

FRAGRANT SOZODONT

for the TEETH and BREATH

New Size SOZODONT LIQUID 25c
 New Patent Box SOZODONT POWDER 25c
 Large LIQUID and POWDER 75c

25c

At the Stores or by Mail, postpaid, for the Price.

A Dentist's Opinion: "As an antiseptic and hygienic mouthwash, and for the care and preservation of the teeth and gums, I cordially recommend Sozodont. I consider it the ideal dentifrice for children's use." [Name of writer upon application.]
HALL & RUCKEL Montreal.

POLLY MAKING TEA.

The china gleams in blue and white,
 The twilight hour is swift approaching;
 Entranced I note with shy delight
 No other callers are encroaching.

A cup she designates as mine
 With motion of her dainty finger.
 The kettle boils—O drink divine,
 In mem-ry shall thy fragrance linger.

Her kerchief made in style of yore,
 Some fairly surely put the hem on,
 Held sugar such a charm before?
 Was e'er such magic in a lemon?

She turns away with manner coy,
 The firelight shows her beauty clearer;
 Oh, why is teasing such a joy!
 I wish she'd come a little nearer.

We sit and sip—the time flies fast,
 My cup needs filling—project clever!
 She comes, and I—grown bold at last—
 Say: "Polly, make my tea for ever!"

OVERSTOCKED.

I argued and argued with young Nibbs
 To have more self-esteem.
 Was he influenced by your efforts?
 He's got so much now that I can't stay around where he is.

Mother: I am surprised, my dear,
 That you suffer a man to kiss you!
 Daughter: But, mamma, I don't call it suffering.

OWES HIS EYESIGHT TO A MIRACLE.

**INDEBTEDNESS TO DODD'S
 KIDNEY PILLS ACKNOWLEDGED BY THOMAS ST.
 PIERRE.**

**Health Entirely Re-established by
 Dodd's Kidney Pills—Another
 Triumph for That Wonderful
 Remedy—His Eyesight Has
 Been Strengthened.**

St. Epi, Que., July 29.—(Special).
 One year ago a miracle was announced in Chicago. R. A. Wade, the great criminal lawyer, regained his sight after having for years been totally blind. His case was published throughout the length and breadth of America, and it attracted more attention to Dodd's Kidney Pills than any medicine ever got before. For it was Dodd's Kidney Pills that restored his sight.

A similar case has turned up in the village of St. Epi, Que. Though this sufferer was not stone blind, his eyes nevertheless were utterly useless to him by lamplight. And they have been completely restored by Dodd's Kidney Pills, which is another point of similarity.

There is no attempt made to assert Dodd's Kidney Pills are a cure for blindness. Dodd's Kidney Pills are the greatest kidney medicine ever known. That is the claim made for Dodd's Kidney Pills, and there is evidence enough to prove that claim. But in cases where Kidney Disease has left poisons in the blood and the said poisons attacking the weakest spot, injure the eye, Dodd's Kidney Pills are just as infallible as where the poison attacks the joint of the arm or the small of the back. That the eyesight of Thomas St. Pierre was restored is but another argument that Dodd's Kidney Pills make the blood absolutely pure.

Here is Mr. St. Pierre's letter: "I am happy to-day to see my health entirely re-established by Dodd's Kidney Pills. I owe that wonderful remedy a thousand thanks. Before using Dodd's Kidney Pills I had consulted many physicians and taken medicines of various kinds, but each made me worse. I had a constant pain in the back and limbs. At night I couldn't rest and I could not see by lamplight. Having taken only two boxes of Dodd's Kidney Pills I am perfectly cured. My eyesight is clear. I advise all those whose health is not good, from whatever cause, to try Dodd's Kidney Pills. Nine times out of ten they will be exactly what is wanted. Two dollars spent for Dodd's Kidney Pills will do more than millions spent otherwise, for who holds anything in the world more dear than health, or would spare any means to save it?"

HIS FORETHOUGHT.

Streeter tells me he has stopped giving his wife any pin money.
 Stingy of him, I say!

Oh, no. He leaves a smaller amount in his pocket for her to help herself to when she thinks he's asleep. It gives her more pleasure and she never tells him it isn't enough.

LOGIC.

Maud—When are they to be married?
 Ethel—Never.

Maud—Never? And why so?
 Ethel—She will not marry him until he has paid his debts, and he cannot pay his debts until she marries him.

The "North Coast Limited"

Train of the Northern Pacific which created such a furor during its first season, in 1900, is again shooting back and forth across the continent in all the glory of its former days.

This Crack Train of the Northwest, almost entirely new for 1901, is the epitome of modern passenger train construction. The Dining Car with its a la carte breakfast and lunch, and table d'hote dinner for \$1.00; the unequalled Tourist Sleeping car of 16 sections, roomy lavatories and electric lights; the first-class Drawing Room Pullman with two electric lights in each section and the palatial Observation car with two smoking rooms, buffet, barber shop, bath, library of 140 volumes, current magazines, ladies' parlor and observation platform, all together form a train of unusual comfort, excellence, and even luxuriousness even in this day of luxuries.

