to the Vellore boys, their Lasky friends not being able to break their invincible arguments.
