The Massey-Harris

at the Antipodes.

If you want proof of the staunchness of this splendid Canadian-made wheel it is only necessary to state that the Victorian Government of Australia recently purchased a number of them for use in its cycle postal department—at about the same time the New South Wales Government purchased American and other makes for similar

service—and Government statistics show that it cost over twenty times more for repairs on the American collection than for the Massey-Harris wheels—DOES THIS CONVINCING YOU?
