**CHICKEN FATTENING.**

The Dominion Department of Agriculture carried on illustration chicken fattening work for three years at Renfrew, Ont. When the work commenced, Mr. John Frood, the operator of the station, was requested to interest the farmers about Renfrew in chicken fattening and to inform them of the high prices paid for fatted chickens in Montreal. Mr. Frood lent two farmers the fattening crates and showed them how to feed their chickens. These chickens were sold in Montreal at 11 cents per pound, plucked weight, and one of the farmers wrote the Department that he was well pleased with the price he obtained. This year the farmer erected a poultry house costing \$200, and is engaging in the business extensively. He speaks very favorably of the fattening work. He has chickens in the fattening crates and is shipping regularly to Montreal. It is learned that the second farmer and three others are also forwarding chickens to Montreal. One of them realized for his shipment 75 cents per chicken, another 65 cents per chicken. Three years ago these farmers' chickens, unfattened, could not have been sold for more than 50 cents per pair. It was then difficult to buy first-class chickens. A great number of Leghorns and scrub chickens were raised by the farmers. This year almost every farmer has a first-class flock of Barred Plymouth Rocks.

Since the chicken fattening business is established at Renfrew, and promises to develop into an important industry, the Department of Agriculture decided not to operate the station another year. The work will be transferred elsewhere. The Renfrew poultry business received a great impetus on account of the operation of the illustration fattening station, the farmers are pleased with the increased returns received from their fatted chickens, and are in a good way to realize a substantial poultry revenue. What has been accomplished in Renfrew can be repeated in other parts of Canada.

Residents of York township have recently been preparing for a vote on Local Option at the January elections, the Council having at its last meeting passed the first reading of the by-law. Councillor Syme, however, who supported the by-law, has within the past week changed his mind, and now says he will oppose the by-law. Mr. Syme gives several reasons for reversing his former attitude. He says he was deceived by the deputation that waited on the Council, that he will not be the tool of the Ontario Government whose duty it is to enforce the law, and at any rate, "who would not rather see a decent hotel than a whole lot of Shebeens in every hole and corner in the township? This is what would happen if this local option was put into effect."

Doubtless, many ratepayers will think that Councillor Syme should have known all this before he voted for the first reading of the by-law.

Rev. Dr. Chown should be more specific in making charges of corruption in the holding of elections. It is certainly his privilege as well as his duty, to expose political or municipal corruption wherever it is known to exist, but he should be careful not

to make statements that he is not prepared to substantiate. He recently stated publicly that he knew that in one constituency \$50,000 was expended corruptly, and in another an amount nearly as large was illegally spent. The Rev. gentleman even went so far as to say that members of the Woman's Christian Temperance Union paid money to win an aldermanic election in the province of Quebec. At a meeting of the W. C. T. U. held in Ottawa Dr. Chown was called upon to make good his statement.

The World of Tuesday points out that the Globe said the day before in referring to political corruption in both parties that "while the blame is partly with the politicians it is partly with the people." The World dismisses the Globe's opinion with a sneer as if it were all moonshine, and practically lays the blame of all political wrong doing on Hon. G. W. Ross and the Liberal party. If the World and other Conservative papers would throw their influence with the Globe a good deal might be done in the way of stamping out political crookedness. But little need be expected as long as political leaders and newspapers are willing to condemn only the corruption they see in their political opponents.

We have received No. 1, Vol. 1 a paper printed at Lyleton, Manitoba. The editor and publisher of the new paper is Mr. H. T. McPhillips, a former resident of this place. The new paper, The Lyleton Herald, promises to be a newsy sheet, and starts with a fair amount of advertising. The Herald makes no "rash promises," and politically will reserve the right to express its opinions in accordance with its own views on public questions, always putting country before party.

**Ayer's**

You can depend on Ayer's Hair Vigor to restore color to your gray hair, every time. Follow directions and it never fails to do this work. It stops

**TENDERS FOR SUPPLIES, 1904.**

The undersigned will receive tenders up to noon on Monday, 23rd inst., for supplies of butchers' meat, creamery butter, flour, oatmeal, potatoes, cordwood, etc., for the following institutions during the year 1904, viz.:

At the Asylums for the Insane in Toronto, London, Kingston, Hamilton, Mimico, Brockville, Cobourg and Orillia; the Central Prison and Mercer Reformatory, Toronto; the Reformatory for Boys, Penetanguishene; the Institution for Deaf and Dumb, Belleville, and the Blind at Brantford.

