"WEAR SOCKS"

One of the County Councillors last week complained to Mr. Moyes about having cold feet in going to the city in a Metropolitan car, and asked what was to be done about it. Whereupon the genial manager proceeded to give the enquirer some philosophic advice, saying he should "wear socks." The councillor might have pursued his interrogations further, and inquired how many pairs he would need, but he apparently thought Mr. Moyes' answers were as cool as his cars.

OFFICERS ELECTED.

Richmond Hill Liberals met in the Temperance Hall Saturday evening and elected the following officers:— President, Andrew Newton; 1st Vice-President, T. H. Trench; 2nd Vice-President, W. T. Storey; Treas., D. Hill; Sec'y., G. A. McDonald; Executive Committee, S. M. Brown, J. H. Brydon, W. Innes, J. Pauline, Amos Wright, J. A. E. Switzer, W. A. Wright.

NEWMARKET TO JACKSON'S POINT.

The Metropolitan Electric Railway Company have practically arranged with all the property-owners interested for the extension of the line from Newmarket, the present terminus, to Jackson's Point. The cost of the right of way will be in the neighborhood of \$25,000. It is expected that when the extension is completed the run of 50 miles from the North Toronto crossing to Jackson's Point will be made in two hours.

DISBANDED.

The final meeting of the Richmond Hill Horse Breeders' Association was held at the Palmer House on Monday. The meeting was called for the purpose of paying any outstanding bills and to wind up the affairs of the Association. The surplus on hand was divided among the members, a vote of thanks was unanimously tendered President J. Slater, Manager and Treasurer J. Palmer, and Secretary Dr. McElroy, and Dr. McElroy was presented with a purse. The Association having sold their stallion, Young Macqueen, some time ago, disbanded.

FAVORS REFUSED.

In the County Council last week Councillor Rogers drew Mr. Moyes' attention to the fact that the many complimentary remarks recorded in the press about the way the railway was managed should not be put down as "gossip." Mr. Moyes interrupted, saying that "people who write those things are those who have been refused favors by the company." Had THE LIBERAL ever indulged in "complimentary remarks" about the management we would be inclined to refute the imputation of seeking for favors, but no doubt it was the other papers that Mr. Moyes meant.

LEG FRACTURED.

Master Howard Wiley, youngest son of Mr. W. E. Wiley, suffered a painful accident during the noon hour on Monday. Seven boys were coasting down the sidewalk on Lorne Ave. hill, when Howard's foot came in contact with a tree, and both bones in the lower part of the right leg were fractured just above the ankle. He was taken home where the Dr. at once set the limb. Howard proved himself a good soldier and declined to take anything of the nature of chloroform. He is doing nicely, but suffered a good deal, and will likely be kept in the house the balance of 1903.

Fine cleaned currants, 4 lbs. for 25c.; fine selected valencia raisins, 3 lbs. for 25c.; fine lemon and orange peel 12c. lb.; fine natural figs, 5c. lb. Atkinson & Switzer.

CLIMBING UP.

We are pleased to observe by the Rat Portage Miner that Mr. Forhan, Principal of the Model School in Rat Portage, a former Principal in the Public School here, is meeting with success in his new field of labor. The town paper in reporting the minutes of board meeting contained the following:—"Our Model School, owing to its lateness of establishment, has not as large an attendance as it might otherwise have had, but under the management of Mr. Forhan has been very successful, and we would recommend that the sum of \$50 be paid to Mr. Forhan as a small appreciation of his care and trouble in connection with said school. We would also recommend that his salary be increased \$100, commencing 1st of January, 1904."

HE SHOULD BE PUNISHED.

The citizens of Richmond Hill slept peacefully Monday night as usual, and were surprised to read in The Globe and other morning papers at 7 a. m. Tuesday, that "great excitement" prevailed here owing to a "highway robbery" having been committed, the victim being Charles A. Winter, who worked during the past summer with Mr. Robert Tyndall of this place. The story told by Winter is that after leaving Mr. Tyndall's place about a week ago he went to Whitby and married the daughter of a railway section boss. He then came to Toronto, and at 6 o'clock in the evening started to walk to Richmond Hill, having \$48 in his pockets. About York Mills he was grabbed by two men and relieved of all his money, etc. Winter reported the above to the Toronto detectives. The yarn in the papers conveyed no person in Richmond Hill. The next day he admitted to the detectives that the reported robbery was a myth, pure and simple. He had concocted the story hoping that he would stand in with his young wife and his mother-in-law if he made them believe he was a man of means.

OIL PRICES AGAIN ADVANCED.

Housekeepers will be surprised to know that there was another sharp advance in the price of coal oil yesterday. The price of Canadian water white was advanced from 22 cents to 27 cents per gallon, while the American brand rose five cents a gallon higher, making the present prices 27c. and 32c. per gallon respectively. This comes on top of two cents a gallon, which occurred several weeks ago. The wholesalers explain that the increase in prices is occasioned by the steady rise in value of petroleum oils and their bye-products.—Toronto News, Nov. 24.

REV. DR. PERCIVAL KILLED.

The distressing news reached friends here on Saturday that Rev. W. W. Percival, a former pastor in the Presbyterian churches at Richmond Hill and Thornhill, had been run over and instantly killed by a work train on the Southern Pacific Railway, on Monday morning, Nov. 16. The sad accident occurred only two blocks from their home in Corning, Tehama County, California, where the Dr. and Mrs. Percival had lived during the past two years. He was driving two horses attached to a light wagon, and apparently had misjudged the speed of the engine and car when he endeavored to cross the track in front of them. The engine caught the wagon and the Dr. was thrown about 100 feet before he struck the embankment. He had ceased to breathe before spectators reached him in two or three minutes after the accident occurred, and it was thought that death was instantaneous. One of the horses was injured so much that it had to be shot, the other escaped unhurt. Deceased was 62 years of age. He is survived by a widow, a daughter and two sons, who have the sincere sympathy of many friends in this section of country.
