FONTHILL NURSERIES,
OVER 800 ACRES,
TORONTO, - ONTARIO.
January 28 4m

Congratulatory.

Best wishes, friend Teefy, P. M., of the "Hill,"
You surely, of all men, are "filling the bill."
While changes are happening all over the land
You are doing business still at the same old stand.

Kind Providence still, has extended your days
And given you much reason, His mercies to praise.
You are healthy and strong, you are cheerful and hale,
And can make things "stand round" when you sort up the mail.

How many have passed through your post-office door
Whose faces are seen, in our village, no more,
Once bustling and active, now peaceful and still
They sleep in the graveyard, just back of the hill.

And some they have scattered o'er land and o'er sea
Some are "spreading out wide" in the "Land of the Free?"
But you handle the letters, each wand'ring sends
Bringing gladness or grief, to their "Richmond Hill" friends.

What missives you've handled, in fifty-four years,
Some laden with joy, and some spotted with tears;
Some letters with money that made the folks glad
Some letters with duns, making other folks mad.

Tons of newspapers, each with its story
Told from the standpoint, of Grit, or of Tory
Passed through your hands, to instruct or surprise
Their readers, or stuff them with plausible lies.

Postmaster, Justice of Peace, Village Clerk,
None too much pay, but heaps of hard work,
Faithful to duty, though over four-score
We hope God will spare you for many years more.

Is the wish of
Yours truly,
F. ELLIOTT.
Maple

Rev. C. Wilson, pastor of the Christian Church, Newmarket, preached in the Methodist church Sunday evening. There is an outbreak of diphtheria at Hope, three cases having developed. The monthly sale of horses and cattle last Wednesday was well attended, and quite a number of animals changed hands.

Miss Winch of Headford, is visiting at the parsonage.
The trustees of Purpleville have engaged Mr. T. McCormack to teach their school until mid-summer.
A number from here attended the Masonic supper at Richmond Hill, last Friday evening.
The monthly meeting of the Women's Auxiliary was held on Wednesday of last week, at the home of Mrs. T. H. Keys.

Mount Pleasant

Several flocks of wild geese have been seen returning from the north. One flock of them took up their abode for several days in a field owned by Mr. R. Hooten of Cavan. Finding the lakes in the north closed with ice, like Noah's dove they were forced to return south again, as no resting place on the water could be found by them.

Sunday, the 17th inst., being a fine day, and the roads being in a fairly good condition, there was a large number at the Methodist church to hear a discourse by their pastor, who founded his text on the prophecy of Micah, chapter 6, vs. 8. No better text could have been chosen. It is full of information necessary for the human race to know. It is free from all dogmas and creeds and so simple that any of Adam's race can fully understand what the Lord requires of them.

Rev. Mr. Whitelaw's sermon was full of thought and instruction. His subject was "Diversity," and "Unity." The feeling that now exists in favor of the union of all Protestant churches was likely the reason for the preacher's discourse. His sermons prove that he spends time in their preparation. We hope the time is near at hand when a union of all Protestant churches will take place.

Our cheese and butter factory will be in operation in a few days, under a new and efficient cheesemaker. Let a good feeling exist among the patrons and let us endeavour to patronize home industry. It may not be possible to satisfy all with the mode of doing business, but let our motto be "United we stand, divided we fall." Perfection is not to be found in the

Money Makes Money.

Money makes money when well invested. Money is well invested when used in purchasing securities of unquestioned merit at less than their intrinsic worth.

Circumstances create opportunities. One man's necessity is often the other man's opportunity. As investment specialists we have placed before men anxious to make money, many golden opportunities for so doing.

Many availed themselves of such money making opportunities and are to-day satisfied with the results. How is it with you? Are you making money? Is the money you have made making money for you?

You worked hard for your money, now make your money work for you. Three per cent. is all right for the man with a hundred thousand dollars, but of little account to the hard working man with an honest ambition to forge ahead and materially better his financial condition.

