

LOCALS.

Fire Brigade meeting and practice next Monday evening.

Special line of children's caps, toques and tams. Atkinson & Switzer.

For special rates and late cars for the Exhibition see adv.

Mr. C. B. Little, who is at present practising here as a veterinary dentist, purchased a nice pair of ponies from Messrs. Newton & Bro.

For pickling season—Pure XXX pickling vinegar, 35c. gal.; mixed spice, turmeric, curry powder, etc. Atkinson & Switzer.

Vaughan Plowmen's Association purpose holding their plowing match this fall on Friday, the ninth of November. King plowmen will hold their's on Tuesday of the same week.

200 bottles of Queen's Own liquid blue, our regular 10c. bottle on Saturday morning 1c. bottle. Atkinson & Switzer.

Mr. A. G. F. Lawrence, barrister, Toronto, who has been taking holidays, will resume his weekly visits to Richmond Hill next Saturday, Sept. 1.

New dress goods, new trimmings, new millinery, the latest ready to wear felt outing hats at Atkinson and Switzer's.

The Book Committee of the Public Library would be pleased to have any of our citizens to hand in to the Secretary at THE LIBERAL office, the names of any good books they would wish to add to the Library.

The millinery department at Atkinson & Switzer's will be under the charge of Miss Ethel Switzer during the fall and winter season.

A large number went over the line of the Metropolitan Railway on Saturday and enjoyed the concerts given at Bond's Lake Park by the British Canadian Band, afternoon and evening. The crowd was well handled, and the last car left the place at 10.45.

Pte. Harold Brunton, son of Mr. T. H. Brunton of Newmarket, who accompanied the first Canadian contingent to South Africa, passed through the village Monday evening on his way home. The young man was one of those who had a severe attack of enteric fever.

If you have ever bought dress linings here, you will know that it is our rule to keep nothing but the best. Atkinson & Switzer.

The W. C. T. U. will meet at the home of Mrs. Switzer next Tuesday evening at 8 o'clock. A full attendance of the members is requested, as business of importance must be transacted, and delegates to the County Convention will be appointed.

Dr. Langstaff, assisted by Dr. Lawson, amputated another portion of James McKenzie's leg on Monday, and it is now expected the injured man will improve rapidly. He was under the influence of chloroform from 9 a. m. till 1 p. m.

Go to Atkinson & Switzer's for best value in cottonades, denims, tickings, shirtings, flannelettes, sheetings, blankets, men's shirts, socks, pants, overalls, etc.

The Shamrock lacrosse team of Toronto Junction, demolished the Talagoos of Newmarket, last Saturday by a score of 11 to 2. A number of Newmarketites came down on the Metropolitan car after dinner and were driven across to Markham, where the match took place, in Palmer's bus.

On Sunday, Sept. 30, the friends of the Methodist Church purpose holding their Anniversary and annual Thank-Offering. It is expected that Rev. S. D. Chown, D. D., President of the Toronto Conference, will be present on that occasion and deliver sermons characteristic of his eminent ability. Watch for fuller announcement next week.

For a starter for fall we are showing a good black clay worsted all wool and made up to order with best quality of trimmings, for \$15.50. Atkinson & Switzer.

Professor C. B. Little, veterinary dentist, whose headquarters are at the Palmer House, assisted by his two pupils, appear to be doing a rushing business around here, and people begin to see why their horses did not thrive before. On Monday of this week they operated on 38 horses. Horses will not do well as long as their teeth trouble them.

If you anticipate visiting the Exhibition and think your old hat is getting shabby, you can overcome that for a very small item and secure the newest blocks in fedoras, stiffs, or anything in the line of headgear, at Atkinson & Switzer's.

Mr. Swartz of Wingham, won two more races last week at Williamsvale, New York, with his two Canadian horses. Walter H. won the 2.24 class in three straight heats, time 2.19. Harold H. won the 2.20 class in straight heats, time 2.17; first half of second heat in 1.05, driven by Mr. Al. Proctor. They start this week at Hornellsville, N. Y.

