### LIMBS FRACTURED.

Mr. W. Trench who a few weeks ago received his degree as Bachelor of Arts has been most unfortunate in the line of accidents. On Dominion Day while playing lacrosse in Markham he had his left thumb broken by a stroke while playing lacrosse in Markham he had his left thumb broken by a stroke from an opponent's stick, and again on Tuesday he met with a more serious accident by having his left leg fractured half way between the hip and knee. Accompanied by Master Frank Storey he was bringing from the railway station a load of waggon wheels in a one-horse democrat. Coming down the first hill east of the track he was unable to control the horse over the newly turnpiked road. He was thrown out and some of the wheels fell on him fracturing his leg as stated above. He was brought home by some of the neighbors, and Dr. Langstaff was at once sent for, who set and bandaged the injured limb, a very painful operation. Everybody deeply sympathizes with Wyc in his bad luck. Such an accident is a severe trial at any time but particularly so in this hot, sultry weather.
