It is with great regret your directors have to announce the death during the past year of their colleague, Mr. Edward Leadley, who had been a member of the board since the year 1879. The vacancy has been filled by the appointment of Mr. T. Eaton.

With deep sorrow your directors have to record the death of the late General Manager, Mr. R. D. Gamble, who had been the chief executive officer of the bank since 1895. Mr. T. G. Brough, who has been in the service of the bank since 1875, and who has until lately been the manager of the Toronto branch, has been appointed General Manager.

All branches of the bank have been inspected during the past twelve months.

Frank Smith, President. Toronto, May 30, 1900.

The report as read was adopted. A by-law to increase the capital stock of the bank from \$1,500,000 to \$3,000,000 was passed unanimously.

The usual resolutions of thanks to the President, Vice-President, directors and officers of the bank were passed.

Directors for the ensuing year were elected as follows:—Messrs. A. W. Austin, W. R. Brock, T. Eaton, Wm. Ince, W. D. Matthews, E. B. Osler and the Hon. Sir Frank Smith.

At a subsequent meeting of the directors the Hon. Sir Frank Smith was elected President, and Mr. E. B. Osler, M. P., Vice-President, for the ensuing term.

In moving the by-law for the increase of the capital stock of the bank, the Vice-President remarked that it had been the policy of the directors since the organization of the bank to keep the capital stock at a comparatively small figure, but that the general expansion of trade and business in the country having forced the bank to extend its operations to Manitoba and Montreal it was found that owing to the limit of circulation the bank had been worked at a disadvantage, and the directors felt that if they were to keep pace with the increasing and enlarging business of the country the capital of the bank must be increased. He stated that the shareholders were aware that the dividends paid by the Dominion Bank for many years had been at a high rate; the bank had been able to pay these dividends in consequence of its small capital. With an increase of capital it was felt that the true policy would be to pay a regular dividend of 10 per cent., and from time to time, as earnings warranted, to pay a bonus to the shareholders. The Vice-President stated that he had no apprehensions as to the future, that he had no reason to believe that the earnings of the bank would decrease, but that

after very careful consideration the directors had come to the decision that it would be in the interests of the bank and of the shareholders to adopt the course outlined—namely, to place the ordinary dividend on a 10 per cent. basis, and, as occasion warranted, to pay bonuses to the shareholders.
