A few minutes afterwards when the car started southward he attempted to get on the rear of the front car, but slipped and fell under the trailer. One of the wheels passed over his right leg smashing the bone below the knee, and terribly lacerating the flesh above the knee. His head was also cut, but nothing to cause serious trouble. The unfortunate man was at once placed on the car and taken to Dr. Langstaff's hospital, where, after a hurried examination, the patient was chloroformed and the limb amputated half way between the knee and the thigh. ### Spavins, Ringbones, Splints, Curbs, and All Forms of Lameness Yield to

Works thousands of cures annually. Endorsed by the best breeders and horsemen everywhere. Price, \$1.50 per bottle. As a household remedy it has no equal.

DR. E. J. KENDALL CO.  
Dear Sirs—A year ago I had a valuable horse which got lame. I took him to the Veterinary Surgeon who pronounced it Spavin and gave me little hope, although he applied a sharp blister. This made matters only worse and the horse became so lame that it could not stand up. After trying everything in my power I went to a neighbor and told him about the case. He gave me one of your bottles and I studied it carefully and being resolved to do the utmost in favor of my beast, went to the nearest drug store and got a bottle of your Spavin Cure and applied it strictly according to directions. Before the first bottle was used I noticed an improvement, and when the seventh bottle was about half used, my horse was completely cured and without leaving a bluish mark on him. After ceasing treatment I gave the horse good care and did some light work with him, wishing to see if it had effected a cure. I then started to work the horse hard and to my entire satisfaction he never showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an excellent, but as a sure remedy, to any one that it may concern.  
Yours truly,  
S. J. WELLEN
