Science of Feeding

In the manufacturing of Herbageum nature's lines are closely followed, and Herbageum, when added to dry winter feed, assures perfect assimilation, and makes that feed equal to good June pasture. This makes a truly balanced ration, and this is true science in feeding, and it is science that will stand the dollar and cents test, which is the true test from the standpoint of the man who is feeding for profit rather than amusement.

Feed Herbageum and Note Results.
