AND HE TELLS WHAT DODD'S KIDNEY PILLS DO FOR HIM.

He Knows Others Too Who Have Been Troubled with Kidney Com-To-day.

Birdell, Ont.-Mar. 7.-(Special)-Postmuster Henry Bird of this place is one of those grand old men who carried Britain's flag to victory over the walls of Sebastopol. many interesting tales of those terrible days and also how he escapes the pains and aches brought on by so many days and nights of hardships and exposure.

"I have been troubled for years," he says, "with Kidney Trouble brought on by lying in the trenches in front of Sebastopol where thousands of my brothers in arms lost their lives. But every time I feel my trouble coming on I use Dodd's Kidney Pills. I have found them do me good each and every time.

"I never took more than one or two boxes at a time and so never gave them a chance to make a complete cure in my case. But when I feel my trouble coming back I shall surely use Dodd's Kidney Pills again. For I know Dodd's Kidney Pills can do even more than is claimad for them. I know some of my neighbors who have used them for the same trouble as myself and who are well people to-day."

A well-known County judge tells a story about the cross-examination of a bad-tempered woman in his court. She was an Amazonian person. Her husband, obviously the weaker vessel, sat sheepishly listening. The opposing counsel pressed a certain question rather urgently and she said, angrily, "You needn't think to catch me. You tried that pnce before." The barrister said: "Madam, I have not the slightest desire to catch you; and your husband looks as if he were sorry he did."

Yarmouth, N . S. Gentlemen,-In January last, Francis Leclair, one of the men employed by me, working in the lumber woods, had a tree fall on him, crushing him fearfully. He was, when found placed on a sled and taken home, where grave fears were entertained for his recovery, his hips being badly bruised and his body turned black from his ribs to his feet. We used MINARD'S LINIMENT on him freely to deaden the pain, and with the use of three bottles he was completely cured and able to return to his work.

Precious Jewels Are Becoming Dearer.

The turquoise gems, the finest examples of which are produced from the mines of Nishapoor, are, probably from some change in the fashion of the west, becoming dearer in price and, in Teheran and neighborhood, more difficult to find. Choice, taste and fashion largely determine the preference of one shade to another, but the tapis lazuli, or the cloudless sapphire of its native skies, is the highest quality of the turquoise.

The pearls of the Persian Gulf, which have formed for a long time past an important branch of the export trade, have likewise, within the last few years, risen greatly in price. Mr. Tyler says he does not think that this means that the supply has seriously diminished, but rather that the demand has increased out of proportion.
