The above band, who will give a concert at the formal opening of the pavilion, Bond's Lake, on the evening of August 1, will pass through here Friday evening of this week on their way to Newmarket where they will give a half hour musical programme. On their return they will stop at Aurora for half an hour, and arriving at Richmond Hill will play for half an hour on the school grounds, opposite THE LIBERAL office. It will probably be after 10 o'clock before they arrive here, but our musical citizens will no doubt stay up a little later in order to hear those talented musicians.

HARRY BROWN PROMOTED.

The following paragraph from a recent number of the Evening News Bulletin of Winnipeg shows that another of the boys from Richmond Hill High School is gradually climbing up the ladder. The item, which we are pleased to copy reads thus:—"Mr. H. L. Brown, of the C. P. R. passenger department has been promoted to the position of city agent at Nelson, B. C., and leaves on Wednesday next for his new duties. Mr. Brown has only been in Winnipeg a short time, having come from Toronto as secretary to Mr. C. E. McPherson, general passenger agent, but during his short stay here he has made many friends who will learn of his promotion with pleasure, while regretting his departure from Winnipeg.

NEW SIDEWALK.

Inspector Brownlee has torn up a long stretch of plank sidewalk from Hill's bakery to a point opposite Mr. John Harris' residence, and has laid a thick coat of gravel which will be allowed to remain until next spring when it will receive a covering of asphalt. It has been thought advisable to allow the foundation to settle as this part of the village is inclined to be low and springy.

VOTES OF THANKS.

At the last meeting of the Executive of the Epworth League a unanimous vote of thanks was tendered to Mrs. Trench for her kindness in giving the use of her lawn for the lawn social on Dominion Day. Also a hearty vote of thanks was given to Miss Violet Storey, as Vice-Pres. of the Social Department, for her energetic and efficient efforts which contributed so much to the success of the lawn social.

MOONLIGHT TO BOND'S LAKE.

The British Canadian Band will play a select program at Bond's Lake Park on Wednesday evening, August 1, under the direction of Mr. Arthur Hughes. This is one of the finest musical organizations in Canada and have received most flattering press notices for their excellent music. The members are all picked musicians including Mr. Charles Savage, cornet soloist; Mr. F. Fenton, trombone soloist; Mr. A. Hartman, vocal soloist; Mr. John Clegg, xylophone soloist presenting an array of talent that no other Canadian band offers. Admission to the concert, ten cents, but railway ticket holders will be admitted free. See adv. and railway rates on another page.

MARKHAM DEFEATED.

The lacrosse match played in the park Saturday between Markham and the home team was clean, though the play was not as fast as might have been expected from the reputations of the contestants. The game seemed slower, no doubt, from the fact that Markham arrived in town with only 10 players, and as George Glover was injured early in the game by getting struck in the eye with the ball, and W. Trench retired to even matters up, the greater part of the match was played by only nine men on a side, who had to do the work of twelve. At the close of the match the score stood 4 to 1 in favor of Richmond Hill. The defence players on both sides did exceedingly good work, and Urquhart, Markham's goal-keeper stopped many swift balls that were fired on the nets with deadly aim. Sims in goal with J. Glass in front also had to watch the Hill net very closely. The home team held the ball the greater part of the time and proved themselves a little stronger than their opponents. The combination play of the visitors was very creditable, though they may have wasted some of their time and strength by passing the ball to each other instead of firing direct on goal. The match was refereed by Mr. Chas. H. Ellston, and Messrs. A. Wilson and W. Savage acted as umpires.

DR. PATON'S LECTURE.

A fair-sized audience assembled in the Presbyterian church Monday evening to hear the Rev. Dr. Paton give his address on Missionary work and missionary life in the New Hebrides. The venerable old gentleman, whose silvery hair and flowing beard give him a patriarchal appearance, has spent more than 40 years among the savages of the above islands, and the experiences, which he relates in his simple style of speech is very interesting. The Dr. says that when he landed at the New Hebrides in 1858 the natives were in utter darkness. They were always at war with each other, their customs were most shocking, and they were all cannibals. But gradually the gospel was introduced, and the results have been marvelous. There are now in the islands 18,000 converts who have given up heathenism, 3,000 church members who had been carefully prepared before being permitted to join the communion, and 300 men and their wives who were teachers and preachers of the Gospel. The speaker related the cold-blooded murder of Gordon and his wife, as well as other missionaries sent to that heathen country. His own life had been in danger scores of times but he trusted in the Lord, and felt that he had been mercifully preserved. The Dr. spoke of the need of more missionaries, and hoped that Christian people would ever be ready to help in spreading the Gospel wherever an opportunity presented itself. A collection in aid of the work was taken up at the close of the lecture. The pastor of the church, Rev. Mr. Grant, who occupied the chair, and Rev. Mr. Wellwood spoke for a few minutes on the life-work of Dr. Paton, the object of whose life seems to be to lead the savages of the southern seas from darkness and degradation.