Of course, broad vestibules, steam heat and steel platforms are there, and there are nearly 300 electric lights on the train, the baggage car and day coaches being thus lighted also.

The train runs from St. Paul to Portland, Oregon, passing through Minneapolis, Fargo, Bozeman, Butte, Missoula, Spokane, Seattle and Tacoma.

Connections from Duluth and Superior and for Helena are made en route.

Send to Chas. S. Fee, General Passenger Agent, St. Paul, six cents for Wonderland 1901, a royal book having a chapter on this royal train.

DANGER IN FRESH BUTTER.

Why is butter salted? It is not merely a matter of taste. There is a scientific reason why salt should be added. The bacterial population of a moderate sized pat of butter may be reckoned by millions; and a tiny lump, only large enough to go into a thimble, has been known to be tenanted by nearly 48,000,000. Hence the urgency for keeping these hordes in check, and hence the efforts which are made, first, to set up effectual barriers to their ingress by taking proper precautions in the production of milk; and, secondly, in the manufacture and distribution of the finished article. Included in these processes is the addition of salt in such quantities as to justify the butter being known as salt butter; or, in other words, to suppress to a large extent the activities of the butter bacteria. That salt does act in this manner is shown by the fact that in butter thus treated a very large reduction in the number of micro-organisms present is effected.

IT WAS PAID FOR.

A late nobleman, in whose character vanity and parsimony were the most remarkable features, was, for a long time before he died, in the habit of retailing the produce of his dairy and orchard to the children and poor people of his neighborhood. It is told, that one day observing a very pretty little female child tripping through his grounds with a milk-pipkin, he stooped to kiss her; after which he said in a pompous tone:

Now, my dear, you may tell your grandchildren, and tell them in their turn to tell their grandchildren, that you had once the honor of receiving a kiss from the Right Honorable the Earl of B—.

The girl looked up in his face, and with a strange mixture of simplicity and archness, remarked:

"But ye took the penny for the milk, though!"

A DAILY THOUGHT.
 You may not see, I may not know,
 The deeds to which our kind words grow,
 But they are never lost, I know.

FROM THE TRAINS.

Passengers Get Glimpses of the Pan-American Exposition.

People travelling from the east and west will come within the zone of the direct influence and spirit of the Pan-American Exposition miles away from the great and glorious spectacle itself. Surrounding the setting of the exposition there are numerous features that will rival the attractions of the great show for public attention, and especially is this true of Niagara Falls. There is no greater or more wonderful eye-feast in the world than the Falls of Niagara, the beautiful gorge, and the dashing tumultuous waters of the Whirlpool Rapids. If they are alert, long before their train stops at Niagara Falls, passengers over the Grand Trunk Railway will come in sight of the mighty observation tower from which searchlight signals will be flashed to the Electric Tower of the Exposition. In fancy one can picture the beam of the powerful projector extending way off toward Hamilton, Ont., to give glad welcome and greeting to the incoming trains laden with humanity anxious to see the falls and the exposition. Speeding across the wonderful gorge the train will carry its passengers in full view of the Falls of Niagara and the Whirlpool Rapids, while the remarkable gorge will stretch out on either side of the greatest railway steel arch bridge in the world. This bridge of the Grand Trunk Railway at Niagara Falls is one of the wonders of the locality, and resting, as it does, one end in the domain of King Edward, the other in the United States, it forms a portion of the industrial bond in the Anglo-Saxon union that forces a realization that no matter on which side of the Niagara we reside, we are all Americans—Pan-Americans.

In Australia spring begins August 20th, summer November 20th, autumn February 20th, and winter May 20th.

TORONTO'S BIG EXHIBITION.

The Prize List for Toronto's great Annual Exposition and Industrial Fair, which this year will be held from August 26th to Sept. 7th, has come to hand. It is printed in yellow shaded with green, and presents a very handsome appearance. Upwards of \$35,000 will be distributed in premiums, and \$30,000 will be spent in features and special attractions. The live stock classes have been rearranged in some instances and the premiums increased in others. A class for French Canadian cattle has been added. Copies of the Prize List and all information desired can be had on addressing H. J. Hill, 82 King St. East, Toronto. Special efforts are being made to increase the excellence of the Exhibition this year on account of the close proximity of the Pan-American.

Between 1860 and 1870 British railways increased 510 miles a year. The present yearly increase is 201 miles a year.

C. C. RICHARDS & CO.

Dear Sirs,—I have used MINARD'S LINIMENT in my stable for over a year and consider it the very best for horse flesh I can get and strongly recommend it.

GEO. HOUGH,
 Livery Stables Quebec.

English people use 257lbs. a head a year of wheat and flour, 16 of bacon, 9 of butter, 40 of eggs, and 85 of sugar.

\$100 Reward, \$50.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
