**The Liberal.**

RICHMOND HILL, January 15, 1903  
 CHARGES WITHOUT PROOF.

There is little doubt the province of Ontario is suffering by the incessant charges of corruption, robbery, ballot-box stuffing, etc., made by Mr. Whitney, the Mail and Empire and some other conservative newspapers, against the Ross ministry and the Liberal party. It is needless to state to those who read that in nineteen cases out of twenty there is no attempt made to prove the charges. For weeks before the bye-elections were held it was claimed that the day of polling would end the Ross Government forever. That all that the electors of those three ridings required was a chance to show their condemnation of the ministry. Well, the elections were held on Wednesday of last week, and the result is known. Every seat was carried by the Liberals with large majorities. But the triumph of the Liberals only added to the indignation and disappointment of Mr. Whitney and The Mail. The very next morning The Mail's leading editorial was headed in these words "Every Seat Stolen." And Mr. Whitney followed with alleged reasons pretending to show that the Liberals had gained nothing by the day's voting, and making the usual charges.

Mr. Whitney and The Mail are discredited by the reading public, and have lost any influence they formerly had. They lost the three bye-elections last week, and they should lose if they have nothing better to offer than abuse of their opponents. There is every reason to believe that they shout loudly about ballot-box stuffing and other kinds of Grit wickedness merely to deceive, and to draw the attention of the public away from themselves. If the recent bye elections were stolen by the Government, or for the Government, the thing should be exposed. But if false and criminal charges are made merely to deceive the electorate the party making the charges deserves to suffer defeat as they did last week. Nothing will be accomplished by preaching purity of elections if one party simply makes unfounded charges against its opponents, and deliberately closes its eyes to the sins of its party friends.

**THE THREE NORTHS.**

The Liberal majorities in the three bye-elections held on Wednesday of last week are larger than at first reported. In North Norfolk Mr. Little's majority has been raised to 100; in North Grey Mr. McKay defeated his opponent by 272; and in North Perth the official returns show that Mr. Brown's majority was 269. At the General Elections in May last Dr. Snider, Conservative, carried North Norfolk by 23; J. C. Monteith, Conservative, won North Perth by a majority of 2; and A. G. McKay carried North Grey by only 5 votes. It is only reasonable to conclude, therefore, that a pretty strong reaction has taken place in favor of G. W. Ross and his colleagues.

There appears to be a strong feeling both in Canada and in the United States in favor of the removal of duties on coal passing between those two countries. At the present time anthracite coal is admitted free into Canada, but the duty on soft coal is 53 cents per ton. The American duty is equal to about 60 cents on a ton of 2,000 lbs. If all the duty were removed it would have a tendency to reduce the price and increase the supply.

**Mount Pleasant**

Mrs. J. McLean of this town, has been visiting for some time past with friends in Peterboro.

It is with feelings of sadness that we are called upon to report the sudden death of Oscar Gardiner, the son of Mr. Thos. Gardiner. He was about twenty-one years of age, and the only child left of several of a family. We extend our sympathy to the parents in this their time of trouble.

The butter factory in the town is doing good business for the farming community, and living under a good and prosperous Government in Ontario, now in full power for another term of four years, one may look for a continued reign of prosperity. Our merchants and business men are well satisfied with the results of their sales in 1902.

Roads are almost impassable from the late snow fall.

Mr. Editor, perhaps some of your readers can explain this Single Tax Movement going on in the papers just now. Are we to understand that a tax is to be placed on every single individual who has come to the age of union? or is it intended for the ladies only who are now occupying the places of young men, who are the means of so reducing their salaries that they are really unable to form a union with a lady, no matter how much they may desire to do so. Really I think it is full time when something should be done to terminate this state of things. Kindly explain Single Tax.

WANTED—A TRUSTWORTHY GENTLEMAN or lady in each county to manage business for an old established house of solid financial standing. A straight, bona fide weekly salary of \$18.00 paid by check each Wednesday, with all expenses direct from headquarters. Money advanced for expenses. Manager, 410 Carlton Bldg., Chicago. 8-25
