**BUILDING UP  
A REPUTATION**

Reputations in the Jewelry Business are not built in a day. It takes time to establish public confidence and a belief in a consistent and unvarying adherence to declare business principles.

Repairing cheap watches and keeping a good reputation as a watchmaker is a difficult matter. Its better to buy the right article in the first place.

Examine my line of watches; if they are not "up to the mark," let me know where better ones can be procured. The price and design is all you need to consider. I hold myself responsible for the quality.

you shear your sheep, but wash them clean, and shear before the wool becomes cotted.

It is now an acknowledged fact that we have been paying Toronto price for wool in cash, and 2c. per lb. more in trade for a number of years, and would say that we are prepared to do the same this year. We have always made it a specialty of making our woollen goods out of pure wool, using neither cotton, shoddy nor inferior stock of any kind. We have a good stock of Blankets, Sheetings, Flannels, Cloth, Yarns of all kinds, and selling them at lower prices than ever before; in fact we will not be undersold by any one for the same quality of goods. Have also a good stock of socks, pure wool, full, which makes them warmer, softer and better than home-made, appreciated by every one who sees them, and selling them from 15c. to 30c. per pair—and will knit other sizes to order. If you have got any wool to sell or trade for woollen goods, or to be manufactured, go to **Almira Woollen Mills.** We appreciate your trade and will do the best we can for you.
