

## LOCALS.

"Strength and vigor come of good food, duly digested. Force, a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates."

Messrs. Winger Bros. of Vaughan Township have put a fine piece of granolythic walk leading from Yonge street to Mr. J. H. Brydon's residence. The work is a credit to the makers, and the cost is reasonable.

### VERY SPECIAL.

The regular return fare from this village to Bond Lake is 25 cents, any day of the week. The I. O. F. advertise by posters a special rate to-day, namely 30 cents. We might think that this rate was for our benefit alone, but, reading the bill, we see that the same privilege is extended to Aurora.

### BOYS, BEWARE.

A number of boys have been throwing stones at the windmill on the Palmer House property, and large stones have come over into Mr. Teffy's orchard and lawn. This dangerous practice should be stopped, as those living near might be seriously injured. We feel sure that boys will be cautious after this warning.

### A WISE EDITOR.

An editor who knows whereof he speaks is responsible for the following: "Town Killers are classified into bunches as follows: Those who are opposed to improvements; those who prefer a quiet town to one of push and business; those who deride public-spirited men; those who oppose every movement that does not originate with them; those merchants who do not advertise in the local paper, and go out of town for their printing."

### AT BOND LAKE TO-DAY.

The Independent Order of Foresters are holding a demonstration at Bond Lake Park to-day. A uniform corps with their trumpet band will accompany the excursion, together with the celebrated 45th Highlanders' Band of Toronto. Good prizes for games and races, tug-of-war, etc. Addresses by prominent members of the Order. In the evening a promenade concert will be held when the Kilties' Band will be assisted by several popular vocalists.

### THREE YEARS AND THREE BULLETS.

Thos. Hall, the individual who broke into Warner's and Scanlon's stores in Aurora a few weeks ago has been sent to Kingston Penitentiary for three years. This corresponds to the number of bullets he had fired into him. If the judge meant him to get a year for every bullet Hall should congratulate himself on the fact that the storekeeper and his wife stopped firing when they dia.

Write or call on them for particulars. 6-11

There were six applications for the position of principal of the High School Friday evening. After reading the applications and testimonials the application of Mr. R. Shaw, who has done good work here as assistant during the past couple of years, was accepted. A resolution was then passed instructing the Secretary to insert an advertisement in The Globe and the Mail and Empire on the following day for a male teacher as first assistant. The applicants are to be able to teach Classics or Moderns, and to assist in Commercial Work. Salary, \$600 per annum. The Board will meet Friday evening of this week to consider applications.

### CONSERVATIVE GATHERING.

The Conservative picnic on the Toronto Island yesterday, and the banquet in the evening, was a success both from point of numbers and enthusiasm. Among the speakers were Messrs. J. P. Whitney, Premier Roblin of Manitoba, R. R. Gamey, Col. Sam Hughes, Dr. Beattie Nesbitt and E. King Dodds.

### DIED OF PNEUMONIA.

Mrs. James Dolan died of pneumonia on Friday after an illness of little more than a week. Until Tuesday of the previous week she was as well as usual, but violent pains developed into pneumonia, and she sank rapidly. Deceased was highly respected as may be judged by the very large funeral on Sunday afternoon. She was kind in disposition, and industrious, and though she had done a lot of hard work she was never known to complain. She was a daughter of Mr. Robert Waites, and besides a father and other relatives she leaves a husband and an adopted son to mourn her loss. Funeral services were conducted at the home by Rev. Mr. Smith, junior Methodist pastor, of which church deceased had long been a consistent member.

All news is good news when seen in our advertisement. Atkinson & Switzer.

### CUT WITH GLASS.

Little Gladys Coles, the five year old daughter of Mr. F. Coles, of Toronto, who, with her mother has been visiting at the Dominion House, met with a painful accident yesterday morning. She was playing with her little friend, Irene McMahon, at the latter's home, when she ran against a front window. The pane gave way, and Gladys got a severe gash across the right wrist, besides a few slight cuts on the face. She was hurriedly taken to the doctor's office, and the wound dressed. It was found that one or two of the small arteries were cut, but the main artery was uninjured, though it barely escaped. She was placed under chloroform and stitches were inserted in the gash which was about an inch and a half in length. The little girl is doing nicely but she will carry her arm in a sling for some time to come.

### FREE ADVERTISING.

The external membranous envelope on the material organized substances of the Managers of the Metropolitan Railway must be as dense as that of a pachyderm, or they would wince from the thrusts they get from time to time from the county papers and others, on the manner in which the managers attend to their business. We wonder the papers do not grow weary of tendering advice to a company who seem devoid of appreciation of the many pointers given to them gratis. They should know by this time that it is like pouring water through a sieve. Last week's Aurora Banner had the following: "Last Monday was Toronto's Civic Holiday and in consequence there were a large number of visitors from the city in town. Special trains were run in this division of the Grand Trunk and special cars both on Saturday and Monday on the Metropolitan bringing the people out of the city. With the usual enterprise of the management of this road, one car was provided on Monday night to take the crowd back to the city that several cars had brought up. The result was hundreds of passengers both here and at Newmarket were left standing on the street corners until special cars could be telephoned for which did not arrive until long after 10 o'clock. The managers of the road do not appear to possess enough horse sense to know that the passengers they bring up will want to return."

We offer this week a 1 lb. tin of baking powder, regular 15c. quality, for 10c.; Rowat's mixed or mustard pickles at 10c. a bottle; and an excellent coffee, ground fresh for you, at 20c. lb. Atkinson & Switzer.