The High and Public Schools here re-open next Tuesday, Sept. 1, at 9 a.m. It is especially desired that all, particularly High School pupils, should be present on the opening day as the classes are at once arranged, and all should hear the introductory remarks and instructions of the teachers. The High School fees for the first term are \$4, and \$3 each for the second and third terms.

FINAL H. S. REPORTS.

The following have been successful in their examinations. Partial matriculation means that one has still to pass in certain other subjects to complete matriculation:

Partial Matriculation, Part I.—Georgie Boyle, Ralph Kerswill, Roy Kirby, Part II.—John Hadwen. Senior Leaving Examination—Frank N. Bowes.

READ THE TORONTO WORLD.

During the past few years The Toronto World has been building up a remarkable reputation as a reliable authority on finance, commerce and the mining industry. Also for its reports of the live stock market. In these departments The World employs a staff of men specially qualified by actual personal experience to handle the questions with which they have to deal. This is why people interested in these subjects are regular readers of The World.

TORONTO'S EXHIBITION.

The Toronto Industrial Exhibition is now in full swing, and large crowds are viewing the magnificent display of exhibits every day. If the fine weather continues next week the crowd will be enormous. The entries for 1900 are said to include 600 horses, 700 cattle, 1,200 sheep and pigs, 600 of the rarest and best bred dogs, as well as the most magnificent display of poultry and domestic pets this continent can produce. The special attractions in front of the grand stand embrace many sensational acts and performances.

LITTLE NO LONGER.

For some years The Evening Star has been, in many respects, the brightest and sanest newspaper in Toronto, but until lately it has been "a little sheet," and lack of size and style overshadow the best efforts of any publication. Changes and improvements have followed rapidly, and on Thursday last The Star was printed on a new press, capable of turning out 24,000 papers an hour. The Star is a "bright little paper" no longer; it is now a metropolitan afternoon paper of the first class.—Stayner Sun.

A GREAT RECORD.

The reports published a few days ago of Matriculation Scholarships show that Miles Langstaff, of Toronto, who received his early training in the Public and High School here, has taken a wonderful stand, securing no less than five scholarships and being equal with another in the sixth. The young student, who is about 17 years of age secured the Edward Blake scholarship in Classics and Modern Languages, the Edward Blake scholarship in Classics and Mathematics, the Edward Blake scholarship in Moderns and Mathematics, the Edward Blake scholarship in Mathematics, the Edward Blake scholarship in Moderns (Aeq.), and the Mary Mulock scholarship in Classics. It is doubtful if such a stand was ever before taken by any student entering the Toronto University. Recently he has been attending Harbord St. Collegiate Institute.

WOMEN AS INVENTORS.

The world now realizes that there are female geniuses in our midst as well as male geniuses; that they are to be found not alone in the literary world, but likewise in the world of art and mechanics, and, of course, invention. Their achievements in the last mentioned sphere have already been considerable, and they are destined to accomplish much greater things therein than has yet fallen to their lot. The world will thus be greatly enriched and mankind ought to be grateful. Mr. Edison, the great inventor and electrician, has a high opinion of women as machinists. He says that women acquire more fine sense about machinery in one minute than most men do in a lifetime. The distinguished mechanic, it is explained, supports these in a practical way, in that he employs about 100 women workers, for he prefers them as machinists for the delicate details of his electrical inventions. As women are shown to have brains even capable of great inventions, the old reproach of their lack of inventive power ought now to be forgotten. The Inventor's Help of Messrs. Marion & Marion, Patent Attorneys, Montreal and Washington, contains all the information required by inventors. Send 10 cents for such useful book.

COURT OF REVISION.

