## THE FAIR TO-MORROW.

If the weather proves fine to-morrow's Fair should be one of the most successful ever held here. Entries are coming in for the various departments, and the prospects for a large crowd were never better. The \$100 purse for the 2.30 trot or pace should bring some fine horses here, as well as the \$60 purse for the 2.50 race. There will be a broncho running race, and a \$15 prize will be given for gentleman's turnout. The football tournament will commence at 11 o'clock, and in the afternoon there will be four foot-races, a sack race, and several other sports. Our villagers should swell the crowd by their presence. For concert see programme elsewhere in this paper.

## A COMPLETE BICYCLE.

One of the nicest bicycles ever seen in this section of country is on exhibition at THE LIBERAL office. It is the highest grade of Cleveland make, with Dunlop tires, Coaster and Brake and Cushion Frame. The cushion frame represents all the luxury there is in cycle riding, and in preventing jolts, jars, and vibrations makes it possible for one to ride 50 miles with less fatigue than in riding 25 miles on an ordinary rigid frame wheel. The coaster and brake operates by holding the foot stationary on the pedals, which releases a clutch that permits the wheel to run free of the chain and sprockets. By a slight backward pressure the brake is instantly applied. By increasing the pressure the rapidity of the stopping is regulated. It is likewise as quickly released by merely moving the foot forward. The rider at all times has his wheel under perfect control.
