THE FORCE OF CYCLONES.

Careful estimates of the force of a cyclone and the energy required to keep a full-fledged hurricane in active operation reveal the presence of a power that makes the mightiest efforts of man appear as nothing in comparison. A force fully equal to over 400,000,000 horse-power was estimated as developed in a West Indian cyclone. This is about fifteen times the power that can be developed by all the means within the range of man's capabilities during the same time. Were steam, water, wind-mills and the strength of all men and all animals combined, they could not at all approach the tremendous force exerted.

CHILDHOOD INDIGESTION.

Often Leads to Serious Trouble Unless Prompt Steps Are Taken to Check it—How This Can Best Be Done.

Indigestion is a trouble that is very common in infancy and early childhood, and unless prompt measures are taken to control it the result is often very serious. It prevents the proper growth of the child and weakens the constitution, so that he is unable to resist other diseases that are more dangerous. Fortunately, however, the trouble is one that is easily controlled. Proper food—not too much, but absolutely pure—plenty of fresh air, and Baby's Own Tablets, freely administered according to the directions, will soon put the sufferer right, and make both mother and child happy. Mrs. W. E. Bassam, of Kingston, Ont., is one of the many mothers who has proved the truth of this statement. She says: "When my little girl was about three months old, she had indigestion very badly. She was vomiting and had diarrhoea almost constantly. She was very thin, weighed only four pounds and although she had a ravenous appetite her food did her no good whatever. I had tried several medicines but they did not help her. Then I heard of Baby's Own Tablets, and procured a box. After giving her the tablets for a few days the vomiting and diarrhoea ceased, she began to improve at once, and grew plump and fat. I always give her the Tablets now when she is ailing and the result is always good. Baby's Own Tablets are the best medicine I have ever used for a child."

These tablets will promptly cure all the minor ailments of little ones, such as sour stomach, indigestion, colic, constipation, allay the irritation accompanying the cutting of teeth, etc. They are good for children of all ages, and crushed to a powder or dissolved in water can be given with absolute safety to the youngest infant. If you cannot obtain Baby's Own Tablets at your druggists, they will be sent post paid at 25 cents a box by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

A GUARANTEE—"I hereby certify that I have made a careful chemical analysis of Baby's Own Tablets, which I personally purchased in a drug store in Montreal. My analysis has proved that the Tablets contain absolutely no opiate or narcotic; that they can be given with perfect safety to the youngest infant; that they are a safe and efficient medicine for the troubles they are indicated to relieve and cure."

Mrs. Wyles—"Did your husband give you anything for a birthday present?" Mrs. Styles—"Indeed, he did." "Did it have your name on it?" "Yes, and my husband's name too." "That's just like selfish man. He must share the gift with you." "But he didn't." "What was his name doing on it, then?" "It wouldn't have been any good without it. It was a cheque."

DRINKING A TOAST.

The origin of the word "toast" in drinking a health is interesting. The drinks most in use in the seventeenth centuries were sack, canary, claret, sherry and others, to which it was customary to add honey, sugar, ginger, cinnamon and other ingredients; also a piece of toast, which floated on top of the liquor and was supposed to give it an additional flavor. Later on, in the eighteenth century, Dr. Johnson relates: "A certain beau, being at Bath, pledged a noted beauty in a glass of water taken from her bath, whereupon another roysterer cried out he would have nothing to do with the liquor, but would have the toast—that is, the lady herself." From this incident, it is said, arose the habit of giving a lady's name to preface or flavor the drinking of wine. Hence a popular lady whose health was often drunk became "a toast" or "a great toast." Later the word has come to mean any sentiment which prefaces a drink.

SNAIL RACES.

Some Florentian experts in snailology, finding time hang heavy on their hands, conceived the idea of accurately calculating the travelling speed of snails, and, with this end in view, it was decided to make a series of more or less elaborate experiments. Half-a-dozen of the molluscs were permitted to crawl between two points 10 feet apart. Exact time was kept from the start to the finish, and thus the average pace was ascertained. The experimenters reduced their figures into tables of feet, and thus found that it would take a snail exactly fourteen days to travel a mile.

THE MOST THRIFTY PEOPLE.

Norwegians are surely the most thrifty of Europeans. The average age income of the inhabitants of Norway, according to the census of 1901, is 326 kroner, or about \$85 a year. Small as this is, the people are able to save, for there is a savings bank for every 5,000 inhabitants, one depositor for every 2.8 inhabitants, with an average deposit of 119 kroner.

ENGLISH LANGUAGE.

To give some idea of the tremendous growth of the English language it may be mentioned that the words and phrases under the letter "A" have increased in fifty years from 7,000 to nearly 60,000. So enormous, indeed, has been the growth of the English language that it would be practically impossible for the most learned man to be acquainted with every word. Intelligent persons, even those engaged in the learned professions, do not make use of more than from 6,000 to 8,000 words all told, although there are properly belonging to our language over 200,000.

TO WEAK WOMEN EVERYWHERE.

MRS. MAXWELL TELLS HOW MUCH PAIN AND SUFFERING MAY BE REMEDIED.

A Very Interesting Statement by an Elora Lady—She Has Found a Panacea for All Female Weakness and Wants Every Woman in Canada to Know of it.

Elora, Ont., Jan. 13 (Special). Mrs. Maxwell of this place has written for publication a very strong letter in which she claims that Dodd's Kidney Pills have cured her of Female Weakness after she had tried almost everything else.

This good lady, according to her statement, suffered for a long time with kidney trouble, enduring the greatest pain with a dizziness and headaches that made her very ill. She was passing through what is always a critical period in every woman's life and her troubles were considerably increased by this. Indeed her life was for a time in great danger.

She says she used Dodd's Kidney Pills with the most remarkable results, being almost instantly relieved and in a very short time completely cured and restored to good health. She is very grateful and in her letter she says: "I cannot find words to express my gratitude to God for my marvellous cure. Dodd's Kidney Pills are the greatest medicine in the world especially for those of my age."

"I could scarcely move hand or foot I was so dizzy, and violent pains would shoot through my whole system, but now thanks to Dodd's Kidney Pills I feel well and smart." This case and its cure has created quite a sensation and Mrs. Maxwell's full and frank statement of the matter has been the subject of a great deal of comment.

Dodd's Kidney Pills seem to be an infallible cure for Diseases of Women as well as for Rheumatism, Diabetes, Bright's Disease and all Kidney disorders.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is out of order deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by a cathartic, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