Some time ago the assessor of the front part of Markham township assessed the rails, poles, wires, etc., of the Metropolitan R.R. at \$1000 a mile for the eight miles. The company appealed against the assessment, and the appeal came up before Judge Morgan on Tuesday. As the court room was occupied in another case the appeal was heard at the Palmer House. Lawyer Lennox of Aurora, took charge of the case for Markham, and among the interested parties were Reeve Quantz, Councillors Summerfeldt and Sisley, Mr. C. H. Stiver, township clerk, and Mr. Walter Scott, assessor. Mr. J. W. Moyes, manager of the road, handled the case for the Metropolitan. Evidence was offered on both sides as to the basis on which the material should be assessed. After sitting some four or five hours Judge Morgan decided to reduce the assessment from \$1000 to \$500 per mile.

FATAL ACCIDENT.

A fatal accident happened on lot 22, 8th con. Markham, the latter part of last week. While drawing in grain a rack lifter fell upon Mr. John Byer, who was thrown against the wheels of a waggon, inflicting a wound on the head from which he died, never having regained consciousness. Deceased was buried on Sunday, when many friends and relatives followed the remains to their last resting place.

DEATHS.

PODSLEY—At Davisville, August 25, Arthur William Podsley, son of Alfred and Florence May Podsley aged 16 months, 18 days. Interment at Mount Pleasant, Monday, August 27. MAGER—At Richmond Hill, on Tuesday, August 28, 1900, Bruce, son of Mr. and Mrs. W. Mager, aged 3 years. MURPHY—At her home, Richmond Hill, on Monday the 27th of August, Catharine, wife of John Murphy, in her 7th year. Interment at Thornhill this (Thursday) morning. SCHELL—At Carrville, on Wednesday, August 29, infant son of George Schell, aged 2 months.

Eckardt & Prentice, auctioneers.

Spavins, Ringbones, Splints, Curbs, and All Forms of Lameness Yield to

Works thousands of cures annually. Endorsed by the best breeders and horsemen everywhere. Price, \$1.50 per bottle. As a liniment for family use it has no equal. West Lorne, Ontario, Can., Dec. 14, 1898.

DR. B. J. KENDALL CO. Dear Sirs—A year ago I had a valuable horse which got lame. I took him to the Veterinary Surgeon who pronounced it splint and gave me little hope, although he applied a sharp blister. This made matters only worse and the horse became so lame that it could not stand up. After trying everything in my power I went to a neighbor and told him about the case. He gave me one of your books and I studied it carefully and being resolved to do the utmost in favor of my horse, went to the nearest store and got a bottle of your Spavin Cure and applied it strictly according to directions. Before the first bottle was used I noticed an improvement, and when the seventh bottle was about half used, my horse was completely cured and without leaving a blemish on him. After ceasing treatment I gave the horse good care and did some light work with him, wishing to see if it had effected a cure. I then started to work the horse hard and to my entire satisfaction he never showed any more lameness through the whole summer. I can recommend Kendall's Spavin Cure not only as an excellent, but as a sure remedy, to any one that it may concern. Yours truly, SAUEL THURTELL. Ask your druggist for Kendall's Spavin Cure, also "A Treatise on the Horse," the book free, or address DR. B. J. KENDALL COMPANY, ENOSBURG FALLS, VT.

THE ORCHARD

Properly handled and cared for pays big dividends. Everyone who owns a little ground can put in a few trees or small fruit plants, and in a very few years have a profitable garden. We are the largest nurserymen in Canada and ship over twenty thousand orders annually and guarantee satisfaction. We want a good man in each township to devote part or all of his time to our work. The general storekeeper, school teacher or retired farmer can add materially to his income by engaging with us—while any good energetic man with a liking for Horticulture, and willing to work hard for a few years, will build up for himself a connection that will insure a steady income year after year.

WILL YOU WORK FOR US?

If you have the ability we have work for you to do. CHASE BROTHERS CO., Ltd., Colborne, Ont. LARGEST NURSEYMEN IN CANADA. ESTABLISHED 43 YRS
