Mr. H. C. Bailey of Maple, is making a specialty of footwear just now. His spring circular which he is distributing among his patrons show prices of children's shoes from 55c. up, and ladies' rubbers from 25c. up. Those in need of boots, shoes or rubbers should give Mr. Bailey a call.

Mrs. Mahaffy who lives near Innes' Mill got a severe fall on Thursday last. When going to the well for a pail of water she slipped on the ice falling on the back of her head. Besides a severe shock the small bone in the left wrist was broken. The injured limb was attended to by Dr. Shaw.

Good Scrub Brushes, 5c.; White-wash Brushes, 73c.; Brooms, 10c. Atkinson & Switzer.

No merchant or business man should be without printed stationery. By getting a quantity at a time the printing practically costs nothing if the order is left at THE LIBERAL office. Much annoyance is often caused by letters being sent to the Dead Letter Office. This will not occur if the firm's name is printed on the corner of the envelope. Call and see our samples of envelopes and letter heads and get prices.

A loaf of bread just costs a very small fraction of a cent more made from "Aurora Belle" than if made from some of the very ordinary grades of flour that sell for a few cents per barrel less—just enough to be sold cheaper. But look at the difference in the quality of the bread. One dark, hard and tasteless, the other from Aurora Belle—Well try it and see. You be the judge. For sale by Jos. Hall, A. Moodie, and Messrs. Naughton Bros. G. L. Baldwin, Aurora Flouring Mills.

If you are looking for stocks you should go to a broker; but if you want Stockings go to Atkinson & Switzer's.

### GET A TICKET.

Our enterprising barber in the Lorne Block, in order to encourage the cash-in-advance system, is now giving his patrons who are looking after snaps, a nice ticket, good for 12 shaves and a hair cut, all for \$1. This will affect a saving of 35 cts. to the purchaser of the ticket. Mose is willing, however, that his customers should have this reduction, the only condition being that the dollar must be paid before the ticket is punched.

### FOR THE SICK CHILDREN.

Considering the many calls that have been made upon the residents of this place during the past severe winter, there was a generous response of Easter offerings on behalf of the Hospital for Sick Children on Good Friday. Besides a number of books and several odds and ends, there were sent to the children on Saturday 12 dozen eggs, 40 sealers of fruit, 4 pecks of apples, and 4 dozen oranges. The offerings were not confined to the village alone, several generous people contributing from Markham and Vaughan.

### SPECIAL MEETING.

A meeting of the East York License Commissioners was held at the Clyde Hotel on Saturday, the special business being to consider the applications for the transfer of two tavern licenses. All the members were present, as well as the Inspector, Mr. James Eckardt. Both applications were granted, one being the transfer of the license of the Palmer House to A. E. Plummer as Manager for The Trusts Corporation; the other being the transfer of license to Frederick Duff of Toronto, for the Wellington Hotel, Markham.

### CURLING MATCH.

The Hamilton Times of the 22nd of March contains an account of an interesting curling match played in that city the day before. The contestants were Lanarkshire against the rest of Scotland. Before the last stone was delivered the game was even, but by a beautiful draw shot the Lanarkshire skip broke the tie in his favor. Mr. James Gibson who is in his 81st year, who issued the challenge and skipped the game for the Lanarkshire men, is the eldest brother of Mr. F. Gibson of the 2nd concession of Vaughan. The report shows that Mr. Gibson has been a curler for over 60 years.

### PLANS FOR A NEW BRIDGE.

The York County Commissioners met yesterday at the court house. The principal item of business was the considerations of plans for the construction of a new Rowntree bridge, as ordered at the last session of the council. This bridge crosses the Humber between York and Etobicoke townships. The new structure will be an iron one, of one span of about 100 feet. The plans were approved, after which the commissioners inspected the repairs recently made to York Mills bridge.

