## THE CONCERT.

The concert given in the Agricultural Hall on the evening of Victoria Day, under the auspices of the Agricultural Society, was well patronized by the public. The seating capacity was well taxed, and many had to stand at the rear of the hall. The judges and all those who wore complimentary badges were admitted free, and the proceeds amounted to \$217. Mr. J. H. Sanderson acted as chairman, and although there was a little talking at times the order on the whole was good, and reflected credit on all concerned. The Governor-General's Body Guard Band appeared three times in the first part of the program, and their selections were well received. Miss Mae Dickenson in song and guitar accompaniment was pleasing, the large audience enjoyed Miss Jessie Irving's elocutionary numbers, and Mr. Harry Rich was encored again and again in humorous pieces. In fact every performer on the program was forced to respond to encores. Little Miss Alice Ramsay proved herself an adept in Irish and Scotch dances, and Mrs. Ramsay played the piano accompaniments during the evening with grace and good judgment. Owing to the lateness of the hour, the chairman requested the audience to ask for no encores in the last part of the program, and this was adhered to except in the case of the comic singer. The concert closed with "God Save the King."

## No Matter When

you shear your sheep,  
but wash them clean,  
and shear before the  
wool becomes cotted.

It is now an acknowledged fact that we have been paying Toronto price for wool in cash, and 2c. per lb. more in trade for a number of years, and would say that we are prepared to do the same this year. We have always made it a specialty of making our woolen goods out of pure wool, using neither cotton, shoddy nor inferior stock of any kind. We have a good stock of Blankets, Sheeting, Flannels, Cloth, Yarns of all kinds, and selling them at lower prices than ever before; in fact we will not be undersold by any one for the same quality of goods. Have also a good stock of socks, pure wool, fulled, which makes them warmer, softer and better than home-made, appreciated by every one who sees them, and selling them from 15c. to 30c. per pair—and will knit other sizes to order. If you have got any wool to sell or trade for woollen goods, or to be manufactured, go to *Almira Woollen Mills*. We appreciate your trade and will do the best we can for you.