Exception—Tenders are not required for the supply of meat to the asylums in Toronto, London, Kingston, Hamilton and Brockville, nor for the Central Prison and Mercer Reformatory, Toronto.

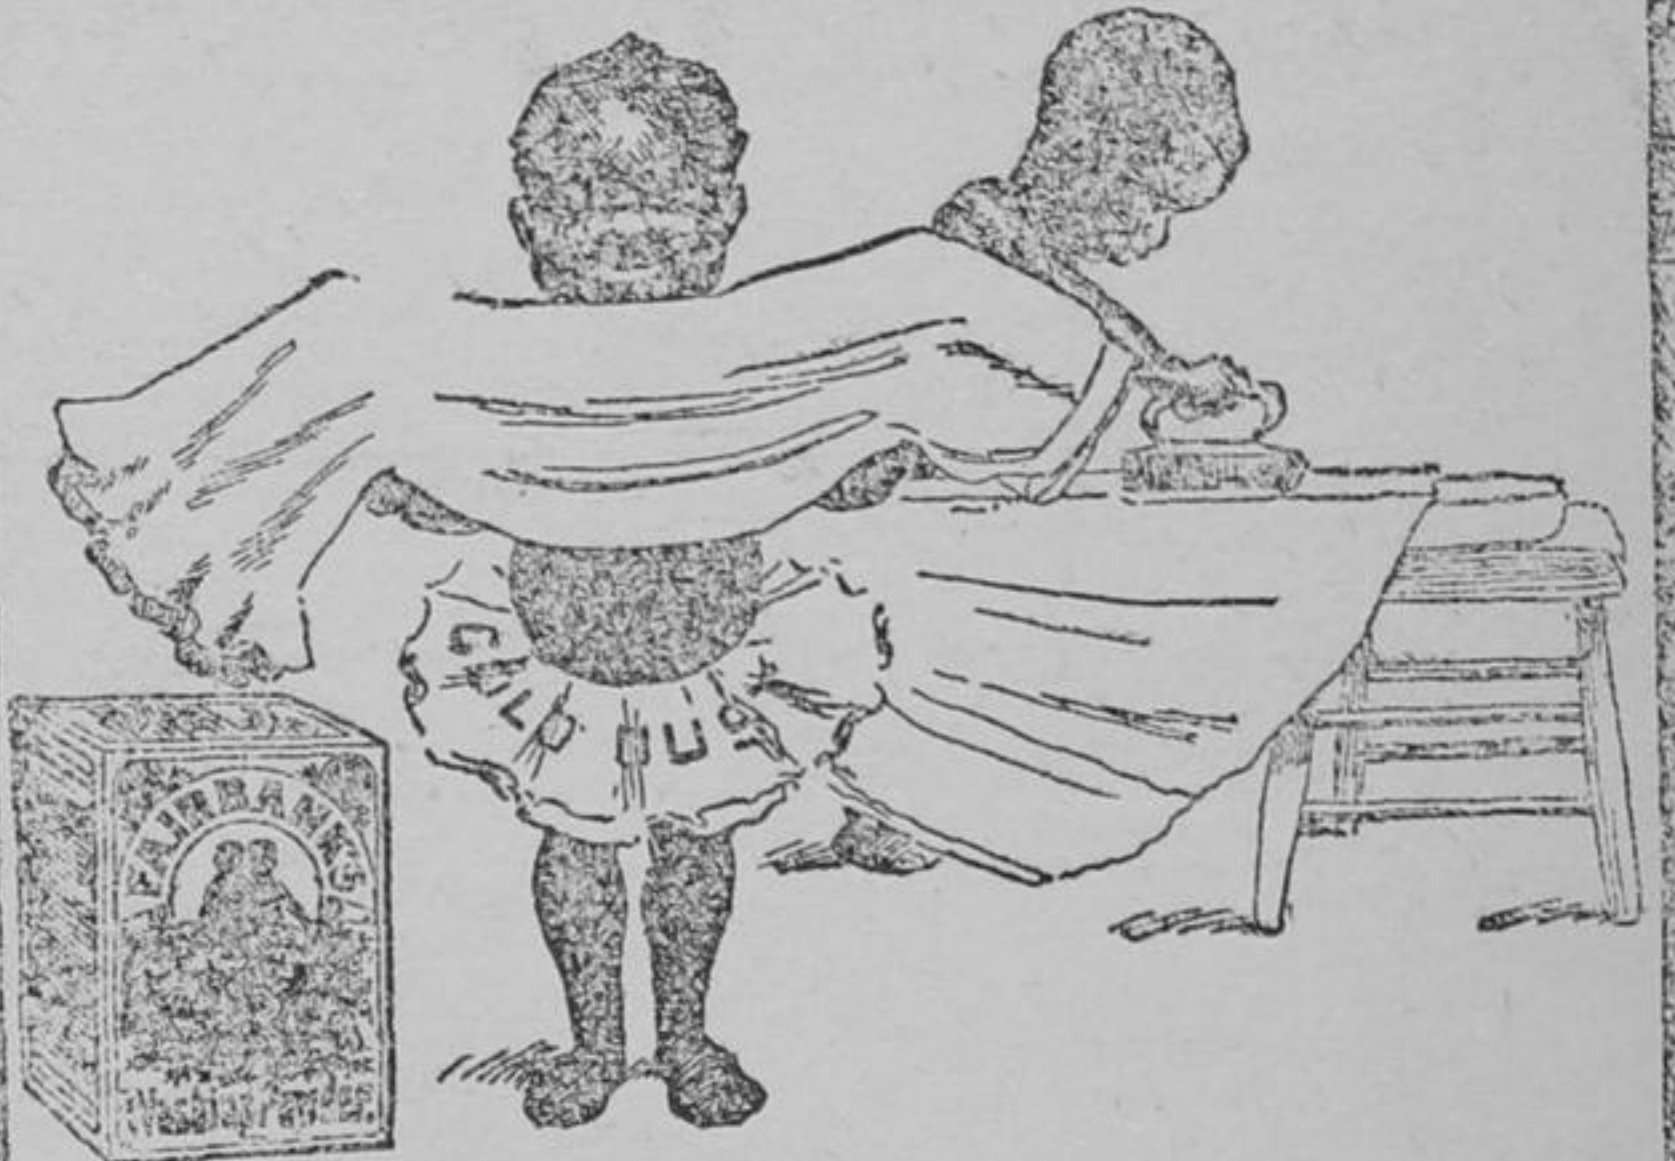

A marked cheque for five per cent. of the estimated amount of the contract, payable to the order of the Honorable the Provincial Secretary, must be furnished by each tenderer as a guarantee of his bona fides. Two sufficient sureties will be required for the due fulfillment of each contract, and should any tender be withdrawn before the contract is awarded, or should the tenderer fail to furnish such security, the amount of the deposit shall be forfeited.

Specifications and forms of tender may be had on application to the Department of the Provincial Secretary, Toronto, or the Bursars of the respective institutions.

The lowest or any tender not necessarily accepted. Newspapers inserting this advertisement without authority from the department will not be paid for it.

J. R. STRATTON, Provincial Secretary, Parliament Buildings, Toronto, Nov. 9, 1903.

**Eight Million Barrels of Coal Oil**

Less on hand than at this time a year ago is the report of the situation as given out by those who are supposed to know.

**Notwithstanding**

This immense shortage and consequent substantial advances in the cost of Coal Oil, we are able to quote oil per gallon in 5 gallon

lots as follows: Canadian, 20c.; Canadian Water White, 22c.; American Water White, 24c.; GOLDEN LIGHT, 26c.

Golden Light Oil, while costing the most money is like all good things—the most economical to use, because it goes farthest, having nearly 50 per cent. greater illuminating power and having the added great advantage of being entirely devoid of smoke or smell. We guarantee it will please you. IT IS SOLD ONLY BY—
