The Liberal.

RICHMOND HILL, April 24, 1902.

MR. WHITNEY AS A PURIST.

Mr. Whitney cuts a poor figure in posing as a moral reformer in the present campaign. If he would manifest a desire to punish wrongdoing wherever it is found, he would have the good-will of thousands of honest electors. He is ever ready to condemn those who are opposed to him in politics, but never seems to see that any blame can be attached to his political friends. A man who can only see far enough to blame one side, cannot be taken as the apostle of electoral purity. Unfortunately many of the elections on both sides are not as free from crookedness as they ought to be, but it is folly to say that the guilt is all on one side.

Mr. Whitney never delivers an address without referring to the heinousness of the transactions in the West Elgin bye-election, but who ever heard him condemn the corruption proven in the South Ontario election a short time before. There was undoubtedly some crookedness on the part of certain Grits in West Elgin, but the Government was no more to blame in that election than Mr. Whitney himself was in South Ontario.

The leader of the Opposition challenged the Government to investigate the West Elgin election. The Government accepted the challenge, and appointed three judges, including Judge Morgan of York County, to enquire into the charges of wrongdoing. Mr. Whitney seems horror-stricken when he refers to the burning of the ballot-papers in West Elgin, but the worst the Commissioners found was carelessness among the officials. The following paragraph relating to this case is taken from the Commissioners' report:

"The commissioners can arrive at no other conclusion upon the evidence of all parties engaged in the destruction of the ballots, etc., than that the said box with its contents was inadvertently taken with the other boxes containing the general election returns from the vault to the furnace and there burnt. The evidence satisfies us that the said box with its contents was not destroyed with design or deliberate purpose, but it indicates an absence of that care and caution in calling over, checking and scrutinizing the boxes and packages containing the ballots and other election papers, which should be observed in transferring such important papers from the vault to the furnace for the purpose of the Statute."

How glaring were the frauds practised on the electors in South Ontario in 1898 when Mr. Calder defeated Hon. John Dryden. That election cost the Conservatives over \$7,000, and Mr. Wm. Smith, a Tory ex-M. P., admitted under oath that he spent \$1,200 in buying votes in that election. In giving judgment Judge Ferguson remarked:—"I think Mr. Smith's evidence cannot be too strongly condemned. I have nothing to say to him, but that his evidence is the most glaring piece of corruption I ever heard."

The Mail and Empire on Monday called upon the electors to defeat the Liberal party and the Ross Government on the 29th of May, giving as a reason that "thirty years is too long for any body of men to rule, and as a consequence a change is called for." The electors will scarcely think the above a sufficient reason for turning out a Government in a province that has enjoyed, and is enjoying such wonderful prosperity. No other province in the

Dominion stands in so happy a financial position as Ontario does today, and this proud position could not have been achieved under a bad or corrupt government.

Mr. Hill, the Liberal candidate for West York, and Hon. E. J. Davis, the Liberal candidate for North York, have written their political opponents to hold a series of joint meetings up to election day, but both Mr. St. John and Mr. Lennox have declined the invitation. This will be a disappointment to many of the electors who prefer to hear the political questions discussed from different standpoints from the same platform. The East York electors would be pleased to learn that Mr. John Richardson and Mr. J. W. Moyes had arranged a series of joint meetings.

A section of temperance workers in West York have sent letters to Mr. W. J. Hill and Mr. J. W. St. John asking for an expression in writing of their attitude on the question of Provincial prohibition. This looks very much like a political dodge. Everybody knows Mr. Hill's position on this question. Only a few weeks ago he voted with his leader, Hon. G. W. Ross, to support a prohibitory measure if the electors show conclusively by their votes that they desire such a measure. And as Mr. St. John appears on the same platform at political meetings with Mr. Whitney who is opposed to prohibition altogether, there is no reason to think he holds opinions different from his leader on this important question.

A REMARKABLE STORY.

A Discovery of an Almost Certain Cure for Rheumatism and Kindred Diseases.

Amongst the greatest discoveries of the age of relief of human suffering. Perhaps none take so high a place as Dr. Clarke's Little Red Pills. The formula from which these pills are made was the result of many years of study and experiment. It is with the greatest confidence therefore, that the proprietors place these pills on the market, and so satisfied are they that they will prove a blessing to suffering humanity, that they make the following offer: To any one who is a subject of rheumatism (no matter how long standing) or any blood disease, as enumerated below, and will give Dr. Clarke's wonderful Little Red Pills a fair and impartial trial and do not find a perfect cure, we will refund the money paid for the pills. If no substantial improvement is observed, we will in addition pay \$10 in cash on satisfactory evidence being supplied us to this effect.

We have yet to know of a single case where these wonderful pills have not been almost entirely successful in affecting a cure. CANADA CHEMICAL CO. Peterborough, Ont.

Dr. Clarke's Little Red Pills are a certain cure for rheumatism, asthma, paralysis, catarrh, eczema, coughs, backache, indigestion, stomach and liver troubles, female complaints, even when the diseases have been standing for many years. Price 50 cents per box. For sale by W. A. Sanderson, Druggist.

Dr. Clark's Sure Cure for Catarrh, and Dr. Clark's Sure Cure for Eczema same price. \$10.00 will be paid for any case they will not cure.
