GEO. S. BALDWIN, Aurora Flour Mills.

It takes out the lightest, brightest and best flavored bread of any flour on the market, and considering the large amount of bread per bush, and at the price of much inferior flour, it is easily the most economical flour to use.

A trial will easily convince you of its superior qualities.

It may be obtained from Jos. Hall, A. Moodie or Naughton Bros.

RENNIE'S NEW OAT "Danish White."

Forty stalks produced from one grain; 760 grains grams from a single head.

The above actual yield would seem incredible if not authenticated by the testimony of eye-witnesses and the sworn statement of well-known farmers. Never before has such an enormous yield been known, while our claims for productiveness, plump, heavy grain, with thin, standing qualities, and adaptability to great diversities of soil and climate, have been maintained.

Very productive, strong, stiff straw, growing in height from 4 to 5 1/2 feet; plump, thin hulled, bright yellow grain, often three grains in a spikelet and evenly distributed over the entire head. The stalks do not lodge nor the grain fall off in stormy weather.

Price—Per lb. 20c., 4 lbs. 50c., post paid. Peck 35c. Bush. \$1, 10 bush. or over at 95c.

(Cotton Bags holding 2 1/2 bushels—15c. each extra.)
