RICHMOND HILL, January 11, 1900

**ROOM FOR ALL.**

The president of the Canadian Press Association who accompanied the members on their transcontinental trip last fall, thus expresses an opinion as an impartial observer of the situation in the west: "Other lands are overflowing with their human products, and it is a mere matter of time when the wave of settlement shall sweep over this great west. The test of wisdom among Canadian statesmen is the acceleration of that settlement by a sturdy intelligent race, in whose hands free institutions and the power that will follow great numbers will be safe. About the wisdom of the importation of Douk hobors and Golicians there is much difference of opinion in the west as well as in the east, and the matter resolves itself after all to one of individual opinion. I saw or learned nothing to alter my previously expressed views that Canada need have no forebodings on account of these newcomers, so long as they are settled in rural communities and do not gather to form indigestible and troublesome foreign populations in great cities like the nondescript portions of some large American cities."

**MORE ABUNDANT THAN EVER.**

While the great western wheat lands of Canada are rejoicing in the fact that last season's crops were a record, there is every indication that, like its immediate predecessor, it can only hold the record until next harvest. Already preparations for next season's crops are well in hand, and it may safely be predicted that the crop area throughout the west next season will be a substantial increase on previous records. Figures estimating the acreage in Manitoba have been prepared by Mr. John Osborne, General Superintendent of the Western Division of the Canadian Pacific, who places the total area of plowing at 867,070 acres, an increase of 253,300 acres, or 40 per cent. over that of last year. The total area now ready for the spring crop is 1,492,088 acres, an increase over last spring of 480,630 acres, or nearly 50 per cent., and Mr. Osborne has been informed on good authority that still more plowing will be done in the spring, thus materially increasing the percentage.

**Oak Ridges**

The school here has started again with a new teacher. Miss E. Legge of Bond's Lake is going back to school the next six months. She was presented with a nice lot of silverware for a New Year's gift. Miss E. Routledge is spending her holidays at home. She was away teaching school at Dwight several months past. Visitors have been numerous during the holidays. Everybody seems to have had visitors at their homes and in return some have been away visiting their friends. The Metropolitan railway was well patronized Christmas and New Year's times. Mr. Beynon of Aurora who has been very ill the past few weeks seems a little better to-day. A parcel from Whimster's store was found near the Post Office here a few days ago, and one of our young men lost a whip on his way to Maple. If parties would advertise in the local paper the articles lost and found they would generally get back to where they belong.

**PERSONALS.**

Mrs. John McDonald of Wexford, spent a few days with Mrs. Geo. McDonald, and returned on Friday. Mr. and Mrs. Robert Rumble of Alma are spending a month with relatives in the vicinity of Patterson. Mrs. N. W. Brown of Whitby who visited her grandson, Mr. Farquharson, returned home on Wednesday. Mr. Thos. Lloyd and Mrs. John Hutchinson of Aurora visited relatives in the village on Friday, spending part of the day with their father-in-law, Mr. John Hutchinson. Reeve Savage and County Councillor Pugsley accompanied a deputation to Ottawa Monday night in support of the proposed connection between the Metropolitan and the C. P. R. Mr. Ernest Vanderburg who spent the past nine years in the North West having rented his farm returned with his wife and two children, and has taken a house on Elizabeth Street. We observe by The Welland Telegraph that at a recent Methodist church entertainment at Fonthill, the scholars of the Sabbath School presented their superintendent, Mr. Theo. G. Law, formerly of this village, with a handsome bible.
