

ADDITIONAL EVIDENCE.

The Greatest Case in the History of Modern Medicine is Completed by Another Sworn Statement.

THE OTTAWA FREE PRESS SUSTAINED.

A Prominent Ottawa Man Confirms Under Oath Every Statement Made by this Paper in the Original Story Published Nearly Seven Years Ago.

(From the Ottawa Free Press)

Some seven years ago the Free Press published a graphic account of a remarkable case here in Ottawa. A man named George H. Kent had been cured of Bright's Disease after the doctors had given him up to die, and the Free Press reporter, after a most thorough investigation, published the whole story in detail, giving credit to Dodd's Kidney Pills for the most miraculous cure.

The following sworn statement was given by Mr. Kent in order to substantiate the almost incredible statement made by the paper in its account of the case.

(Sworn Statement, Feb. 16, 1895.)

I, George Henry Kent, resident at 114 Cambridge Street, Ottawa and employed as a printer in the British American Bank Note Printing Company, in the said City of Ottawa, do solemnly declare that I consider it a duty to myself and to my fellowmen generally to make a declaration as to the efficiency of Dodd's Kidney Pills.

1. That I found them in my terrible case of Bright's Disease, from which I suffered for almost one year, of the greatest medical value. I can say confidently and assure anyone interested, or a sufferer, that I positively owe my life and present excellent health to the results brought about by their use. I was taken sick and confined to my bed on December 28th, 1893, and was successfully treated for La Grippe, then Pleurisy, followed by Kidney Troubles, and latterly Bright's Disease. I lost the use of all my limbs; my entire body became swollen to a terrible size, and my skin became as hard as and similar to leather the pores all having closed up, and I suffered the most agonizing pain. I was subject to periodical spells of utter prostration and insensibility, to a state of absolute coma. I was also a victim of dangerous convulsions in which my facial expression and other muscles would become severely contorted and tense.

2. My regular physician attended to me, and, though medical consultations were held over my case by two city doctors, nothing could be done. My case grew gradually worse and latterly I was given up as hopeless. My wife, friends and neighbors were certain from what they saw and were told by the visiting doctors that I would die in a very short time.

3. My wife was casually reading a newspaper about this time, and saw a description of a similar case, in which a patient gave testimony of the relief and cure that had been effected on him by Dodd's Kidney Pills. I started to take them right away, and from the first pill I discovered a change for the better. After the first box I was wonderfully improved, and at the end of the fourth I was sure I was to get well again. I continued taking them until the seventeenth box, and I can now positively declare that I am perfectly cured and able to do a day's work with any of my comrades in the shop, and Dodd's Kidney Pills undoubtedly cured me, because from starting to take them I took no other medicine whatever.

AND I make this solemn declaration, conscientiously believing the same to be true, and by virtue of the ACT RESPECTING EXTRA JUDICIAL OATHS.

Declared before me at the City of Ottawa, in the County of Carleton, this 16th day of February, 1895.

G. H. KENT,
(Sgd.) CHAS. A. BLANCHET,
A Commissioner, etc.

The Free Press in the article published in 1895 stated most positively that Dodd's Kidney Pills and nothing else were entitled to the credit of having saved the dying man's life, and this was most emphatically endorsed by Mr. Kent in his sworn statement. The Free Press also said without qualification that the cure of Mr. Kent was an absolute and permanent one. And while Mr. Kent could not make a sworn statement as to the future, he stated that he felt he was permanently cured.

Notwithstanding this there were many who could not believe that a man with one foot in the grave as

Mr. Kent was could get a lasting cure.

It occurred to the Free Press the other day that it would be interesting to enquire now, after the lapse of nearly seven years, as to how Mr. Kent was feeling.

He had removed to 408 Gilmour Street, and at that address a Free Press reporter found him.

After reminding Mr. Kent of the article and his affidavit the newspaper man asked him point blank—

"Have you lost any time from your regular work since you were cured of Bright's Disease by Dodd's Kidney Pills in 1895?"

"Not a minute," answered Mr. Kent promptly.

"Have you since had the slightest symptoms of your old kidney trouble or anything like it?"

"Not the slightest," he said.

"You are sure that Dodd's Kidney Pills and nothing else saved your life and restored you to your present good health?"

"Absolutely sure. Why, my wife and I are so grateful to Dodd's Kidney Pills that we have christened our little girl, born in December, 1896, by the name of 'Dodds.' This shows you better than anything I can tell you to what we attribute my recovery. I owe my life to Dodd's Kidney Pills."

"Would you be willing in order to confirm our story published in 1895 to make another sworn statement?" asked the scribe.

"If it would do you any good I have no objections," answered Mr. Kent. "The Free Press was certainly well within the truth in every statement they published about my case."

Mr. Kent, at the request of the Free Press, has given the following sworn statement:—

SWORN STATEMENT, OCT 3, 1901
I, GEORGE HENRY KENT, resident at 408 Gilmour Street, in the City of Ottawa, and employed as a printer at the American Bank Note Company in the said City of Ottawa, do solemnly declare:—

1. That on February 16th, 1895, I, George Henry Kent, then resident at 114 Cambridge Street, Ottawa, did appear before Charles A. Blanchet, Commissioner, etc., and before him on that date did make a solemn declaration regarding my recovery from Bright's Disease by the use of Dodd's Kidney Pills and setting forth the facts of my case and its cure.

2. That in the declaration I set forth that I believe that I was absolutely and permanently cured by Dodd's Kidney Pills after the doctors had given me up to die.

3. That I am now absolutely certain that Dodd's Kidney Pills and nothing else saved my life and I hereby unhesitatingly reaffirm every statement made in my declaration before Mr. Blanchet on February 16th, 1895.

4. That I have never since that date had the slightest symptom of the return of the Bright's Disease or any Kidney Trouble, having enjoyed unremitting good health and having worked steadily and without interruption full time at my regular employment as a printer every working day from the day Dodd's Kidney Pills sent me back to work to the date of this declaration.

5. That in evidence of my gratitude to Dodd's Kidney Pills for having saved my life, my wife and I have christened a little daughter born to us in December of 1896 by the name of "Dodds."

6. That I have recommended Dodd's Kidney Pills to many people in this city and elsewhere, who having heard of my wonderful escape from death by their use have called on me or written to me enquiring about them; and having followed many of these cases closely, I know of no case where they have been used according to directions that has not been cured, and I know positively of my own personal knowledge of several extreme cases where Dodd's Kidney Pills have effected satisfactory and permanent cures.

And I make this solemn declaration, conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by

THE FEAR OF MICROBES.
Everything we eat and drink and wear runs the gauntlet of germs to an extent which nervous people had better not contemplate. Far too much fuss is made of them. If we listened to all these scares there would be nothing left to do but to get into a bath of carbolic acid and stop there until starvation freed us from the dangers of life.

Nothing could be more convincing than this plain declaration made by Mr. Kent, and the Free Press is pleased to be able to present such a complete and emphatic confirmation of our article of 1895.

The Kent case, must, therefore, go on record as the most wonderful cure ever heard of in this city or province. Every detail of which has been carefully substantiated by sworn evidence.

To Dodd's Kidney Pills is due all the credit for having rescued and restored this dying man and that after all hope had been abandoned and the cold waters of the river of death were lapping at his feet.

Mother—"Tommy, how are you going on at school?"
Tommy—"First rate, ma."
"Mention the names of some of the domestic animals."
"The horse, the dog, the pig."
"Mention some more, Tommy."
"The goose, the hen, and the duck."

Deafness Cannot be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.
