A Wickless oil stove is just the thing for hot weather. See it at C. Mason's.

Mrs. Thos. Doyle of Toronto had been in delicate health since Easter last. About a month ago she visited her parents, Mr. and Mrs. James McWilliams here, thinking a change might be beneficial to her. Such was not the case, however, as she grew worse and died Tuesday morning. The immediate cause of death was dropsy.

### BARN-RAISING.

Mr. Simon Baker, 2nd con. of Markham, had a successful barn-raising on Friday when about 40 of the farmers in the immediate neighborhood took part. Mr. Ed. Lynett and Mr. Walter Eyer were again selected captains, and after a warm contest the side of the latter was victorious.

### RE-OPENING SERVICES.

Carrville Methodist Church will hold re-opening services on Sunday, July 29. Rev. Alfred Brown of St. Paul's church, Toronto, and ex-president of Toronto Conference will preach at 2.30 and 7 p. m. Music will be furnished by the home choir. A free-will offering to meet expenditure will be taken at each service.

The Wickless blue flame oil stove is the best made. C. Mason sells it.

### PRESBYTERIAN CHURCH.

Dr. John G. Paton, for over forty years a missionary in the New Hebrides, will give a lecture in the Presbyterian Church on Monday evening of next week at 8 o'clock. Dr. Paton will give a most interesting talk on the life of the natives of these islands and his work amongst them. All are cordially invited. A collection will be taken up in behalf of the work there.

### LACROSSE MATCH.

The Champion Markham lacrosse team play the local team on the Park here on Saturday, July 21. The Richmond Hill boys are in grand condition and hope by a few good practices this week to be able to lower the colors of the Markham lacrossists, who no doubt will put forth every effort to hold the reputation for which they fought so well. This should be the best and fastest game played here this season, and everybody ought to see it. Ball faced at 3.30 sharp. Admission, 15 cents; ladies and children, 10 cents.

### A MEAN TRICK.

A little girl a few days ago got off the car and went into the Post Office to make inquiries as to where Mr. Topper's family lived. She left a large package of candies on the steps outside, which she had purchased for Mr. Topper's children, and during the short time she was inside a coarse individual whose size would entitle him to be called a man, if no other requirements were necessary, came along and deliberately carried off the package. Such a trick is most contemptible as the petty thief must certainly have known that the package belonged to the little girl.

On Saturday we will clear a number of men's ties in four-in-hands, puffs and bows, at 10c. each, or 3 for 25c. Atkinson & Switzer.

### PICNIC FROM THE HILL.

A picnic party of between 30 and 40 people went up to Bond's Lake from this place at 5 o'clock yesterday afternoon, and returned by special car about 10. An inviting tea was served on the grounds by the ladies, and the hours were spent in boating and other forms of recreation. Later in the evening those who feared the chilly lake breezes on the water repaired to the new pavilion where the musically inclined portion made good use of the company's piano. Everybody seemed delighted with the beauty and marked improvement in the place, and little wonder is it that picnic parties resort to Bond's Lake every day in the week.

For this week we are selling 3 cans good pink salmon for 25c. Atkinson & Switzer.

### GUESSING CONTEST.

Those who are good at guessing should call at Miss Ross' grocery store in the Lorne Block and purchase a 25 cent tin of Oxford Baking Powder when the purchasers are entitled to a guess as to how many beans there are in a glass jar which she will show to you. The guesses will be recorded in a book of tickets, and when the stock of powder is disposed of the person guessing nearest to the correct number will receive a lovely Imperial Oxford Stove which is now on exhibition in Miss Ross' store. The Oxford Baking Powder is said to be first-class. Get a ticket and try your luck.

### FILL THE VACANCY.

As our High School closed the latter part of June, and as Mr. Anderson, the Science Master, then left, telling the trustees he would not return, it is not surprising that many of our citizens are complaining that the Board are not making an effort to have the vacancy filled. By the time that they advertise for teachers and give time for the receiving of applications, more than a month will have passed. The daily papers show that during the past few weeks dozens of other schools have been snapping up their teachers. The experiment of waiting until other schools are supplied is too serious to trifle with. Let the Board of Education move in this matter at once.

### ENTRANCE EXAMS.

The examiners have handed us the report of the successful candidates at the Entrance Examination held at Richmond Hill. The papers were difficult and very searching, so those whose names follow have every reason to congratulate themselves on their standing. Each candidate will receive a postal card giving his marks in every subject. Those who intend to enter the High school please communicate with the Principal as soon as possible. The names are in order of merit, and the P. O. address of the candidates is given instead of the school section:—

### A PLEASANT OUTING.

Sunday World.—Saturday afternoon, July 7, a party of the working members of the Toronto Camera Club had a very pleasant outing at Richmond Hill, on the Metropolitan road. They had been invited to stray thither by Miss A. L. Ellston, whose father is the well-known and jolly proprietor of the Dominion House, and at whose bounteous table she entertained her guests ere they departed after the labors of the day. Miss Ellston is an enthusiastic camerist herself, and is nowhere so much in her element as when in the company of picture-taking, picture-loving devotees of the art-science. The young lady is also an expert cyclist, so that she has all the pretty spots of the neighborhood at her beck and call, as it were, and on this occasion she chaperoned the party of gentlemen to their satisfaction, if not to the satisfaction of the beauties of the vicinity. These beauties are nature's and not at all professional, but they make, in skilful hands, pictures that delight those who have an opportunity of inspecting them. The members of the party wish me to thank Miss Ellston for their pleasant and profitable afternoon's photographic outing in the district of York she knows and loves so well.
