The Liberal.

RICHMOND HILL, January 2, 1902

A WAY SHOULD BE FOUND.

At the nomination meeting in the Council Chamber on Monday, it was pointed out and freely admitted by those present that several cases of rowdiness had taken place in the village during the past few months, but that the perpetrators had escaped punishment. It was also shown that disgraceful conduct had been indulged in at public entertainments in the hall. While this disgraceful conduct was deplored by all those who spoke on the question it seemed to be the general opinion that the Council had no power to deal with the matter.

THE LIBERAL is not prepared to point to any particular section in the Statutes governing the case, but our plan would be to have it understood that part of the duties of our Village Inspector—who is County Constable—is to be present at places where there is likely to be trouble. Should an individual act the rowdy or make himself a nuisance at an entertainment or public meeting we would have the constable remove him at once. Then if the party removed feels he has a grievance let him seek for justice. A few dollars as a test case would be money well spent. This, in our opinion, would be better than to admit that the Reeve and Council have no power to maintain good order within the limits of our village. We have great faith in the adage, "Where there's a will there's a way."

The world last Saturday contained an article in which it was pointed out that since the death of Sir John Macdonald the Conservative party had no one to cheer for. The World referred to the Conservative leaders as "a clique of incompetents working by underhand methods, doing their little utmost to prevent anyone coming forward that the Conservatives could cheer for." This is hard on Mr. Whitney, Sir Charles Tupper, Mr. Borden and other leaders. It is certainly noticeable that the Liberals of the Dominion and this province are always proud to refer to their leaders, Sir Wilfred Laurier and Hon. G. W. Ross, whereas for the Conservatives to raise any enthusiasm it is necessary for them to speak of the late Sir John Macdonald.

On the front page of THE LIBERAL this week may be seen Mr. Arch. Campbell's address to the electors of West York. This address covers many questions and should be carefully read by the electors before they cast their votes.

A REMARKABLE STORY.

A Discovery of an Almost Certain Cure for Rheumatism and Kindred Diseases.

Amongst the greatest discoveries of the age of relief of human suffering. Perhaps none take so high a place as Dr. Clark's Little Red Pills. The formula from which these pills are made was the result of many years of study and experiment. It is with the greatest confidence therefore, that the proprietors place these pills on the market, and so satisfied are they that they will prove a blessing to suffering humanity, that they make the following offer: To any one who is a subject of rheumatism (no matter how long standing) or any blood disease, as enumerated below, and will give Dr. Clark's wonderful Little Red Pills a fair and impartial trial and do not find a perfect cure, we will refund the money paid for the pills. If no substantial improvement is observed, we will in addition pay \$10 in cash on satisfactory evidence being supplied us to this effect.

We have yet to know of a single case where these wonderful pills have not been almost entirely successful in affecting a cure. CANADA CHEMICAL CO. Peterborough, Ont.

Dr. Clark's Little Red Pills are a certain cure for rheumatism, asthma, paralysis, catarrh, eczema, coughs, backache, indigestion, stomach and liver troubles, female complaints, even when the diseases have been standing for many years. Price 50 cents per box. For sale by W. A. Sanderson, Druggist.

Dr. Clark's Sure Cure for Catarrh, and Dr. Clark's Sure Cure for Eczema same price. \$10.00 will be paid for any case they will not cure.
