RICHMOND HILL, February 25, 1904

The speech on the floor of Parliament the other day by Hon. E. J. Davis, Commissioner of Crown Lands, must have convinced those who heard his words that the forest lands of this province will be a source of great wealth for many years to come. The minister pointed out that there are ten billion feet of white parture for the South on Saturday. pine standing on the Crown Lands which would yield the province \$75,-000,000 in bonuses and \$20,000,000 in dues. The Director of the Bureau | the parental roof at Mount Joy. of Forestry added that he expected to live to see the annual growth of Ontario forests yield \$30,000,000. It is to be hoped this immense wealth will be in the hands of honest, capable and progressive men for many long years.

After many denials by Conservative journals, there is now no doubt concerning Mr. F. D. Monk's resignation as leader of the Conservative party in the province of Quebec. His resignation to Mr. Borden, leader of the Dominion opposition, appeared in Saturday's dailies, though it is dated January 17. The resignation was evidently held until after the eight bye-elections were over,

Mr. Monk, in his letter to Mr. Borden says that "there are in our party here certain elements which Patterson, and a few of their friends clearly are not in sympathy with me but which are hostile to me." It is generally thought that Mr. Tarte is aspiring to the leadership of the Conservative party in Quebec.

The Public Library Board have taken advantage of a recent departmental regulation to reduce the running expenses of the Public Library and Reading Room. At a meeting | Monday Feb 29-Farm stock and implements Monday evening it was decided that in future the rooms be open only twice a week-Tuesday and Saturday evenings-instead of three evenings a week as formerly. Heretofore the time has been from 7.30 to 9.30, and this has been changed from 7 to 9 o'clock. Two evenings a week should be often enough to exchange library books and we trust that our citizens generally will approve of the above changes,

Mr. A. P. McLean will spend a few days in Toronto this week on business. Mrs. Wm. Marsh and two daughters were visiting in Toronto last week. We are glad to hear that they are convalescent and enjoying life in the city, where fuel is in abundance and furnaces galore. The sad experience of last winter in Toronto has been the means of impressing on their dealers the necessity of laying up an extra stock of fuel in order to supply the wants of the thousands needing it. Saturday Night of last week gave a sad picture of two persons sitting at a coal stove wishing for spring, the numerous coal, plumbers' and gas bills lying around on the floor. "The poor you have always with you."

The state of

Wise Economy

ONE of the most striking instances of wise economy in the well regulated household is the possession of a good practical WASHING MACHINE.

需需需需需需需

CONSIDER the very great SAVING OF TIME it makes, enabling the washing to be done in about one-third of the time required by the old method.

JUST LOOK at the immense SAVING LABOR, to say nothing of wear and tear on clothing.

WE PROMISE YOU that if you buy one of our WASHING MACHINES, the only regret you'll make is, that you did not buy one sooner.

COME and see the reasonable prices we have for you.