A three per cent. dollar is pretty much like a lazy man. You have to have a lot of them to make a showing, and individually they are scarcely worth their salt. Don't employ a lazy man to do your work, and don't keep a lot of lazy dollars loitering away their time at three or five per cent when they can be employed in safe and profitable work, bringing you in from ten to thirty-four per cent. They can do it. We know where some of your dollars may secure some very profitable employment.

Call at our office and let us talk the matter over. You will find us in the Spectator Bldg., Hamilton, and we invite you to write to us, or call upon us. We make appointments for evenings to suit those who cannot call in the day time.

YOUR OPPORTUNITY IS NOW.
INVESTMENT EXCHANGE CO.

Spectator Bldg. Hamilton, Canada

STOPPED BY POLICE.
There was a sensation in North Toronto Monday morning when the Metropolitan Railway Company started to lay tracks across the sidewalk on the west side of Yonge st., north of the C. P. R. tracks, to enter the lot purchased from the C. P. R. as a site for their terminus. The police thought there was another raid being made upon municipal rights, and stayed the operations. The Mayor was informed of the action of the police, and asked for instructions. City Engineer Fellows was authorized to proceed to the scene of operations, when he found that the company were carrying out the instructions of the courts to remove their terminus to another site.

DAIRY FARMERS
Can increase their profits by feeding Cotton Seed Meal and Molasses Stock Food. Call or write for names of farmers who are using these foods. H. L. Breen, 41 Cottingham Street, Toronto.

BAD BLOOD
Reveals itself in many ways. Sometimes the impurities in the blood mar the skin with blotches, pimples, boils or other eruptions. Sometimes the result of bad blood is rheumatism or a debilitated condition which is popularly described as "feeling played out, hardly able to drag myself around."

The impurities and poisons which corrupt the blood, clog the liver and cloud the skin are removed by the use of Doctor Pierce's Golden Medical Discovery. It does more than eliminate the poisons; it increases the activity of the blood-making glands so that there is an increased supply of pure, body-building blood. It brightens the eyes, cleanses the skin, and gives new, physical energy.

Accept no substitute for Dr. Pierce's Golden Medical Discovery.
"I thank God for the good your medicines have done me," writes Mr. James M. Sizemore, of Mitchell, Lawrence Co., Ind., Box 501. "I was not well for two years. My throat was always sore, head ached, and back ached nearly all the time. My weight was 155 pounds. I was taken sick with typhoid fever, and when the fever left me I had such a pain in my left side I could not breathe without pain. I thought I must die. My wife went to the drug store and procured a bottle of Dr. Pierce's Golden Medical Discovery and a vial of his 'Pleasant Pellets.' I discontinued the use of my doctor's medicine and began with the 'Golden Medical Discovery' and 'Pellets.' I at once began to feel better; the pain soon left my side and I could breathe with ease. In a week or so I felt so good I could not stay in the room. I began to walk about the streets; I felt better each morning. After a month's use of the medicine I was well. That was over a year ago. Now I weigh 184 pounds and feel better than ever in my life."

Dr. Pierce's Pleasant Pellets cure constipation.

What Women Should Know.
That the cause of a great deal of suffering, usually supposed to be on account of female disorders, is overcome by ANTI-PILL, the discovery of Dr. J. S. Leonard.

A great amount of women's ailments are caused by the food that is taken being turned (through improper digestion) into poison instead of nutrition. This poison carried by the blood throughout the system makes weak women—women who are hardly ever well—nerves in dreadful condition—limbs ache, back aches, head aches—billious, constipated. ANTI-PILL, the Great System Treatment, will correct these troubles—it starts its work by making a well stomach—it insures strength to weak women—it is harmless at any stage or condition of a woman's life, and there is no time ANTI-PILL cannot be used with safety. Any woman who cares to may use a bottle of ANTI-PILL free from any expense. If satisfactory results do not follow its use, mail us a wrapper with name of druggist from whom purchased and get your money back by return mail. Wilson-Fyle Co., Niagara Falls, Ont. A month's treatment for 50 cents.

We sell out bran at \$7 ton; corn bran at 95c; in bulk; feed corn \$17 per ton; add Molasses Stock Food, and you have an excellent food for brood sow, or growing hogs. For sale by H. L. Breen, 41 Cottingham St., Toronto.
