PROMOTED.

The following announcement was made on the 9th of June by the Postmaster at Winnipeg: "The employees of the Winnipeg Post Office are hereby notified that the position of Office Superintendent has, by direction, been assigned to Mr. F. G. Rumble, under the Postmaster and Assistant Postmaster, his duties to begin forthwith." The new superintendent is a son of Mr. Robert Rumble of Maple, and formerly one of our High School boys.

CLOSED MONDAY EVENING.

Prof. Brace, manager of the Medicine Company, who entertained his hearers for six evenings in succession (Sunday excepted) closed his series of talks Monday evening. The Professor disposed of a lot of medicine and electric belts. In fact it is surprising that so many of our citizens seem not to know that they are sick and in need of medicine until some stranger comes along and apprises them of the lamentable fact. The Professor offered a gold watch to be presented to "the most popular young lady" in the town, to be decided by the votes of those who purchased medicine. Excitement ran high Monday night, and the crowd in the Park was well up in the hundreds. When the votes were counted it was found that Miss Mabel Smith had the highest number. The watch was therefore presented to her, amid the applause of her friends and admirers.

Just to hand, the latest natty things in gent's ties. We can save you money on nice things. Atkinson & Switzer.

NETTING DESTROYED.

Sometime during Monday night two scanting posts and a lot of the netting at the tennis courts in the park were either accidentally or maliciously broken down. As marks of a horse's hoofs were seen there next morning it is possible that the damage was not done with any malicious intent. The park is no place for horses, however, and the owners of such animals running at large should be held responsible.

What Women Should Know.

That the cause of a great deal of suffering, usually supposed to be on account of female disorders, is overcome by ANTI-PILL, the discovery of Dr. J. S. Leonhardt. A great amount of women's ailments are caused by the food that is taken being turned (through improper digestion) into poison instead of nutrition. This poison carried by the blood throughout the system, makes weak women—women who are hardly ever well—nerves in dreadful condition—limbs ache, back aches, head aches—bilious, constipated. ANTI-PILL, the Great System Treatment, will correct these troubles—it starts its work by making a well stomach—it insures strength to weak women—it is harmless at any stage or condition of a woman's life, and there is no time ANTI-PILL cannot be used with safety. Any woman who cares to may use a bottle of ANTI-PILL free from any expense. If satisfactory results do not follow its use, mail us wrapper with name of druggist from whom purchased and get your money back by return mail. Wilson Fyle Co., Niagara Falls, Ont. A month's treatment for 50 cents.
