The Liberal.

RICHMOND HILL, November 29, 1900

PROOF WANTED.

The Liberal papers are not un-naturally reminding Mr. H. H. Cook that his exceedingly serious charge that he had been offered a seat in the Canadian Senate for \$10,000 cash, is still before the public upon his unsupported word, and without even an attempt at proof in the face of the Premier's most specific and categorical denial. Opposition papers do not appear to be at all anxious to look into the matter further, but say that Mr. Cook has offered to produce his evidence before a Senate committee if one is appointed. That is all very well. Mr. Cook will no doubt be given all the opportunity he wants in that direction, but it will be two or three months at least before such a committee could possibly meet and the recognized rules of common justice and decency demand that no time should be lost in either establishing the charge or clearing the reputation of those whom Mr. Cook's action places under suspicion. In the meantime the impression is daily becoming more irresistible that had Mr. Cook's allegation been anything more than a rather clumsy attempt to injure the Government on the eve of the election, and had there been any evidence, documentary or otherwise, in proof thereof, it would have been made public long ago.

THE RACE CRY.

As soon as the General Elections were over on the 7th of November it was immediately spread abroad that there was no desire on the part of Conservatives to perpetuate the "Race Cry" in this country. This is always said after the elections are over, but during the campaign there is little to show that the olive branch is thrown out to the French-Canadians as an emblem of peace. Just now there is an election pending in British Columbia, and the following quotations are taken from the Conservative Roseland Record, bearing on the French vote in the General Elections:-

"The result is that the minority which bears a strong anti-British complexion, rules the land, and that Laurier and Tarte control our national affairs and our treasury as the chosen mouthpieces of bigotry, sectionalism, and race greed."

The paper further states that "the Conservative party will not stand by and tolerate the flagrant outrage which has been perpetrated."

The "flagrant outrage" is that a large majority of the French Canadians in Quebec voted for Mr. Laurier in preference to Sir Charles Tupper. In view of Sir Wilfrid's past record his fellow-countrymen can well be pardoned for the crime (?) committed on the 7th of November.

Upon the principles apparently that the false may be made to appear the truth if only it is reiterated with sufficient persistency, Opposition papers are working twenty-four hours a day to convince the people that the Government owes its renewal of power to the French-Canadian vote of Quebec, and that Ontario and the other English-speaking Provinces have recorded an adverse verdict. Such a statement, however, will not survive investigation. Nova Scotia, New Brunswick, and Prince Edward Island in the east, have each largely increased the number of Government supporters returned, and the west sends back more Liberals than it did before. The next day after the elections The World printed across its front page in large letters, "Quebec against the rest of the Dominion." It would be more appropriate to say "Ontario against the rest of the Dominion."

News Notes.

Toronto's "Big Ben" was on Monday placed in position in the City Hall tower, 225 feet from the ground. The bell weighs six tons.

Mr. McColl, Liberal, has been declared elected by acclamation to a seat in the House of Commons for the District of Nipissing.

Special for this week, any of our 25c suspenders in all the newest patterns, for 23c. a pair. Atkinson & Switzer.

The World says that a majority of the York Township Council favor a proposition to remove the township hall and offices from Eglinton to York Mills.

It is not necessary to go away for your furs as we are in a position to give you the best value in furs that can be had anywhere. Atkinson and Switzer.

The Canadian Produce Co. of Toronto, on the 22nd inst., received an order from Great Britain for ten ton of Canadian chicken. This order was obtained from a sample of a few hundred pounds sent six weeks ago. This is the largest order for Canadian chickens ever received, and is a good start for a new Canadian industry.

Something real choice in neckwear, collars, gloves, hose, hats, caps and in fact almost everything in men's furnishings. Atkinson & Switzer.

A fatal hunting accident occurred near Stouffville on Monday, in which a man named McMullen shot the top off his brother's head, instantly killing him. McMullen was shooting a rabbit over a mound beside which was his brother, who rose up and received the full charge of shot. The coroner, Dr. Sangster, decided that an inquest was unnecessary.

It is a high attainment in politeness to allow others to be mistaken. Let a trifling misstatement pass unnoticed where no principle is involved, and when a mistake is past remedy it is best to let the subject drop. The argument of the "I told you so" character is always quite superfluous - Mrs. Burton Kingsland in the December Ladies' Home Journal.

Give It A Little Oil.

An engineer on a locomotive oils his engine several times every day - and the engine "rests" half of every day. Your watch runs day and night continuously; but when did you have it oiled? Are the delicate pivots grinding away on dry jewels to their destruction? Are watches so cheap that you can afford to have yours lose all its good timekeeping virtue by neglect? Bring your watch to me before the injury goes any further. There may be excuse for its poor performance of late. I will examine it, and congratulate you if it needs no attention, and if it does, you shall pay for no more than is necessary to restore it to perfect health.
