

LOCALS.

Roll call in the Epworth League Friday evening of this week.

First-class Lawn Croquet set, 6 balls, heavy mallets, well painted and varnished, at THE LIBERAL Office, cheap.

Mr. N. Sliney has his steam thrasher and apparatus ready for business and expects to do a heavy season's work. Everything up to date.

"Strength and vigor come of good food, duly digested. 'Force,' a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates."

Arrangements have been made for home and home games between Richmond Hill and Aurora lacrosse teams, the first game to be played here some time next week.

Rev. Mr. Smith, the junior pastor, will preach in the Methodist church next Sunday morning and evening. The subject of discourse will be John the Baptist.

The Delineator is an up-to-date home journal, and should be in the hands of every person. It is 15 cents a copy, or \$1 a year. Mrs. J. Harris is agent for this village and vicinity.

The Government have recently put a large supply of parent black bass in Lake Wilcox. The fish were obtained in Lake Erie and are full size, some of them being 15 inches long.

Are our citizens who thought that the days of chivalry in Richmond Hill were past to be disappointed by a renewal of that backward custom? Those who take part or encourage by their presence such demonstrations often mean well, but in our opinion they lack judgment and good taste. And this applies to both sexes.

Mr. Abram Doner of Cannon Falls, Minnesota, who some fifty years ago lived in this vicinity, has been visiting at Mr. John Klinek's and other old acquaintances through Markham township. Mr. Doner has for the past few years been engaged in the oil fields. He intends visiting at Pennsylvania and Massachusetts on his return home. His many friends were glad to see him, as he was a general favorite amongst the people in his young days.

The Review of Reviews is unequalled among monthly periodicals in the freshness and range of the topics which it "covers" every thirty days. In the August number, for instance, we have a most interesting character sketch of the late Pope from the pen of that stalwart English Protestant, Mr. W. T. Stead, while the art of the eccentric James McNeill Whistler, who died suddenly on July 17, is represented by reproductions of several of his most characteristic works, with a biographical sketch by Mr. Ernest Knauff.

BRADFORD WON.

The championship for District 6, C. L. A., will this year go to the Bradford lacrosse club. Their match with Aurora-Richmond Hill last Saturday at Bradford was won by a score of 8 to 1, after a hard fought game. Mr. E. Pennock of Stouffville, refereed the match. Bradford has played every team in the District and has not lost a match during the season.

METHODIST CHURCH.

At the Quarterly Board meeting held in the School Room of the Methodist Church Monday evening, Messrs. J. A. E. Switzer and W. F. Nichols were appointed delegates for the circuit to attend the Financial District Meeting to be held in Toronto at an early date. The Board decided to hold a four days' revival meeting here during the month of September.

LANGSTAFF.

The funeral of the late Mrs. Allan Elson took place Wednesday afternoon to Thornhill Cemetery. The services were conducted by Rev. Mr. McKinley, pastor of Zion Methodist Church, of which deceased was a member, and Rev. Mr. Campbell of Richmond Hill. Mrs. Elson was a daughter of Daniel Barker, and is survived by her husband and one child, also two brothers and two sisters. The late Mrs. Elson was actively engaged in church and Sabbath School duties, and was ever ready to engage in any philanthropic work. A wide circle of friends and acquaintances will hear with regret of Mrs. Elson's death.

Tillson's rolled oats, and rolled wheat in bulk, and all the leading package breakfast foods in stock, Atkinson & Switzer.

GOING TO OTTAWA.

Mr. R. A. Farquharson, B. A., who has done good work as Principal of our High School for the past four years, has resigned his position and accepted the principalship of a Business College in the City of Ottawa. Mr. Farquharson has recently given strict attention to book-keeping, type-writing and other branches of Commercial work in the High School here, and this no doubt has led to his receiving the new position. His contract is for three years.

THE HORSE CAME BACK.

Saturday evening a well-dressed young man came to Michael Bros. livery stable and hired a horse and buggy, stating that he wanted to go to Dack's Hotel, Maple, and would be back about noon the next day. Mr. Michael found that he had not gone to Maple and naturally became anxious. He therefore informed the County Constables to be on the lookout, and went to considerable expense in trying to find the horse and rig. The driver returned with the rig Tuesday afternoon, and cheerfully paid all expenses. He acknowledged his carelessness and apparently had no bad intentions.

COUNTY OFFICIAL DEAD.

Mr. James Kavanagh, keeper of York County Industrial Home at Newmarket for the past eight years, died last Thursday at the General Hospital. Deceased was 73 years of age, and is survived by a widow and a grown-up family. For many years Mr. Kavanagh was an auctioneer at Queensville. The burial took place from the Industrial Home Saturday afternoon, when the York County Council was well represented, and many friends and acquaintances were present from surrounding sections.

