RICHMOND HILL, May 26, 1904

Oak Ridges

The work of repairing the old Metropolitan power house at Eglinton has lately been completed, and current from it is being supplied to the Toronto Street Railway while the new machinery is being installed and repairs made to their large plant.

Mr. J. S. McKechnie of this place, and until lately chief engineer at the Bond Lake power plant, superintended the work.

Among the things in Mr. McKechnie's possession upon which he places the greatest store is a complete set of small instruments, presented to him from the hands of Mr. Thomas A. Edison himself, the world-renowned inventor, when Mr. McKechnie severed his connection with the Chicago, Edison Co. at Chicago.

Maple

During the past week two of our oldest residents passed away. On Wednesday of last week Mr. J. C. McQuarrie died in his 81st year, and on Sunday Mr. M. Robinson passed away in his 88th year. The funeral of the former took place on Friday last and the service was conducted by Rev. A. Bedford, of Toronto. The remains of Mr. Robinson were interred on Tuesday afternoon.

Mr. Oliver Shunk who had such a long serious illness in Toronto, was able to come home last Saturday evening. He is improving in health but is very weak yet.

Rev. P. Currie of Brantford, who was visiting his friend Mr. W. Thornburn, preached in the Methodist church on Sunday morning.

The public school was closed on Friday to give the teachers an opportunity of attending the convention at Aurora.

Quite a large number of visitors spent the holiday with friends in the village.

Cashel

A very pleasant event took place at the home of Mr. and Mrs. Geo. Love, sixth concession of Markham, on Tuesday, May 10. Mrs. George Brown who is for the present residing with her daughter, Mrs. Love, has spent ninety years on the journey of life, and her children, grand children and friends from Toronto and vicinity met to celebrate the occasion. Mrs. Brown though not enjoying robust health retains all her faculties, and enjoyed the occasion very much. After a pleasant time was spent meeting old friends and acquaintances, the guests sat down to a sumptuous repast. As the time for parting drew near the guests assembled and sang heartily some of Mrs. Brown's favorite hymns. The inevitable partings which have so much of sadness followed and friends all joined in wishing Mrs. Brown many happy returns of the day.

Grandma Brown, as she is generally called, has been a resident of Markham for seventy years, and for a time a resident of Richmond Hill. Her grand children and great grand children love to hear her tell bear stories and Indian scares which was no uncommon thing in those days when Markham was almost all bush.

Mount Pleasant

We regret to hear of the death of one of our old residents, Mr. J. D. Garnett who with a number of other pioneers have long since passed away were the organizers of the first Sabbath school here. It was called the Mount Pleasant Union Sabbath School. Some of the men of that day were bitterly opposed to union of either Sabbath schools or churches. We are glad that we are now living in an age that men are enlightened, and not bound in fetters by creeds and dogmas. We can see the errors of the past and those that still exist in church and state, but we find progress is made now in searching after truth, for we are led to enquire "what is truth" and those who seek for it will find it. We may well join with Newman in that beautiful hymn which he composed "Lead kindly light through the encircling gloom, lead thou me on."

Rev. Dr. Torrance of Peterboro, exchanged pulpits with our pastor and told us that the Rev. Mr. Whitlaw had obtained leave of absence from the Peterboro Presbytery for 6 months subject to three congregations. No motion was made against him going away for six months. The fact of the matter is that the work is an unreasonable one to ask any man to perform. Travelling in winter over hills and through fields on unbroken roads is no easy task. Then after his night service to travel from Mount Pleasant to Onemee five miles is enough to discourage any reasonable man. It is work for a giant.

We expect under new management of our cheese factory to please the patrons who are delighted with the rise in prices.

Farmers are nearly through seeding. Fall wheat and meadows look well, and although the past winter has been long and very severe, cattle are looking very well.

We cannot say anything definite

about the fruit crop until later on in the season.

Cannon boomed and flags were flying in honor of our late beloved queen, on Victoria Day.

LITERARY NOTE.

One of the most absorbingly interesting true stories that has appeared in print for some time is published in June "Success." It is entitled "The Wreck of the Edna," and is from the pen of T. Jenkins Hains, the well-known writer of sea stories, who in this instance vividly describes the exciting experiences recently undergone by him and Mrs. Hains, and two sailors, and a little stray dog, who, while bound for southern waters in a small boat, encountered a terrific hurricane off the coast of Cape Hatteras. The tragic fate of one of the crew, the final rescue of the remaining members of the little band, when almost succumbing to the gnawings of hunger, are touchingly told by Mr. Hains.

AURORA BELLE FLOUR

There is none made anywhere that is superior to it in any respect.

It makes the finest, flakiest, whitest bread, the lightest biscuits, the most brittle and appetizing pie-crust, the most superb cake.

Try it and you will be convinced.
