Clerk's Notice.

The next meeting of the Council of the Township of Markham will be held at Unionville on

Tuesday, June 19th, 1900,

At 11 o'clock a. m.
CH. STIVER, Clerk

THE REASON WHY

You should be careful where you leave your watch for repairs is because a poor workman will not only fail to give you value for your money but he may botch up your watch so that it is almost impossible to make it keep time.

Samples of my workmanship are placed in my window. Give me a trial on watch repairing. Your money refunded if not satisfactory.

JERRY SMITH.

Practical Watchmaker.

(Graduate Can. Horological Institute, Toronto).

LOST

A Collie Pup, black and tan, no tail, lost on or about the 23rd of May.
The finder will be suitably rewarded by communicating with the owner.
J. W. DEAN,
Thorahill.

Auction Sale

A Store, Dwelling, Driving-house and stables being lot 11 on 46 on the east side of Yonge St. in the village of Richmond Hill, known as the Soules' Estate, will be sold by public auction at the Palmer House, Richmond Hill, at 1 p. m. on

Wednesday July 4, 1900.

On the lot is a brick store and dwelling; also a commodious stable and driving house. The lot which contains one half acre, more or less, is situated directly north of the Metropolitan Waiting Room and is well worthy of the inspection of any intending purchasers. The property will be sold subject to a reserve bid.
TERMS—Ten per cent on day of sale, the balance in thirty days thereafter.
Further conditions made known on day of sale.
SARGEON & McEWEN,
Auctioneers.

The Brantford "Red Bird"

Is built on the principle of the greatest simplicity without sacrificing the usefulness or the strength of the wheel—that's the aim in all the high-grade wheels to-day. The makers of the "Red Bird" have been quick to note and adopt such features and improvements as have been proven to be desirable, useful and substantial—improvements that experience and a wider knowledge of bicycle construction have demonstrated, and which skill, capital and appliances could reduce to practice. "Red Bird" models for 1900 have these emphasized points, look into them:

Reduced weight—special designs—unique hubs—improved crank bracket—perfect handle bar adjustment—strengthened forks—ideal seat post fastener—new overhanging sprocket—combined coaster and brake.

The Massey-Harris at the Antipodes.

If you want proof of the staunchness of this splendid Canadian-made wheel it is only necessary to state that the Victorian Government of Australia recently purchased a number of them for use in its cycle postal department—at about the same time the New South Wales Government purchased American and other makes for similar service—and Government statistics show that it cost over twenty times more for repairs on the American collection than for the Massey-Harris wheels—Does THIS CONVINCCE YOU?
