Grain Bags—A large stock of grain bags at Toronto prices. Naughton Bros., Elgin Mills.

WHEN?

"When are the new books to be placed on the shelves in the Public Library." This question is naturally asked by our citizens. New books to the value of about \$50 were purchased a month ago, but the librarian is waiting for the balance of the order before the new books are catalogued. As many books have to be imported we think that the Purchasing Committee should complete their order with as little delay as possible.

XXX White Wine vinegar, 25c. gal.; Concord Grape vinegar, 55c. gal.; Golden Syrup vinegar, 40c. gal. Atkinson & Switzer.

HISTORICAL LOCALITIES.

The new publication, "Historical Localities of the County of York," to which we referred in last week's issue of THE LIBERAL, is meeting with unprecedented success, being liberally subscribed to by the representative people in each community. The information which is being collected, and photos taken from which engravings are being made of places of interest in each town and village in the County, will make the book extremely interesting and its value considerably enhanced as the years advance. The York Pioneer and Historical Society, under whose auspices the work is being published, numbers among its members men of prominence throughout the county.

Blankets—We are showing great value in blankets. A large all wool blanket, extra quality, \$2.95. Naughton Bros., Elgin Mills.

A meeting of the Tennis Club will be held in Mr. H. A. Nicholls' office this (Thursday) evening at 8 o'clock. A full attendance of members is requested.

The W. M. S. held their annual meeting last Thursday. Reports were read in the different branches of the work and were all very encouraging. Officers were elected for the coming year, and committees formed to carry on the work. At the October meeting arrangements will be made for the annual entertainment, to be held somewhere about the middle of October.

RICHMOND HILL PEACHES.

Mr. W. T. Storey has picked during the past week more than a basket of peaches from a tree planted in his garden five years ago. Some of the peaches measured nine inches in circumference, and we venture to say the quality and flavor of the fruit was equal to any that came from the Niagara District this year.

RICHMOND HILL-AURORA LOST.

The Richmond Hill-Aurora lacrosse team of last Saturday proved to be a very strong combination, giving the best exhibition of our national game ever witnessed in Aurora, and it is safe to say that if this team play in the C. L. A. next season it will make a very strong bid for the Intermediate Championship. The Shamrock team was strengthened by Graydon and Bond of the Tecumseth team, and Taylor of the Torontos, but even with this assistance they could not cope with the Richmond Hill-Aurora's fleet home, who managed to keep the ball on the Shamrock defence three-quarters of the time. Through poor shooting, however, they did not locate the nets but twice. Campbell in goal and Graydon at point and Taylor at third defence, were the best of the Shamrock team, and though every man on the combined team played a first-class game, Michael, Pringle, Browning, Urquhart, McKenzie, Clifford and Trench were the particular bright stars. At the close the game stood 3 to 2 in favor of the Shamrocks of Toronto Junction.

MR. CONLIN'S DEATH.

Oscar W. Conlin, late Principal of the Richmond Hill Public School, died yesterday morning at 2.30, after being confined to his bed a little less than three weeks. His illness, however, dates considerably further back. He spent part of his holidays on a steamer between Collingwood and Sault Ste. Marie, but not feeling well he left the lake about the middle of August, and spent the balance of the vacation at his father's home near Bowmanville. He resumed his duties in the school on the 2nd inst., but only taught three days when he was forced to take his bed. A doctor was at once called in, and it was learned in a few days that he was suffering from typhoid fever. Skilled nurses were engaged, the patient received every attention and every care, but though he seemed to rally a little about a week ago, he soon lost ground again, and passed quietly away early on the morning of the 24th. Seldom has an illness or death been the cause of so much feeling and tender sympathy here. Always kind and agreeable he was a general favorite, and was beloved by his pupils—yes, by the whole village. Everybody here seemed anxious about his recovery, school scholars and other friends kept his bed-room scented with the flowers which he loved, but nothing could save him. At one o'clock yesterday a short service was held at the home of Mrs. G. Wiley, where he had boarded during the two years he had taught here, and where he was highly esteemed. His pastor, Rev. Mr. Grant, conducted the service, and referred to the Christian character of deceased who was a member of his church. He had visited Mr. Conlin almost every day during his illness, and was pleased to bear testimony to the fact that he had made his peace with God. During the service his favorite hymn, "Take Time to be Holy," was impressively sung. Many beautiful floral tributes—emblems of love and affection—lay on and around the casket, among them being the following: A pillow from the Board of Education, teachers and pupils of the Public School; a wreath from his own class; an anchor from the tennis club; a spray from the W.C.T.U.; a bouquet from Mrs. McNair; a spray from The Willing Workers; roses from the young ladies of the Presbyterian Church; a spray from the Mission Band; a bouquet from Miss Paulin; and many others. The Public School was closed during the day, and every mark of esteem shown to the departed friend. After the service the remains were conveyed to the Union Station, to be accompanied to their sad home by the father and brother, both of whom were here during the greater part of the illness. The deepest sympathy is felt for the relatives, and especially for the mother, who was often called in fever's delirium, but who was unable to be with her son in his last hours.