### MILLINERY OPENING.

The millinery room at the Concrete presented a very beautiful appearance during the days of the opening last week. Curtains and drapery were daintily arranged all around the room. Mirrors were standing in places of advantage to add effect to the scene. Spring trimmings were displayed in harmonizing colors everywhere. The chief colors for the season are coral, oxblood, all shades of blue, very bright, and all shades of violet and pink. Silk trimmings are much used and also ribbons of all shades. All shades of net find places among the gorgeous display. Many hats are made with flower crowns. We will give but passing mention to the children's hats, the sailors, the walking hats, turbans and toques which were, mostly, simpler in their structure. The "Panama Sailor" was pretty. It had a straight rim with an underboard at back, covered with violet flowers. It was trimmed with white chiffon held in with a buckle. There was also a very dainty bonnet in which double violets, black silk net, and steel trimming were the chief elements. Also a nap bonnet with purple shape, trimmed with violet tips and flowers, with trimming to left and across the front, and held in with a buckle, was very pretty. This one and a neat toque are looked upon as the two most natty and popular pieces of millinery for this season. The shape of the toque was made of green and purple lilacs, with rolled front trimmed with violet ribbon, with soft loops in front, caught in at front with a buckle, and having a bright ribbon going round the right side to the back and finished with fan loops. We ought also to mention a cream leghorn hat which to us seemed the prettiest of all. It was turned up at back and was trimmed with white tips and loops of white ribbon and fans of white chiffon edged with pink baby ribbon. Another hat which bears the aristocratic name, "Lady Minto," was dark in color and trimming, and although quite popular was not as attractively bright as the average. Miss Allen has certainly shown great skill in her work, and too much praise cannot be given to the staff at the Concrete for the beautiful and able effort they have made to cater to the millinery wants of their many patrons.

The best No. 1 Granulated Sugar, 20 lbs. for \$1; Yellow Sugar, 27 lbs. for \$1; Rolled Oats, 9 lbs. for 25c. Atkinson & Switzer.

### THE DELINEATOR.

The April number of The Delineator embodies a Comprehensive Summary of Present and Incoming Styles in every Department of Dress, a choice variety of articles of sterling Literary excellence and a profusion of characteristic Social and Household features. The charming Acadian tale, The Maid of the Drift, by Charles D. G. Roberts, will enhance the interest that attaches to the land of Evangeline. The joys and anxieties of school life find delightful expression in The School Boy, the fourth paper in the series on the Development of a Boy, by Mrs. Alice Meynell. Inspiration for many a pleasant home gathering is furnished in an Easter-tide Evening, by Gladys Hyatt; and Her Birthday Party, by Edith Child, will suggest how the anniversaries may be recalled.

### LACROSSE CONCERT.

An interesting programme was presented at the lacrosse concert on Friday evening. The efforts of all those who took part were thoroughly appreciated as was evident from the fact that every performer was compelled to respond to enthusiastic encores. There were a couple of disappointments, but notwithstanding these there was a good programme. The chairman, Dr. Shaw, in his opening remarks, thanked those present for their attendance, but expressed his regrets that the hall was not better filled. After the first number he was called away professionally, and Mr. T. F. McMahon occupied the chair the rest of the evening.

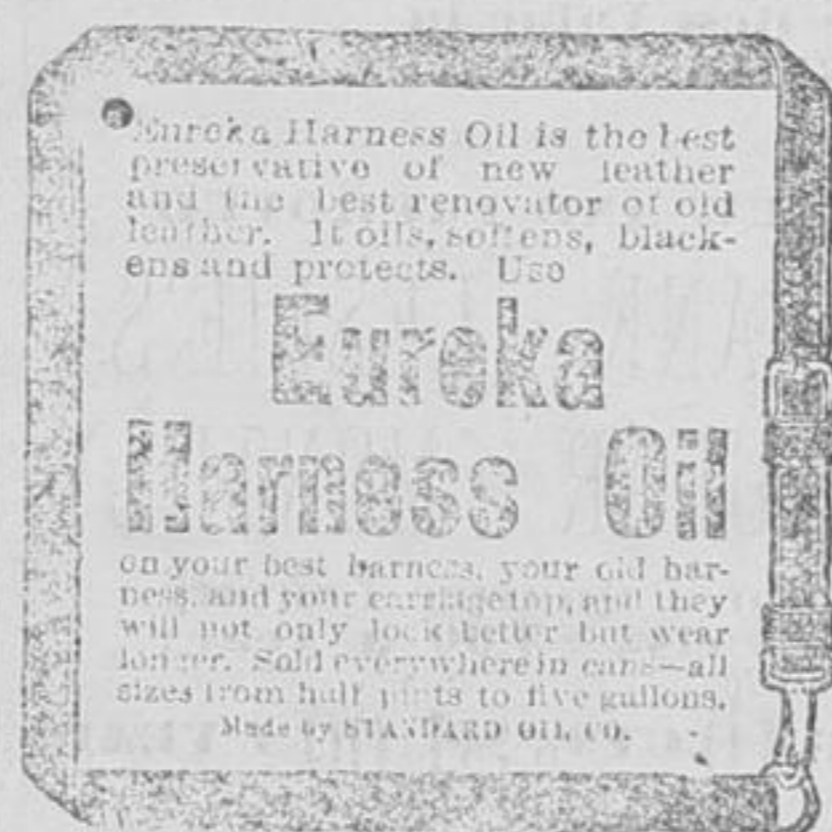

Besides the encores the following numbers were given:—
