RICHMOND HILL, April 19, 1906

TO AMEND H. S. ACT.

Mr. John Richardson, M. P. P., for East York, has introduced in the Local House a bill to amend the High School Act, and we see no good reason why it should not pass and become law. It is proposed to amend section 32 of the present act by adding thereto the following sub-section:—

"Cities and towns separated from the county shall pay to the county for High School purposes the same sum as such city or town would pay to the county for such purposes if such city or town were not separated from the county and the assessments of said city or town were equalized, and the equalization of the assessment of such city or town and the amount to be paid for High School purposes shall, unless mutually agreed upon, be fixed and settled by the County Judge."

The amendment, no doubt, is intended to strike at places situated as Toronto Junction is. For a number of years that town has been separated from York County, yet notwithstanding this the county pays over \$700 a year for the support of the High School in that place. If Toronto Junction gets a yearly grant similar to Richmond Hill and other places having High Schools, surely it is not unfair to tax her the same as the other towns are taxed.

CASH IN HAND.

In spite of a reduced tariff and a 25 per cent preferential the revenues of the country are continuing to grow with amazing rapidity. The nine months so far concluded of the current fiscal year shows a gain of \$3,791,000 over the same period of 1898-99. The expenditure in the same nine months has increased less than a million, so that there is a net gain in the nine months of \$2,860,000. As the surplus last year was over \$4,700,000 it becomes apparent that, unless there is some abnormal and at present unexpected excess of expenditure over the revenue between now and June 30th, Mr. Fielding's \$7,500,000 surplus is well in sight.

Imperial trade returns are also of a gratifying character, at least to those who desire to see the bond of empire more closely drawn. The value of Canadian products taken by England last month was \$750,000 ahead of the total in March 1899, and the imports received from Great Britain also show a healthy increase.

THE GRAIN COMMISSION.

The grain commission appointed last fall at the instance of the Minister of the Interior has completed its enquiry into the situation as it exists between the farmers and the dealers in the Northwest, and has presented its report to Parliament. The commissioners found that many of the complaints of unfair treatment on the part of the buyers and railways were well-founded and they report various recommendations looking to the removal of these grievances in the future. The report is now under consideration and will doubtless lead to the introduction of practical legislation which will greatly relieve the present strained condition of affairs.

The American Monthly Review of Reviews has well been named "the busy man's magazine." This Review seems to keep in touch with the whole world, and the articles from month to month are so epitomized that a person taking only one magazine is able to keep well informed on all current questions. The April number which is beautifully illustrated is particular-

ly attractive. Under the heading of "The Progress of the World," are many well-written articles, though the references to the war in South Africa would be more palatable to the Canadians if the editor did not show so plainly that his sympathy was with the Boers.

Jefferson

Report of S. S. No. 4 Markham and 21 Vaughan for the first term of 1906: Class IV—Aggie Gamble, Mary Gorman, Leonard Glass, Alex Newbery.

Works thousands of cures annually. Endorsed by the best breeders and horsemen everywhere. Price 50¢ per bottle. As a liniment for family use it has no equal. West Lorne, Ontario, Canada, Dec. 19, 1905.
DR. B. J. KENDALL CO.
Dear Sirs:—A year ago I had a valuable horse which got lame. I took him to the Veterinary Surgeon who pronounced it Ocell's Spavin and gave me little hope, although he applied a sharp blister. This made matters only worse and the horse became so lame that it could not stand up. After trying everything in my power I went to a neighbor and told him about the case. He gave me one of your bottles and I rubbed it carefully and being resolved to do the utmost in favor of my horse, went to the nearest drug store and got a bottle of your Spavin Cure and applied it strictly according to directions. Before the first bottle was used I noticed an improvement, and when the seventh bottle was about half used, my horse was completely cured and without leaving a blemish on him. After causing treatment I gave the horse good care and did some light work with him, wishing to see if it had effected a cure I then started to work the horse hard and to my entire satisfaction he never showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an excellent, but as a sure remedy, to any one that it may concern. Yours truly, S. J. HUEL TRITTON
Ask your druggist for Kendall's Spavin Cure, also "A Treatise on the Horse," the book free, or address DR. B. J. KENDALL COMPANY, ENOSBURG FALLS, VT.
