The Liberal.

RICHMOND HILL, May 5, 1904

The last fight of the hotelmen of Toronto Junction against the closing of the hotels there, will be made next Monday at Osgoode Hall, when the adjourned motion to quash the by-law closing the hotels will be argued. Mr. Charles A. Kelly, proprietor of the Occidental Hotel, is the applicant, and asks to quash the by-law, on the ground that the by-law did not pass its second reading as required by the by-law regulating the proceedings of the Toronto Junction Council.

About 10,000 people congregated in Toronto Junction on Saturday to "celebrate" the closing of the bars in that town. The rough element from Toronto was much in evidence, and much fighting and disorderly conduct was the result. Hundreds of drinking glasses were taken from the different hotels by those in search of "souvenirs," and with the assistance of the policemen and constables the hotel keepers were glad to close their houses before their regular hours. Several arrests were made and two men were sent to Central Prison for six months.

Toronto acted wisely on Saturday in defeating ex-Controller Richardson by an overwhelming majority. Ex-Mayor John Shaw carried the day by a vote of 7,498 to 2,506. Even if Mr. Richardson was not a party to the wrongs committed in the recent municipal election it was safer to defeat him, as it was made clear in the investigation that he was the recipient of many fraudulent votes. Besides, no man deserves to be elected to a municipal office who endeavors to bring politics to his aid. Mr. Richardson went out of his way to declare that he was an out and out supporter of Mr. Whitney, thereby hoping to draw the Conservative vote to his side. The Conservatives did right in "assisting in turning him down."

In the death of James Massie, which took place on Sunday, Toronto loses one of her most honorable, upright and respected citizens. Death came to deceased after an illness of less than two days. Mr. Massie was registrar of East and West York and was connected with many charitable, benevolent and religious institutions. He was formerly warden of the Central Prison, Mayor of the City of Guelph, and had served in the Legislature as a member of the riding of South Wellington. Though a man of great physical strength and large proportions he was gentle as a child, and those who have done business with him, either private or public, will not forget his gentlemanly bearing and kindly manner. Deceased was 71 years of age, and leaves a widow and four children.

Stock Note.

Mr. John Palmer, whose Clydesdale stallion, Laurentian, died last week, has bought a half interest from Mr. Mr. George Gormley, in that superior imported Clydesdale stallion, Fullerton (9010) (2370). Mr. Gormley, of "Bundennet" Stock Farm, Unionville, only recently purchased the horse, but since his arrival he has been examined by a large number of horsemen and leading farmers in the locality, and so well has he filled the public eye that many men with imported wares and others have promised their patronage. His home stand will be at the Palmer House, and his route will be given next week. The following description of this noted horse appeared in last week's *Markham Economist*:—"Fullerton was bred by Finlay Bell, Monkton, Ayrshire, Scotland, is a beautiful dapple brown, ratch on face, hind fetlocks white and is a model of propor-

tion and symmetry, and of the best breed in Scotland. His legs and feet are perfect. He is full brother to Cawdor Cup (10045), who was winner of the Glasgow Premium and cost £1200 at one-year-old. His sire Prince of Kyle is one of the most successful stallions of the present day, and in 1893 won the Cawdor cup and was stud horse at Kilmarnock at the handsome sum of £10 at time of service and £10 in foal. Prince of Kyle sold for £10,000 as a two-year-old. Prince of Albion, Prince of Kyle's brother was sold for \$15,000 when two years old. Grandsire, the celebrated Merrytown Prince of Wales (673). Fullerton's dam Lily Buchanan (11995) by Go Ahead (5052); 2nd dam Lily of Letten (1098) by Prince Kepadownie (657); 3rd dam by Justice (42). The sire of the dam of Fullerton, Go Ahead was bred by Mr. Murdoch, Hallsides, and imported to America by Galbraith Bros., at a high figure. He was afterwards taken back to Scotland on account of his grand breeding. Grand sire St. Lawrence (3220); gr. g. sire the renowned Merrytown Prince of Wales. It will be seen by the above that Fullerton is an in-bred Prince of Wales, which horse sold for public auction when 18 years old for 900 guineas and died when 2½ years old.

Stallion Register

LAND OF ARGO—Imp. Clydesdale, the property of J. C. Steele, will be at Richmond Hill, Maple, Oak Ridges, Victoria Square, Thornhill etc. Terms \$14.

HERBAGEUM.

Its use increases the quantity and improves the quality of the milk and cream separates better; there is also more butter.

Calves getting it mature earlier and are larger and better in flesh. One 4 lb. package will make 2500 lbs. of skim milk equal to new for calves. When fed to cattle fattening, the animals are not only improved in appearance but they fatten in shorter time. It makes six months' feeding equal to eight.

It has no equal for working horses, or for horses that are run down or out of condition.

Careful men recommend it.

MEN'S DISEASES

There is seldom a day that we are not consulted in regard to a condition that, if we were to have seen it in its early stages, the sufferer would have been relieved, cured and saved considerable expense. This we consider is due to lack of knowledge on the part of the doctor who has previously treated the case; therefore, we say to you, if you are suffering from any disease or condition peculiar to men, or if you have been a victim and been disappointed in not getting a permanent cure elsewhere, we would ask that you come to our office for personal examination or write us for a Question Blank for Home Treatment. We will explain to you OUR SYSTEM OF TREATMENT, which we have originated and developed after our whole life's experience in the treatment of special diseases of men. We will give you, FREE OF CHARGE, an honest and scientific opinion of your case. If we find you are incurable we will honestly tell you so. If we find your case curable we will give you a written guarantee to cure you or refund you your money.

— YOU CAN PAY WHEN CURED —

We cure NERVOUS DEBILITY, VARICOCELE, STRICTURES, BLOOD and SKIN diseases, PROSTATIC troubles, BLADDER, KIDNEY and URINARY diseases.

Question List Sent Free for Home Treatment. CONSULTATION FREE.
