The Liberal.

RICHMOND HILL, June 12, 1902

The Toronto Evening News of Monday contained the following item:—

The French Conservative leader in the House of Commons, Mr. F. D. Monk M. P., stated in the course of an address to the Club Morin that he had gone to the assistance of Mr. Whitney in the recent Ontario election because Mr. Whitney had promised solemnly to put an end to the grievance of which their fellow-countrymen in that province complained, namely, that they were not represented in the Cabinet, although they form a minority as strong as that in the province of Quebec. Mr. Monk added that Dr. Beaudry, who was elected in North Essex, would be a Minister to-day had Mr. Whitney been successful.

When such a direct promise has been made some people may think it a pity that Mr. Whitney has not been able to deliver the goods. Mr. Monk has made a similar charge against Sir Wilfred Laurier, saying that French Quebec has not received fair treatment from the hands of the Dominion Premier. Mr. Monk and Mr. Whitney are treading on dangerous ground. Let the best men be selected for the positions irrespective of their race. The alleged injustice to French Canadians is only imaginary.

The Markham Economist pointed out last week that through an error in the office of the Clerk of the Peace, 9 Liberal voters were left off the list in the village of Stouffville. These names would have increased Mr. John Richardson's majority by nine. Had these voters been Conservatives there would have been a tremendous howl at The World office, and the Mail and Empire would possibly have called upon the Lieut.-Governor to dismiss Hon. G. W. Ross from office, as that paper did when it was learned that the fugitive, Duncan Bole, was an agent for the Manufacturers' Insurance Company, of which Association Mr. Ross is president. It is true the said Duncan Bole was an agent of the company many years before Mr. Ross was connected with that institution but that would not matter in the eyes of the Mail.
