There is big profit in raising poultry if you go about it in the right way. Half-measures mean only half-profits. You can do this only when you use a Chatham Incubator and we sell it on the most liberal terms ever offered by any manufacturer.

**Cushion
Frame
AND
Coaster
Brake**

This season's bicycle is an improved vehicle for out-of-dooriness. The Cushion Frame removes the last trace of jolting that used to worry the rider in going over rough places. The Coaster Brake appliance is brought into play by a slight pressure of the foot upon the pedal. It converts the bicycle into a readily controlled wheeled toboggan for coasting down hill.

Cleveland Bicycles

Are equipped with the two improvements that have made bicycling famously popular. Although the "Made in Canada" wheel is lighter than the English wheel, it is quite as strongly built. It does not carry the encumbrances of the American wheel. Don't purchase a wheel without a Cushion Frame and Coaster Brake. You miss the good parts of wheeling.

Now is the time to see that your Harness and Collars are in shape for spring work.
