

Spray Your Trees

Now is the Time to Prepare

The undersigned having become agent for a self-acting, or automatic, sprayer, is prepared to furnish all who desire to become the owner, on short notice. It is cheap and simple in its operation. Is easily operated. Can be carried by a shoulder strap, or by hands like a pail. Will throw the spray over any ordinary fruit tree. Can be used for spraying potatoes, doing the work in very much shorter time than the ordinary way; as a fire extinguisher; for spraying cattle; for washing windows, or buggies, in fact any work requiring a sprayer.

The undersigned will be happy to show the machine and its working to anyone desiring a sprayer.