Fruit jars in 1 gal., quart and pint sizes, jar rubbers, pure spices, best vinegars, in stock. We quote for best imported Malt vinegar, 55c. gal. Atkinson & Switzer.

BARN RAISING.

About 100 men of the surrounding neighborhoods assembled Tuesday at the homestead of the late Christopher Smith, lot 7, 3rd con. Whitechurch, now occupied by his son, Mr. Seth Smith, and raised a very fine barn. The captains were Mr. Geo. Petch and Mr. D. Wideman, and the contest was so close that there was a dispute as to which side won, the latter probably having a little of the advantage. The fathers of the captains filled similar positions on the same farm in raising a barn 40 years ago when the result of the contest was also a disputed question. It was observed that in choosing the men on Tuesday Mr. Petch selected large men, while his opponent favored those of smaller stature with bone and muscle. Mr. Casper Wideman, who was present on Tuesday, said he had assisted at the first barn raising on the farm 75 years ago as well as that of 40 years ago. The supper served on Tuesday was one of the best.

Binder Twine — We have binder twine of the best quality at right prices. Machine oil at less than Toronto prices. Naughton Bros., Elgin Mills.

DELINEATOR FOR SEPTEMBER.

The September Delineator is an attractive number and presents a charming and up-to-date display of Autumn fashions. Letters from the foreign fashion centres, and illustrations of the newest fabrics, latest millinery and novelties in trimmings and accessories are valuable contributions in this all important month in the realm of style. A special feature is a Collection of Rare Samplers, an illustrated article showing many precious bits of needlework that are included in a number of famous art collections. In the Flower Series, N. Hudson Moore charmingly recounts the story of the Lilac. A Mystery Luncheon by Miles Bradford, contains some excellent suggestions for the table along with a good story. Miss Clara E. Laughlin writes entertainingly of the Fourfold Love; and Mrs. Birney adds a paper on Childhood. The departments contain much information of practical value in the home.

From the time of issue of THE LIBERAL to-day, till our store closes on Friday evening, the 7th inst., we will give 24 lbs. extra granulated sugar for \$1.00. Atkinson & Switzer.

ENGINE SANK.

Hundreds of people were attracted to Oak Ridges the latter part of the week to see a 50 ton locomotive almost buried in the earth. On Thursday last while a gravel train on the Schomberg and Aurora railway was standing on a portion of the roadbed a short distance west of McGaffin's hotel the occurrence took place. A gang of workmen had just finished unloading some gravel cars at this place when it was observed that the roadway was rapidly sinking. The engineer and the fireman jumped from the engine which in a short time sank to a depth of 15 feet, only the top of the smokestack being above the level of the ground. The engine remained on the track, which sank under the heavy weight. Shortly after the strange occurrence Mr. J. W. Moyes, general manager, was on the spot, and at once instituted plans to raise the engine and tender. A power traction engine was installed the next day, trenches for carrying off the water were dug, and the work was pushed along almost day and night. The iron monster was finally raised from its humiliating position on Sunday. The place where the accident occurred is swampy, and no doubt the sinking was due to quick-sand.

RAN DOWN BY A BULL.

Mr. Wm. Palmer had a close call for his life on Saturday morning. He was crossing his father's field when he was attacked by their Shorthorn bull. He was thrown to the ground, and the savage animal commenced to crush him with his head. Fortunately the animal had been dehorned some time before, and he had a ring in his nose. After a struggle Mr. Palmer managed to get hold of the ring, and giving it a sharp jerk the bull left his victim and ran away. Mr. Palmer was removed to his home and a doctor sent for. It was found that he had two ribs broken, and was pretty badly bruised and scarred about the head and body. No serious effects are anticipated, and Mr. Palmer is receiving the congratulations of many friends for his plucky encounter with the bovine quadruped.

Straight Business.

There are two ways of keeping store. One is to cut up antics; the other to do legitimate business. Legitimate business we think is to buy and sell for cash, to save you every possible dollar, and do our level best every day in the week, and every month in the year. Uniform methods, no tricks—not a ghost of a trick with our consent and knowledge.

We question whether anywhere you can find as satisfactory stock of Dry Goods as here. That's the right adjective. The most reliable, the most varied, the most economical. We've been a long time learning the business—what to buy and what to let alone. There's no accumulation of anything here save experience. The teaching of the year and the goods of the season make as happy a combination as ever invited an intelligent trade.
